NINETY-NINTH ANNUAL REPORT *of* THE BOARD OF EDUCATION OF THE PRESBYTERIAN CHURCH, U. S. A.

The Board of Education presents this year its *Ninety-ninth Annual Report.* For almost an entire century it has been the agent of the Presbyterian Church, entrusted with the essential task of providing an educated ministry. Its work has lain at the foundation of all the other Boards, and has preserved the very life of the Church itself. Through its efforts and service, candidates have been secured, and trained for the mission fields at home and abroad; and by its appeals and assistance, the pulpits have been kept supplied with pastors.

If it had continued in existence for another year, it would have celebrated its centennial; and in this connection it would respectfully call its Successor's attention to the action of the last General Assembly—"That the College Board coöperate with the Board of Education in celebrating, during the year 1919, the centenary of the Board of Education which was organized in 1819."

100 Years

As the Board of Education is to terminate its activities, it is fitting that its *Final Report* should give a brief summary of its stewardship during three generations of service. It has had an honored history. Distinguished and consecrated men have been its Secretaries, among whom stand out such personalities as Drs. Cortland Van Rensselaer and Edward B. Hodge.

Noted leaders have served as its Presidents, including Drs. Charles Hodge and Herrick Johnson.

Its members have been devoted and loyal men, whose praise is in the churches.

Figures will not, of course, do justice to the scope and magnitude of its labors; but it is impressive to note that since 1819 it has assisted 9,154 students, making 50,862 grants of aid, and received gifts and contributions of over $6,000,000.

New Work

Its work of student aid has been enlarged from time to time. In 1908 a work among the *students at State Universities* was inaugurated by the direction of the

General Assembly, and the Board is now carrying on this work at twenty-seven State Universities.

College Visitation is another great department of its service.

By the order of the Assembly it assists medical students who, having the approval of the Board of Foreign Missions, are preparing to be medical missionaries. The Board also assists students preparing for lay Christian service.

Its Last Year

The old Board is thankful to be able to say that *its last year has been one of its best.* It has had during this year to contend with several difficulties. Its gifted Secretary, *Dr. Joseph W. Cochran, resigned* in October, and the Board with regret accepted the resignation. This terminated ten years of brilliant and consecrated service by which the work and the Church had been greatly benefited.

Left without the inspiration of his able leadership, the Board faced a year filled with *the distractions of the great War;* and in addition it was obliged to carry on its task under *the shadow of its own approaching dissolution.* On the one hand it was instructed to prosecute its work with the utmost vigor; on the other hand diligently to prepare for its death. Those who thus exhorted it did not realize how arduous such a twofold commission is. Much praise should be given to the members of the Board who have stood at their posts on the deck of the sinking ship. On the one hand the Board has loyally and faithfully done everything it possibly could to facilitate and expedite its own end. It has, with the utmost promptness and efficiency, aided the process of consolidation; and lost no moment in hastening the will of the Assembly. On the other hand, in spite of the distractions of the year, it has prosecuted its work with utmost vigor. All its departments are in the highest state of efficiency, and all have done the best quality of work during the past year.

No Deficit

As a result of the generous support of the Board by the churches, the most rigid economies in administration, and the reduced number of students under its care, the Board closes the year with a substantial balance. In this connection it is but proper to call attention to the fact that, upon the resignation of Dr. Cochran as Secretary, the Board did not elect a new Secretary. The work was, at the request of the Board, carried on by Dr. Wadsworth, who refused any compensation therefor. It will hand on to the new General Board of Education a great work at the high-water mark of success; and experienced Departments splendidly organized and equipped.

During the year the *Vice-President of the Board*, Dr. Edward B. Hodge, has been in France, surgeon in one of the Field Hospitals. During the last drive near Arras, his hospital was on the firing line, and he was wounded in the discharge of his duty.

Candidates Aided

In 1917–'18, the Board aided 649 Ministerial students, 517 of whom were "Renewals" and 132 "New" men; 23 students for lay work; and 13 medical missions students. One hundred and eighteen students of foreign speech have been aided by the Board during the past year, and 48 colored students, the latter studying in Biddle and Lincoln Universities. One hundred and fifty-two of the students under the care of the Board have been called into the service of the country and others are expected to be called out day by day; 30 have become self-supporting; 8 have married; 6 have abandoned their preparation for the ministry; 9 are not at study owing to financial reasons and ill health; 3 are studying in seminaries not under the care of the Presbyterian Church; one has become ordained; and several others have not as yet been located, but it is supposed that they have entered upon some form of war service. The Board has lost three students by death during the year.

Prize Scholarships

The Newberry Scholarship is held by David B. Van Dyck, who is pursuing graduate studies at Princeton Theological Seminary. The other scholarships will be offered for competition to the Seminaries during the next academic year.

Membership

No member of the Board has died during the year. Mr. H. B. F. MacFarland resigned owing to inability to attend the meetings, and his resignation was accepted with regret. The outgoing class of 1915-1918 consists of the following named gentlemen:

Charles Wadsworth, Jr., D.D., Mr. William R. Nicholson,
Alexander MacColl, D.D., Mr. James L. Wilson,
Rev. William Muir Auld, Mr. Thomas L. Latta,
Charles F. Wishart, D.D., Edward B. Hodge, Jr., M.D.,
Mr. H. H. Seldomridge.

The Board herewith respectfully recommends that they be reëlected, so that the roll of the Board may be kept filled until the consummation of the consolidation.

Consolidation

The necessary legal steps have been taken. A Bill in Equity has been filed by the New General Board of Education asking for a court decree authorizing the old

Board of Education to turn its funds and Trusts over to the New Board. Formal answer has been filed expressing the desire of the old Board to do this as soon as authorized by the court. The fixing of the date of hearing is in the court's hands. The old Board can do nothing further, and can only wait, hoping the decree will soon be given.

Porto Rico Seminary

The Board is in receipt of a communication from Rev. J. A. McAllister, an accredited missionary in Porto Rico under our Board of Home Missions, in which it is stated that the evangelical denominations at work in Porto Rico have joined together in an effort to organize a union Theological Seminary for the purpose of training a native ministry. Through a committee of representatives of these denominations, a constitution for such a Seminary has been drawn up, and has been submitted to the Board of Education and the question asked, if the Board will receive under its care, and will aid, candidates for the Presbyterian ministry in this Seminary. Inasmuch as the rule at present prescribed by the General Assembly authorizes the Board to give aid only to students in Theological Seminaries, "reporting to, and under the care of the General Assembly," the Board respectfully refers the inquiry in behalf of "The Porto Rico Theological Seminary" to the General Assembly for answer.

Church Offerings

The Board of Education would unite with the College Board in respectfully asking the General Assembly to call upon the churches to make their usual two offerings during this church year, one for the Board of Education and the other for the College Board, until such time as the new General Board of Education shall be fully in operation and shall have taken official action requesting some other plan. This will be essential in order to prevent the work of these two Boards from being crippled by a decided decrease in their receipts from the churches.

COLLEGE VISITATION.

The value of the student class to the nation has gone so far above par that the diminished attendance at our Presbyterian colleges has not sufficed to reduce the importance of these institutions to the country. Eighty students in a college now have a meaning that a hundred of them did not have a year or two ago. Intrinsic values remain the same, but the value of the potential service contained in a student body varies with the country's need.

Immensely important service will be given in the war by the splendid men who have gone from our church colleges into their country's service. Precious to them will be the memory of the days when faculty and students and visiting minister looked up together to behold the glory of God in the face of Jesus Christ.

By no means all the students have gone to war, however. Thousands of young men under military age are obeying the counsel of the government to continue in study against the day of their call. Freshmen classes will be large next fall, and young women in increasing numbers are taking college training to prepare themselves for the larger share of service that is falling to their lot. It is no time to neglect the colleges.

The Board is happy to report that in conjunction with the Assembly's Permanent Committee on Evangelism it has been able this year to coöperate with 35 institutions to secure the special services which annually bring to a focus and a climax their religious influences and activities. The enrollment in these institutions is about thirteen thousand, most of whom, of course, were already professing Christians.

Definite Results

In one field where a group of institutions is located close together, 35 young people gave their hearts to Jesus Christ as a result of the earnest labor of a visiting minister and his devoted wife. This is the first year the Board and the Committee have had direct relations with the work on this field. It is open to us henceforth.

Support was given in several ways to the Maryville College "February meetings," which have been a source of cheer to the Church for so many years. This year 51 students were converted to Christ in the course of the twelve days of concerted prayer and effort.

In another institution, one of the smallest of the church colleges, where there were only ten students who were not professing Christians when the Week of Prayer began, nine of these ten (eight young men and one young woman) gave themselves to God and His service before the meetings closed. Thus, in these three fields alone 95 young people in training for lives of special influence and effectiveness were led to yield themselves to Him who loved them and gave Himself for them.

A fourth institution, entered for the first time this year by the Board and the Evangelistic Committee for a week of special effort,

is a preparatory school of very high standard. Here, fifteen sermons or addresses were given and boys came with great freedom to the visitor's room—as many as twenty in a day for separate interviews. A lame lad brought for a conference one of the huskiest of the school athletes and all three knelt and asked God for His saving strength. Room-mates set up together a kind of "family altar," and in the younger boys' cottage at 7.00 in the morning, "Morning Watch" would be called and the boys would come streaming in to kneel in prayer together before they went to breakfast. A very different atmosphere was soon noticeable throughout the school.

Two of the finest of the boys in this school who came to the visitor for conferences expressed a definite interest in the ministry and will be carefully followed by the Board's enlistment department.

It is reassuring to find that continued experience of leaders in this work convinces them of the paramount importance of the quiet interview with a student who is battling with sin or wrestling with doubt or facing the puzzling question of life investment.

In one field, sixty-five students were interviewed; in another sixty-two; in another forty-seven. One counsellor had fifty-one students come to see him, all but one of whom definitely and apparently without reserve committed themselves to the leading and service of God as He might see fit to use them.

Efficient Recruiting

The relation of these College Visitation campaigns to recruiting for the ministry is very direct. In one college six men announced their decision for Christian life service, three of whom had previously given up the ministry. Word came at the close of one campaign of twenty-three students who wished to give themselves to some form of direct Christian service for life, who had not previously made known to us such desire.

The Board has now had a share in this program of special effort in the colleges long enough to realize tangible results in the persons of students actually in theological seminary. What more natural than that this should be the case? Young men have seen the power of the Gospel right in the chapel of their own colleges. They have seen fellow students, whom they had supposed to be hardened and indifferent, turn toward God. It has been easy to dedicate their lives to the wielding of the Sword of the Spirit when they have seen what a mighty weapon it is.

One man, then a Sophomore in college, asked the Secretary of

the College Visitation Committee four years ago, "If there is any Holy Spirit, where is He?" In two months from that time, he had his own answer in a work of grace in that college such as he had not believed possible. To-day he is a Middler in the seminary. Four years ago, in another college, a student was aroused by the visiting minister to make a specially earnest appeal to some of his friends. One of these friends yielded to the appeal, became a Christian, decided at once for the ministry and is this year taking graduate work in one of our seminaries. Another man, after a year at the seminary, was back at this college during a notable campaign. He had remarked, just as the campaign began, that he had contemplated giving up the ministry; but seeing the power of the Gospel caused him to change his mind, and he is now a pastor.

One hard-worked president confessed to the visitor that he had been on the point of resigning, but that the cheering results of the Week of Prayer had persuaded him to remain at his post.

Another president says, "We consider these meetings invaluable, the most important work of the entire year."

Testimonies from several sources are to the effect that the services this year helped to keep the students steadily at their posts. One veteran in college work says that this service will be needed more than ever next year, and another that it must be continued even if other work is dropped.

Ministerial Supply.

The Board has never lost sight of its central purpose, expressed in its charter, to exercise "the general superintendence of the Church's work in furnishing a pious, educated and efficient ministry, in sufficient numbers to meet the calls of its congregations, to supply the wants of the destitute classes and regions in our own country, and to go into all the world and preach the Gospel to every creature."

The numbers of such ministers never will be sufficient so long as there is but one ordained minister for every 270,000 of the unevangelized for whom the Presbyterian Church is responsible.

Before our nation entered the war, we were not supplying, from Presbyterian sources, enough men for ordination to take the places of those who died or were dismissed to other denominations. We would have suffered actual net loss in the number of ordained ministers unless we had received from other churches sixty more ministers than we dismissed to them. This enabled us to show in

the last reported year a net gain of twelve men, all of whom a single western synod could easily employ in urgently needed work.

The War and the Ministry

This grave condition will be immensely aggravated by the war, the first year of which has reduced the number of students for the ministry under care of the Board by almost 25 per cent. One hundred and ninety less students are this year in Presbyterian Theological Seminaries. Each year will make larger inroads upon this number, until, if the war should last three years, the theological seminaries would be practically emptied of students.

This condition synchronizes with a supreme demand on the Church for ministrations to a troubled world. Guidance, comfort and inspiration will be needed as never before. A ministry, qualified by training and grace to mediate these blessings, must be provided. To this end, the Board is endeavoring to foster in the home and the congregation something of the earlier attitude toward the ministry. Parents are besought to recognize the privilege of devoting their sons to this high calling and are urged to maintain within the family such an atmosphere and such an attitude toward the things that are real and spiritual that it will be natural for the boys to consider the investment of their lives in the ministry.

Pastors and elders are urged to recognize their responsibility for the encouragement of promising youth toward this work.

Life Work Conferences

The Presbyterian churches of Baltimore joined with churches of closely allied denominations last April in assembling and addressing choice boys from their congregations regarding the opportunity of the ministry.

At Rochester, N. Y., the Presbyterian churches held a similar function last October, gathering the boys at an "army mess" and a "service council." Great enthusiasm prevailed and it was felt by those present that each year the challenge should be brought to a group of selected boys of the high school period in just this way.

At the suggestion of the Enlistment Secretary of the Board, the Ministers' Association of Boulder, Colorado, brought together choice boys from their respective congregations and presented to them the need and opportunity for service in the ministry. So successful and impressive was this interdenominational effort that the Enlistment Secretary of another denomination is asking that the Council of Church Boards of Education take measures to repeat it in a large number of communities throughout the country.

Twenty-five thousand copies of a recent leaflet issued by the Board, entitled, "Investing a Life" have been used in connection with Vocation Day, and have been supplied on request to those who could use them with effect.

More than one hundred copies of the "George W. Bailey Memorial Library," comprising "The Triumphant Ministry," "Their Call to Service," "Heroes of the Campus" and "Reapers of His Harvest" have been carefully placed.

By every means, through the printed page and the spoken word, through prayerful counsel and persistent endeavor, the Board has held up before the Church and her youth the high calling of the ministry of the Word.

THE CHURCH AND PUBLIC EDUCATION.

The General Assembly of 1917, directed this Board "to continue its study of religious education as related to public instruction and to assist in this important task wherever possible."

Our study has developed the fact that the Church has here a task much larger, and an opportunity of greater importance than is generally understood. It will not be possible, within the limits of this report to give details, but we desire to give in brief outline the conclusions and some of the facts.

Demonstration Stations

What the Board has been doing in state universities and state colleges in many parts of the country, and under varying local conditions, has demonstrated what ought to be done for pupils in all public schools. Plans and methods of providing for the religious needs of students have been tested by patient study and experiment, and all of this experience is available for the use of those desiring to provide religious guidance and instruction for pupils in public schools.

The Task

Two conclusions stand out clearly: first, that the public schools must be kept free from control that is in the interest of any political or religious body; second, that vital religious instruction must be provided for all pupils. Dr. W. S. Athearn, in "Religious Education and American Democracy" states the case in these words:

"The preservation of our democratic ideals and institutions demands that all children be educated in the public schools; the preservation of our religious ideals and institutions demands that all children be given an education which the public schools cannot give."

A Christian democracy that intends equal opportunity for all to develop and to use their best abilities demands schools that shall be open to all children on equal terms. As democratizing and socializing agencies the public schools have a very distinct religious value. A comparison of the German public school system, whose teaching has been dominated by the autocratic military party, with the American public schools shows how carefully the freedom of our schools has been guarded; but it is becoming clearer every day that the moral and religious culture of our youth has not kept pace with their intellectual training, and that serious dangers impend because of this fundamental neglect.

Size of the Task

The number of pupils in public schools is increasing at a more rapid rate than is the population. One study shows that the enrollment in the public high schools increased nearly 35 per cent. within five years. "There is every reason to expect that, by 1925, the high schools will have doubled the enrollment that they had in 1910." The following figures picture one of the most wholesome movements in American life, as they show how thoroughly the United States is educating its citizens. They also call the churches to a large task, because a democracy to be safe must have the morals of its people rooted in genuine religion.

In 1890 there were in the United States 2,526 public high schools with 202,963 pupils. In 1900 there were 6,005 high schools with 519,251 pupils, while in 1916, the last year for which we have an accurate report, there were 12,003 public high schools with 1,456,061 pupils. Add the pupils in the lower grades and we have these magnificent results. In 1890 there were 12,722,581 pupils in the public schools; in 1900 there were 15,503,110; and in 1916 the number rose to 20,351,687.

When we remember that the better high schools are now equal to the college of a few years ago; that many of them are now giving the first two years of the present day college, and are really junior colleges; that from these public schools are rapidly coming the future leaders of America, gathered from all classes of the people; and that a careful estimate places the number of pupils that receive no religious instruction at 15,000,000; we see something of the size of the task confronting the Church to-day. A task that must be taken up at once if the nation is to be safeguarded in its own life, and prepared to do its duty in the world in the period of reconstruction that must follow the war.

The Opportunity

The way is now open in many states for the churches to meet this task in coöperation with the schools. The public schools are waiting for the help of the Church. Details regarding the plans approved by school authorities for coöperation of the churches with the schools in providing religious guidance are given in the report "Bible in Schools Plans" prepared by Dr. Wilbur F. Crafts at the request of the Council of Church Boards of Education.

It is enough to state here that the principle is now being widely adopted that the school is but one among many educational agencies; that such subjects as music, art, home economics and the like, when taught outside the school under prescribed conditions, may be accepted by the school as a part of the curriculum. When this principle is adopted there is every reason why religion should be accepted in the same way. In states where the principle of the coördination of extra-mural work with the curriculum has not been approved there will be greater difficulty in securing the time and attention of pupils for religious study. Sympathetic and competent teachers will solve the problem.

The Alternative

Unless the Church accepts its opportunity and teaches religion with morals the schools will be obliged to teach morals without religion. The National Education Association has for several years been at work through committees preparing courses in morals for the public schools. School authorities are profoundly impressed with the need for instruction that will reach the conscience and raise the moral level of the community and of the nation, a need the churches have not adequately met. If it is left to the public schools to provide a national system of moral instruction we must accept a system of natural ethics unrelated to religion, and without the power that can only come from religion. If the Church fails to use its present opportunity it must face this crisis.

The Method

As in our work in the state universities local conditions will largely determine the methods to be adopted.

It is essential that some practical plan be adopted by which the churches of a community coöperate, and the schools recognize the value of the religious instruction given by the churches to the extent of releasing the pupils for enough time to make this instruction possible. Whether the school shall grant curriculum credit for the

instruction is of minor importance. We may not expect such credit to be given by any number of schools until the work has been standardized and accepted by standard colleges. The Council of Church Boards of Education has this question under consideration and is making progress toward its solution. An important conference will be held soon for its further consideration.

The instruction must be more thorough and systematic and with larger content than is now given in the average Sunday school. It must be graded and made to run parallel with the work in the schools and have definite application to the changing needs of the pupils.

The classes must have separate rooms where the instruction period will be undisturbed, and be in charge of trained teachers. The Bible must be taught with as much pedagogic skill as is any subject in the school, but it must be taught as religion, not merely as literature or history.

It is clear that only the Church may do this, and that for efficiency a group of churches will need to combine their forces into some form of a school of religion.

We urge upon all churches the immediate need of studying this problem in relation to the schools in their vicinity, and upon all church colleges and church workers in state universities that they enlist and train their students for this important form of lay service.

THE CHURCH AT THE UNIVERSITY.

Progress

During the early years of our work the student pastor had difficulty in reaching the students, in organizing his work, and in conserving the results. He had no base for his operations. The local church building, usually at a distance from the campus, was not equipped with class rooms, and was seldom open for use during the week. He had no office on the campus, and usually lived in a rented house at a distance from the students. The accepted opinion, at that time, was that religious work with students must be done by young laymen, and for the most part the religious life of students was left to their own initiative without mature guidance. The heroism of the days when the student pastor was finding his way through the maze of university life, without title, position or recognition, deserves to be celebrated. Many men gave up in despair, others declined to attempt what looked like a hopeless quest. The position of the Student Counsellor

in Religion is now recognized as one of great importance in university life, by the students and by the university authorities.

Methods

Experience approves the method followed from the inception of the enterprise of centering the student activities in the local church or churches whenever there is the proper leadership and spirit, and of employing mature, experienced persons as Student Counsellors. The work is done by personal counsel with individual students; group conferences; counsel in the choice of vocation; instruction in religion with special reference to the solution of life problems—personal, community, national and international; and the direction of students in various forms of Christian service.

Coöperation of all Christian forces is essential and much progress has been made in unifying the several agencies at work in each center. In previous reports will be found detailed plans for unifying the activities of all Christian forces at each center. These plans are being put into operation in all university centers, and the Council of Church Boards of Education, and the Conference of Church Workers in Universities give aid to the movement. Plans have been approved for unified evangelistic campaigns. The Moderator, Dr. J. Wilbur Chapman, accomplished much this year by giving addresses and holding conferences in a number of the western universities, and it is hoped he will be able to devote more time to this form of service the coming year.

Supply of the Ministry

The state universities do not yet furnish their quota to the gospel ministry. The majority of students choose their life work before entering the university, or select courses that do not prepare for the ministry. Many are led to consecrate their lives to Christian service as laymen, and many change their life work in order to render larger service, but the Church loses many superb men from the ministry because the call is not pressed early enough in the secondary schools or during the early weeks of the Freshman year. The report from one university that knows of only thirty-one students preparing for professional Christian service, none of whom enter the ministry says:

"When a great state university with more than six thousand students, with all churches active, and the best speakers in all lines of Christian activity frequently in the pulpits, can offer only thirty-one students with any intention of specializing in definite Christian work, there is something wrong."

A good beginning has been made in some centers. Ohio State University has sent thirty-four men into the Presbyterian Ministry in five years. A Phillips Brooks Club with an annual membership of from ten to thirty men studying for the ministry has been maintained at the University of Nebraska for several years. The University of Wisconsin reports forty men going into the ministry of four communions during the last few years. Similar reports come from all universities where definite attempts have been made for the enlistment of men in the ministry. The small number of candidates for the ministry coming from the state institutions is due in part to the long neglect of the Church. In none of the large non-church universities are the Christian forces large enough to meet the needs. The present condition of ministerial supply requires that the churches more thoroughly cultivate this field of public education.

It is commonly estimated that in a normal year about 4,000 new ministers are required to fill vacancies in all churches in the United States caused by death, disability and other losses. A recent survey discovered that the number of graduates of all theological seminaries does not run much above 2,000 for a single year. The remaining supply are those with partial theological training, those with college training only, and a large group without either college or seminary training.

If the churches are to meet their responsibilities with a sufficient number of adequately trained ministers they must enlist a much larger number than ever before from among the students in our public schools and universities.

There is not a state university or college in the country that does not welcome the coöperation of the churches for the pastoral oversight and religious instruction of the students.

One Effect of the War

The state colleges and universities received their first big impetus during the Civil War through the demand for the application of science to the productive arts. The present similar demand for improved methods and increased production is giving them another impetus. All colleges and universities have made prompt and generous response for war service, but those giving technical courses and equipped with modern laboratories are serving as institutions in addition to the men they send into the Army and Navy. Attention is thus being called to the immediate practical value of technical instruction.

The effect of this is even now apparent in the entering classes. A study of three groups of colleges was made for the first semester of the present year, State, Independent and Church institutions. In total enrollment each group lost respectively 14.7 per cent., 15.1 per cent., and 11.5 per cent., while the loss in the total freshman enrollment in the same groups was 9.9 per cent., 12.5 per cent., and 14.1 per cent. Fourteen state colleges of Agriculture and Mechanic Arts made a gain of 4.2 per cent. in the freshman class.

This movement toward the state institutions will probably continue, as the war work under the direction of the state colleges brings them into close relation with clubs of boys and girls in the high schools that have been organized for the increased production and conservation of food and other products. This new impetus given to public education is of interest for many reasons. We may name two of them: first, it increases the responsibility of the churches for the work now begun in the state institutions; and second, it calls the Church to at once carry this same work to the boys and girls in the high schools with special regard to vocation counsel and the consecration of life to Christian service. Thousands of youth are in danger of being swept by the tide into life callings for which they are not fitted. The unselfish consecration to the life work in which one can render the best and largest service for the good of the world is the center of the purpose of Christian Education.

Church Responsibility

In 1914 there was included in the annual report of this Board a table showing the church preference of students in fifty-one state institutions. Similar studies have been made for each succeeding year. A comparison of the results makes evident two facts of importance. First, that the proportion of the total number of students in a given university belonging to each denomination is substantially the same year after year. This indicates a permanent body of students for the activities of the Church; a body that increases with the growth of the university. Second, that the number of denominations having a sufficient number of students for the establishment of church work with them in no instance exceeds eight, and is usually less. It has often been argued that the number of different denominations is so large that it will be impossible for the churches to deal directly with students without confusion. No confusion has arisen, and conditions are such as to prevent it in the future. The definite coöperation of a group

of churches is training large numbers of students to promote a type of church unity that will be effective because the leaders have learned to be loyal to the Church.

Presbyterian Responsibility

Any denomination is responsible for the religious life of students when it is represented in the university center by a local church and has a considerable number of students in the institution. It may have a responsibility in centers where it does not have a local church, but the fact that a church is in a student center demands that it represent the life and work of that church to the students at its best: in its preaching, its worship, its instruction, its community service and its world-wide missions.

The following list of state institutions is given to show the specific responsibility of the Presbyterian Church. The number of students, the value of the property and the annual income for the year ended June 30th, 1916, is given to indicate the general size of the institution. Each center in list "A" has a Presbyterian church belonging to the Southern Assembly. The one under "B" has a United Presbyterian Church. Those in list "C" have no Presbyterian church. Those in lists "D" and "E" have each one or more churches belonging to the Presbyterian Church in the U. S. A.

Church Buildings

This Board saw the need for adequate church buildings in university centers at a time when there was no agency able to aid in their erection. The Board of Church Erection was at that time restrained by the rules of the Assembly from granting aid sufficient to meet the need. This Board has raised special funds with which to aid in the erection of two buildings as illustrations of what ought to be done in each center. The first of these is near the campus of Pennsylvania State College; the other adjacent to Iowa State College. Similar new buildings, or improvements in former buildings, have been provided during the last few years in the following university centers: University of Illinois, Ohio State University, University of Washington, California Farm School, University of Wisconsin, Kansas Agricultural College, Iowa State Teachers College, University of Montana, and Colorado State Agricultural College.

The Assembly has changed the rules of the Board of Church Erection, and, by direction of the Assembly the two Boards of Education and Church Erection are presenting to this Assembly through its Executive Commission a plan for future action.

The centers in list "D" require either new buildings or the enlarging of present buildings. Those in list "E" are fairly well provided with buildings.

Residence Headquarters

The other building required is a residence close to the student center that will be the home of the pastor in charge, and provide him with an easily accessible office and class room. We now have such headquarters at the universities of California, Illinois, Indiana, Iowa, Kansas, and Iowa State College. A report describes one such residence:

"In this house Bible classes and prayer groups meet, here cabinets, committees, and organizations of young people meet to confer about almost everything connected with Christian life and activity on the campus. On the average sixty persons come to the house each week; some come for meals, some for meetings, some for socials, and some for personal talks with the pastor or his wife."

What such a house may mean to students is told in an extract from a recent letter from one who is now an instructor in another university.

"I have tried to write what Westminster House has meant to me, but find it impossible to put it all into words. The reason that 'The House by the Side of the Road' suggested the work in Berkeley

was that the spirit of Westminster House appealed to me as one of friendship in the truest sense, with all which that can mean, not only to the student who is lonely, or discouraged or missing the better part of college life, but to the others as well. One who is not associated with university students cannot realize how many there are to whom it means everything at times to know that some one cares. No one can come into Westminster House without finding those who care; or without realizing the emphasis placed upon two other phases of friendship—one's relationship to the Greater Friend, and his responsibility to the people around him. Westminster House meant this and so much more to me that it is my earnest prayer that a Presbyterian House may be established beside this campus for our students."

Student Pastors in the War

Because of their experience in organizing religious work with young men the student pastors have been of great service in the training camps, and with the Army. The Board, in connection with the several Synods, has granted leave of absence for such work and has maintained the work in the several university centers.

Rev. Thomas R. White, Indiana, made a survey of the training camps and has worked with the Extra Mural Committee of the National Service Commission, Dr. Joseph W. Cochran, Chairman.

Rev. Ralph C. McAfee, Washington, is Religious Work Director of the Y. M. C. A., in the Officers' Training Camp, in Camp Lewis.

Rev. H. M. Moore, Cornell, and Rev. Ora F. Gardner, Princeton, are with the Y. M. C. A., in France.

Rev. George E. Parisoe, Wyoming, is with the Y. M. C. A., in work for the Italian Army.

Rev. John W. Findley, Colorado Teachers College, is with the Y. M. C. A., in Camp Travis.

Rev. M. W. Lampe, Ph.D., Pennsylvania, spent some months as Y. M. C. A. Religious Work Director, in Camp Hancock.

Rev. Roy W. Hamilton, Colorado, was Camp Pastor at Camp Grant, for three months with the National Service Commission.

Rev. E. A. Bess, D.D., Iowa, was Camp Pastor at Camp Dodge for three months with the National Service Commission.

Rev. Dean R. Leland, D.D., Nebraska, visited the men in camps from Nebraska University and will give his summer to work in the camp at Gettysburg, Pa.

Mrs. Herbert M. Moore, Cornell, Rev. L. B. Hillis, California, and Rev. William Houston, D.D., Ohio State, have been at work with soldiers in camps at the universities.

Camps are being established in a number of universities. Pastors will care for the men, and the work all the pastors are doing with students who have not yet joined the army is of real value in the war.

As an illustration, taken from many, of the way the work is maintained in the university during the absence of the pastor, Mrs. Moore reports for the first half-year in Cornell that she called upon 132 students in dormitories and homes, and on 115 in the University Infirmary; that she entertained 408 in her home, and arranged for the entertainment of 85 others in other homes, and that 138 united with the local church; five on confession, the remainder by letter and by affiliate letter.

Financial.

We record with gratification the receipt of $101,347.84 from churches, Sabbath schools and societies, an increase of $1,474.17 over last year, and the largest amount ever received from these sources by the Board; $39,719.89 from individuals; $3,573.33 from legacies; $33,825.89 from interest, etc., and $2,839.00 from Refunds, making a total of receipts from all sources during the past year of $181,305.95.

Day of Prayer for Colleges and Education Week.

We respectfully unite with the College Board in recommending that the Assembly name February 20th, 1919, as the Day of Prayer for Colleges and the previous Sunday, February 16th, as Vocation Day, when the youth of the Church shall be shown the importance of dedicating to God their life service and be informed of the need of trained leadership in the Church's work.

Respectfully submitted,

Charles Wadsworth, Jr., *President.*

In addition to the foregoing cash actually received and expended by the Board, the following-named institutions advise the Board that they received directly from contributors the amounts set opposite their respective names. These amounts did not pass through the hands of this Board and are set forth herewith by direction of the General Assembly:

Theological School of Newark, N. J., Bloomfield, N. J.	$8,597 35
Dubuque College and Seminary	61,763 88

FORM OF A DEVISE OR BEQUEST.

All that the Board deems it important to furnish is its Corporate Name, viz.: The Board of Education of the Presbyterian Church in the United States of America.

The State laws differ so much that no one form will answer in all the States.

The following form may be used in most of the States:

"I give and devise to The Board of Education of the Presbyterian Church in the United States of America the sum of..... dollars, to and for the uses of the said Board of Education." (If real estate or other property be given, let it be particularly described.)

ACTION OF THE GENERAL ASSEMBLY.

The Ninety-ninth Annual Report of the Board of Education was presented to the General Assembly in session at Columbus, Ohio, May, 1918, and was referred to the Standing Committee on Education, which consisted of the following:

Ministers.	*Ruling Elders.*
Rev. William O. Thompson, D.D., LL.D., *Chairman;*	Lawrence H. Van Denberg,
Walter D. Strangeway,	John T. Sproull,
William Carter,	Elliott H. Boyer,
James R. Kerr,	Harvey H. Leist,
George S. Hackett,	H. A. Anderson,
Robert H. Dunaway,	Colvin H. Mills,
Fred E. Walton, D.D.,	F. L. Jarvis,
George F. Hunt, D.D.,	Edwin Dukes,
H. G. Klemme,	James Brown,
George S. Sutton,	J. Lem Tittsworth,
Rufus L. Phelps,	C. E. Hablutzel.
William Latimore.	

The Committee presented its Report to the Assembly on Monday, May 20th. It was accepted and the appended resolutions were unanimously adopted:

Resolutions.

1. That the Minutes of the Board, as presented by the Recording Secretary, and the report of the Treasurer for the year ending March 31, 1918, be approved.

2. That the Ninety-ninth Annual Report be accepted and that the Board be commended for the successful way in which it has carried on its work under the trying conditions of the past year, and for the excellent presentation of such an able report. With the utmost promptness it has done everything possible to expedite its consolidation with the College Board, and at the same time it has prosecuted its tasks with the most zealous vigor; practicing rigid economy, while maintaining the highest efficiency, it closes the last year of its honorable history with a surplus, and hands its work to its successor at the high water mark of condition and achievement. The last word of the Church to the old Board as it ends its ninety-nine years of service should be a word of praise. The Committee recommends that the General Assembly hereby express its commendation of the unselfish and efficient service of Rev. Charles

Wadsworth, Jr., D.D., since the retirement of Secretary Cochran from the service of the Board as Secretary.

3. That the General Assembly approves the suggestion of the Board of Education and the College Board and earnestly urges the churches for the next year to continue the custom of two offerings for the two Boards, and especially urges that the offerings be increased in order that the new Board may not be crippled at the outset by the falling off of receipts.

4. That the Board unites with the College Board in the recommendation that the week beginning February 16, 1919, be designated as "Education Week;" Sunday, February 16, being known as "Vocation Day," when the youth of the Church shall be shown the importance of dedicating to God their life service, and the need of trained leadership in the Church's work; and Sunday, February 23, being known as "Education Day," when, according to the universal custom of all student movements affiliated in the World's Christian Federation, Presbyterians shall unite in prayer for the work of their colleges and for the students in educational institutions.

5. That the request of the Porto Rico Theological Seminary be referred to the Executive Commission for decision.

6. That churches and individuals be earnestly requested to consider the financial needs of our Presbyterian Training Schools and that their offerings go through the Board of Education. That all schools receiving scholarships from the Board of Education be requested to include in their curricula a course on the organized work of the Presbyterian Church and its benevolent system.

7. The General Assembly most earnestly directs the attention of all pastors and churches to the urgent need of bringing to the heart and conscience of parents and sons the claims of the Church and the ministry upon our choicest young men. In view of the manifest tendency towards an early choice of calling—a tendency encouraged by parents and stimulated by the development of vocational and professional education—the General Assembly respectfully urges upon pastors, churches and Presbyteries the importance of asking the families of the church to offer their sons for the service of Christ through the ministry as freely as they are now offering them for the service of our country and the world.

8. That until the General Board of Education takes over the work the Assembly directs the Board of Education as follows:

(*a*) That the Board aid ministerial candidates, students for medical missions and other lay workers, at least according to its

last year's scale of appropriations, and in addition thereto, continue to exercise its discretion in the education of Indians and other candidates for the ministry among our exceptional population.

(*b*) That the Board, in conjunction with the Assembly's Permanent Committee on Evangelism, continue its work in Colleges' and take such measures as in its judgment will increase the effectiveness of this strategic service.

(*c*) That in view of the decimation of ministerial and mission forces largely due to war conditions, in view of the calling of many of our young men to the colors and the voluntary enlistment of many under the age of the Selective Draft Law, and in view of the increasing demand for leadership in the readjusted world after the war, the General Assembly approves the action of the Board in its challenge to selected groups of High School boys, and recommends that the work be pressed with all possible earnestness as a fruitful method of increasing students for the Gospel ministry.

(*d*) That the Board follow a generous plan of maintenance and extension of its work of Christian education and pastoral care of students in state and other non-church universities and colleges, and use every proper effort to unify the Christian forces in each university center.

(*e*) That in accordance with its admirable study of the problem of religious and moral education of pupils in public schools, the Board continue to work with diligence in this important field; that in coöperation with the Council of Church Boards of Education and other similar inter-church bodies, the Board prepare standard courses of Biblical instruction.

(*f*) That the Board continue its coöperation with other Christian bodies in the support of the work of the Council of Church Boards of Education.

9. That the following named persons, whose terms of membership expire with this Assembly, be reëlected as members of the Board of Education:

Charles Wadsworth, Jr., D.D.,
Alexander MacColl, D.D.,
Rev. William Muir Auld,
Charles F. Wishart, D.D.,
Mr. William R. Nicholson,
Mr. James L. Wilson,
Mr. Thomas L. Latta,
Edward B. Hodge, Jr., M.D.,
Mr. H. H. Seldomridge.

In behalf of the Committee.

THE REPORT OF THE STANDING COMMITTEE ON PUBLICATION AND SABBATH SCHOOL WORK

PRESENTED TO AND APPROVED BY THE GENERAL ASSEMBLY AT COLUMBUS, OHIO, MAY 22, 1918.

Your Standing Committee on Publication and Sabbath School Work begs leave to submit the following recommendations and resolutions:

1. The Committee has examined the Minutes of the Board and its committees, and recommends that they be approved; and expresses its appreciations of the faithful services of the executive officers of the Board.

Since the Board operates under four separate Departments, the Committee desires to report its recommendations accordingly.

Missionary Department

1. In recognition of the effective service being rendered by our Sabbath-school missionaries in reaching the remote and neglected communities with the Gospel, in taking the Bible and the Sabbath school into unchurched regions, and in the improvement of existing Sabbath schools, the General Assembly records its approval of these self-sacrificing labors, and urges each congregation to place this Board upon its benevolence budget—in addition to the special offerings of the Sabbath schools on Children's Day and Rally Day.

2. While the Assembly recognizes the efforts which the Sabbath-school missionaries are making to develop the efficiency of existing schools as an important feature of the Missionary Department's work, we desire to reaffirm the action of previous Assemblies in urging the Board to continue to place increasing emphasis upon the missionary and evangelistic features of its field activities as the distinctive work for which the Board makes its appeal to the Church.

3. This Assembly calls the attention of pastors, sessions and Sabbath-school workers to the gratifying fact that all contributions of churches, Sabbath schools and individuals to the work

of this Board are devoted exclusively to the support of its missionary operations, unless otherwise specified; and requests that this be made known to the congregations when this work is presented.

4. That in view of the importance of encouraging the spirit of patriotism among our Sabbath-school pupils, the Board be requested to prepare a special patriotic service for Rally Day; and that all Sabbath schools be urged by their respective church sessions and Presbyteries to observe the day in this manner, and to take advantage of the opportunity thus afforded to make a special offering for the support of the Board's work among foreigners in America.

5. That our ministers be urged to make liberal use of the literature furnished by our Board to counteract the pernicious teachings of Christian Science, Russellism and other false so-called religions; and that Presbyteries be requested to coöperate with the Board in getting such literature into the hands of our people.

Religious Education

1. We heartily commend the emphasis that the Board is placing upon home religion, and we urge the continuation of special effort upon this vital phase of the churches' life.

2. We note, with approval, the action of the Department of Religious Education in uniting with other Protestant Sunday-school Boards in a joint promotion of teacher training during September and October, and would urge our Presbyterial committees to assist in this work.

3. We note the active promotion of Daily Vacation Bible Schools by the Department, and commend this plan of religious instruction to the Church.

4. Regarding our Young People's Societies, we commend the judgment of the Department in considering the Summer Conferences as vital to the maintenance of spiritual vitality and trained leadership; and in providing, under the trying conditions of the year, for conferences at fourteen different centers.

5. We heartily recommend the first Sabbath in February as a special day for Young People's Societies, and that on the evening of this day a young people's service be held and a special offering made for the maintenance of our denominational work for Young People's Societies.

6. We recommend that our Religious Education Department, in coöperation with the General Board of Education, urge denominational schools and seminaries to make provision in their

curricula for the training of students in religious education leadership; and that our schools give larger opportunity in courses of study for the training of those who wish to take up the work of directors of religious education in individual churches.

7. We urge the greater use of organized class activities, both for the secondary division and the adult division—believing that in this manner the needs of the older boys and girls, as well as of the young people, may be fully met.

8. We urge the continuation of efforts to secure recognition of the Bible in secular schools, either by its use in the curricula of such schools or by securing high school credits for Bible instruction given in the Sabbath schools, as has been found successful in several states of the union.

Editorial Department

1. We recommend that inasmuch as the Board provides for the needs of all schools, either through the unified lesson helps or through the departmental graded lesson helps, all our schools make use of the publications of their own Board; and that those who are still using lessons that are graded by years or who may be thinking of adopting graded lessons, consider carefully the advantages of the departmental graded lessons, or order others supplied through the Board.

2. That copies of "For God and Country," hymns for use in war time, which has been in the hands of this Assembly, be recommended to all our churches and Sunday schools; that the Board's series of war tracts, "Living Messages for Soldiers and Sailors," be circulated among our boys who are going to cantonments; and that the abridgment of "The Book of Common Worship," which was prepared at the instance of the Assembly's National Service Commission, be pushed through the Commission, and otherwise.

3. That in anticipation of days when the problem of an adequate supply of candidates for the Gospel ministry will be graver than ever, pastors and sessions give special attention to the circulation among boys and young men of the admirable vocational library issued by the Board.

Business Department

1. We congratulate the Board upon the success of its business operations during the past year, and commend its present policy as shown in the efficient depository system through which its constituency is being served. In spite of adverse industrial

conditions the volume of business has been greater than in any previous year, with a corresponding increase of its net profits.

Members Re-elected

Your Committee would ask the Assembly to confirm the election as members of the Board of Publication and Sabbath School Work of the Rev. Raymond H. Gage, D.D., to fill the unexpired term of Rev. L. Y. Graham, D.D.; and of Rev. M. J. Hyndman, D.D., to fill the unexpired term of the Rev. W. Beatty Jennings, D.D.,; also the re-election for a term of three years of the following:

Ministers	*Elders*
Rev. Harold McAfee Robinson,	Wm. W. Allen,
Rev. Raymond H. Gage, D.D.,	Thomas W. Synnott,
Rev. W. Courtland Robinson, D.D.,	George Hale, M.D.,
Rev. George H. Hemingway, D.D.,	George R. Russell,
	Thomas R. Patton.

We recommend for election, for the full term of three years, the Rev. Dayton A. Dobbs, D.D.

Answer to Overtures, Nos. 37 to 45

Referring to the matter of Sabbath-school work among the Cumberland Presbyterian Church (colored), the Committee presents the following recommendation:

Whereas, it was agreed on the union of the Presbyterian Church, U. S. A., and the Cumberland Presbyterian Church, that the united Church should occupy the same relation to the colored Cumberland Presbyterian Church as has existed toward that Church by the Cumberland Presbyterian Church, therefore,

Resolved, that the Board of Publication and Sabbath School Work be authorized to employ a competent Sabbath-school missionary, to work in suitable places within the bounds of that Church.

Respectfully submitted,

C. L. Overstreet, *Chairman.*

Eightieth Annual Report

The Board of Publication and Sabbath-School Work presents to the General Assembly its Eightieth Annual Report briefly as follows:

War Conditions

During the past year all our work has been done under conditions imposed by the war, making our regular work, in many ways, more expensive and difficult, while, on the other hand, presenting new and great opportunities for service.

The detailed reports of the several departments will show that despite numerous obstacles, the work of the Board has been carried on successfully; and in some departments with better results than ever before. A year ago our contributions were **$215,442.71,** the largest amount received in any year up to that time. This year, our receipts were **$237,879.16,** an increase of **$22,436.45.**

The report of the Missionary Department will be found on pages 7-13.

The Board's Business

The total business for the past year amounted to **$1,325,307.41,** which includes sales of periodicals, books and Church and Sabbath-school supplies. The results are most gratifying in view of the business conditions prevailing throughout the country on account of the war.

The Board's business is becoming more and more widespread with the growth of our country; and is successfully carried on, not only in Philadelphia but by means of Depositories located in some of our larger cities. Changes have been made in the location of three of these Depositories, necessitated by new conditions in the cities where situated, but in each case an advance step has been taken.

Further reference to the Business Department will be found on pages 32-35.

Religious Education

The Department of Religious Education has oversight of the various educational agencies of the local church. Special efforts have been made during the year to promote religion in the home, teacher training, organized Bible classes, and evangelism.

The summer conferences and winter institutes for our young people are growing in favor; and in response to urgent appeals,

the number of conferences and institutes is being increased. Last year a young people's conference was held on the Pacific Coast for the first time. This will be continued this year. Several new conferences will also be held. Through these agencies our Presbyterian young people are being instructed and trained for efficient service.

At the September meeting of the Board, Dr. Robert W. Veach, Secretary of Religious Education, was given permission to render service along lines of religious education in soldiers' camps for three months, under the auspices of the National War Council of the Y. M. C. A. of the United States. He was appointed Director of Religious Education and assigned to Camp Dix, where he did efficient work.

Dr. Veach's leave of absence was subsequently extended until May 1. Meantime, urgent appeals having come from our army in France for additional Y. M. C. A. representatives, the National War Council requested that Dr. Veach be given permission to undertake oversea service from April to October. Realizing the importance of ministering to the religious needs of our soldiers abroad, the Board released him for the desired service.

Reference to the work of the Department of Religious Education will be found on pages 18-22.

Editorial Work

The improved Departmental Graded Lessons, which the Board presented to the Church last year as a forward step in Sabbath-school lessons, have been well received. It has been found that they are well suited to the educational needs of the larger as well as the smaller schools; and during the year they have been largely used in the Sabbath schools of our Church, and of other denominations. These lessons are now studied by more than 300,000 teachers and pupils in our Sabbath schools.

The Editorial Department has in every way endeavored to ally itself with the patriotic work in which the country is engaged, particularly in the preparation of books and tracts for our soldiers and sailors.

The details of the work of this Department will be found on pages 23-26.

Changes in the Board and Staff

During the year the Rev. James A. Worden, D.D., who was for upwards of thirty-nine years an executive officer of the Board, and the Rev. Loyal Y. Graham, D.D., a member of the Board for forty years, passed away. Appropriate record has been made in the Minutes of the Board of its appreciation of the long and faithful service

of these men who gave so much thought and effort to the promotion of its interests.

At the January meeting the Board accepted with regret the resignation of the Rev. W. Beatty Jennings, D.D., who had been one of its members since June, 1906. The Rev. Raymond H. Gage, D.D., was elected to fill the unexpired term of Dr. Graham, and the Rev. Matthew J. Hyndman, D.D., to fill the unexpired term of Dr. Jennings. The Assembly is requested to confirm these elections.

Election of Members The term of office of the following members of the Board will expire in June:

Ministers:	*Elders:*
Rev. Harold McAfee Robinson,	William W. Allen,
Rev. Raymond H. Gage, D.D.,	Thomas W. Synnott,
Rev. W. Courtland Robinson, D.D.,	George Hale, M.D.,
Rev. George H. Hemingway, D.D.,	George R. Russell,
Rev. Richard W. Binkley, D.D.	Thomas R. Patton.

The Board respectfully recommends that these ministers and elders be reëlected to serve for three years.

Missionary Department

The missionary activities of the Board have been carried on during the year with a larger force of field workers than has been employed in any previous year.

The results of the year show a gain over former years, not only in new fields entered and new schools organized, but also in the development of schools previously established.

The work has been done under the supervision and with the approval of the Presbyteries and Synods, and thus it has commended itself to their generous support. Notwithstanding the large number of calls for war relief, and other worthy enterprises, we are able to report a substantial increase in our income from contributions.

The total amount received in contributions during the year is **$237,879.16**, an increase of **$22,436.45** over last year. The sum of **$36,491.92** was realized from interest on invested funds, income from the Witherspoon Building and other sources. Owing to a decrease in the net income from the Witherspoon Building, due partly to increased operating expenses, the sum of **$9,999.18** was appropriated by the Board out of the profits of the Business Department, making the total receipts for the year **$284,370.26.**

The following table of contributions for the past ten years shows how this work has steadily grown in the confidence and support of the Church:

Contributions from Churches, Sabbath Schools and Individuals

1905-1906	$130,119.00
1906-1907	136,695.59
1907-1908	160,971.96
1908-1909	155,762.34
1909-1910	170,075.96
1910-1911	181,853.71
1911-1912	177,694.34
1912-1913	189,364.08
1913-1914	192,707.92
1914-1915	200,979.24
1915-1916	211,993.88
1916-1917	215,442.71
1917-1918	237,879.16

Administration

That the strictest economy is practiced in administering this work is shown by the fact that out of a total expenditure of **$286,777.52** the office salaries and

expenses, including a portion of the salaries of the Secretary and Treasurer, amounted to **$11,586.77**, or **4** per cent. It is the constant aim of the Board to spend the money given by churches, Sabbath schools and individuals upon the actual missionary work upon the field and to reduce the office detail to the minimum consistent with efficiency.

Field Work

The total number of missionaries engaged in this service last year is **179**, covering **183** Presbyteries and **39** Synods. Two of our most efficient workers have been given to the Y. M. C. A. for religious work among the soldiers. They are "somewhere in France" obeying the call which came to them because of previous training and experience in Y. M. C. A. work.

Rev. C. W. Laufer, the Board's field representative in New York, during November and December assisted the American Committee for Armenian and Syrian Relief in presenting its appeal to the Sabbath schools of our Church. His work was efficiently performed and received the thanks of the Committee.

New Fields

New fields have been entered in Montana, Louisiana and Arkansas and readjustments have been made in other Synods looking toward more efficient service in behalf of districts where strategic opportunities are presented.

Sabbath-Schools Established

The reports of the missionaries show **957** new Sabbath schools organized and **333** revived, a total of **1,290**, with **4,240** officers and teachers and **39,344** pupils. In a number of Synods careful surveys have been made which will lead to still larger reports of new work during the coming year.

Coöperation

We have enjoyed close coöperation with the Home Mission forces in our field labors. This has been accomplished largely through the plan of holding joint meetings of the Committees on Publication and Sabbath-School Work and Home Missions, and by joint representation of these two agencies on each committee. A definite policy of field work has thus been arranged, tending to eliminate friction and overlapping.

Educational Development

The Sabbath-school missionaries are responsible for the organization of new schools and their development. In addition to this they are encouraged to aid the Sabbath schools of churches on their fields needing their assistance. Progress has been made in this phase of the field work, the missionaries reporting **398** Cradle Rolls and **400** Home Departments started; **489** teacher training classes, **188** organized adult classes and **148** secondary division classes. Conferences were held with Sabbath-school workers in **2,613** schools;

716 institutes were conducted and 85 young people's societies were organized.

Churches Developed

In many places where mission schools are organized, the local interest develops to such an extent that regular preaching services are desired. This usually results in a request for the organization of a church. Growing out of the Sabbath schools organized in previous years, and in response to the careful nurture of the missionaries, 43 churches have been organized during the past year. Of this number 32 are Presbyterian churches. During the thirty-one years in which this work has been carried on, 1,868 Presbyterian churches have thus been organized, and 706 churches of other denominations.

Church Property

With the organization of a church, the demand frequently comes for a house of worship. Last year, the new churches reported by our missionaries as the outgrowth of their work erected 37 buildings valued at $123,025. It is worthy of note that the value of the property thus acquired is 43 per cent of the total cost of the work for the entire year, and that the Church is thus receiving a substantial return financially as well as in the growth of its membership and influence, from its gifts, to this cause.

Sabbath Schools Nurtured

The tabulated statement on page 16 shows 2,807 Sabbath schools under the care of the missionaries, with 11,665 officers and teachers and 99,710 pupils.

Evangelistic Work

At favorable seasons during the year evangelistic services were held in the communities in which these schools are located. Last year these meetings resulted in 3,050 professed conversions.

Visitation Work

The visitation of scattered homes and the taking of the Gospel message to thousands whose spiritual welfare would otherwise be utterly neglected, is one of the most important features of our field work. Last year our missionaries ministered to 121,109 families, leaving Gospel tracts, Bibles and Testaments, and doing much personal soul-winning work.

Literature

They distributed 1,616,887 pages of tracts and periodicals, besides 17,378 Bibles, Testaments and other religious books. Grants were made to mission churches, pastors and missionaries, totaling 6,163 volumes and 10,906,359 pages. In accordance with our usual custom we have extended liberal aid to Sabbath schools unable to provide themselves with necessary equipment. Lesson Helps, Bibles, hymnals and libraries have been donated to the amount of $9,863.09. More than two

thousand schools received assistance in this respect during the year.

Vacation Sabbath-School Bands

The plan of enlisting the pupils of the boarding schools conducted by the Board of Missions for Freedmen in Sabbath-school work during the summer vacation is growing in popularity and results. Last year 735 voluntarily enrolled in this work, reporting 38 new schools organized and 2,358 pupils added to the membership of existing schools.

Providing for the Missionaries

In recognition of the sacrifices the missionaries are called to make, in view of the increased cost of living, the Board granted to each missionary a sum equivalent to 10 per cent of his salary.

Children's Day and Rally Day

These two special days continue to be observed by our Sabbath schools with increasing interest in the work for which their offerings are asked. Last year the offerings reached the highest figure, showing an increase of 8 per cent over the previous year. More than 6,000 schools used the Children's Day programs and about 2,500 schools used the patriotic Rally Day service, taking an offering for our work among immigrants.

Congregational Offerings

Gifts from congregations continue to show an increase. Many congregations fell into the habit of omitting our Board from the budget of their benevolences in view of the offerings given by their Sabbath schools on Children's Day. By persistently bringing this work before the congregations as a cause worthy of a proportionate share of their missionary gifts, the number of non-contributing congregations has been gradually reduced. During the past ten years congregational offerings have increased over 60 per cent.

Presbyterial and Synodical Committees

These committees have responded cheerfully and effectively to every request for their coöperation in obtaining increased support from churches and Sabbath schools and in presenting the cause to their respective Presbyteries and Synods. The Board records its gratitude for the helpful service thus rendered.

Catechism Rewards

The number of Sabbath-school pupils who last year took advantage of our offer of a Bible as a reward for memorizing the Shorter or Intermediate Catechisms is 867.

Immigrant Work

The number of missionary colporteurs engaged last year was **38**, exceeding that of any previous year. Students in Bloomfield and Dubuque Seminaries were engaged for special service during the summer months, and as a result of their efforts a number of new mission stations were opened which give promise of growth and permanency.

The colporteurs visited **58,976** families, and distributed by sale and gift **7,472** Bibles and Testaments, besides **16,581** other religious books and **168,080** pages of tracts in many different tongues. The total amount of their sales is **$2,613.12.**

Foreign Periodicals

Supplementing the work of the missionary colporteurs and pastors, our weekly papers in foreign languages are doing effective work.

For Bohemians

Our two Bohemian papers, "Krestancke Listy" (The Christian Journal) for adults, and "Besidka" (Story Hour) for children continue to be well received and supported. Their circulation has increased notwithstanding the discontinuance of many subscribers abroad on account of the war.

For Ruthenians

It became necessary during the year to obtain a new editor for "Sojuz" (Union) owing to the resignation of Mr. Bczynskyj. We were fortunate in securing the Rev. John Kocan, a Ruthenian minister from Canada, who is employed jointly with the Presbytery of Pittsburgh. The paper is increasing the number of subscribers under his administration.

For Hungarian Magyars

Under the efficient management of Rev. Alexander Harsanyi, Ph.D., our weekly paper for Magyars has shown encouraging growth. The Sabbath-school teachers' monthly magazine, "Bibliai Tanito" (Bible Teacher), is rendering helpful service in the Magyar missions in different localities.

For Italians

The Italian paper "L'Era Nuova" (The New Era) has completed a year of success and growth. Its circulation is increasing week by week and it is regarded as one of the leading publications in the Italian language in America.

For Poles

The Polish paper "Slowa Zywota" (Words of Life), published by the United Presbyterian Board of Publication, meets the needs of that work so effectively that our Board continues to coöperate in its support and distribution.

Bible Picture Cards

The number of Scripture cards, printed in six different languages, continues to increase in response to an enlarged demand, both as a lesson help in immigrant Sabbath schools and for visitation work. The number printed each quarter is now **19,000** sets.

Acknowledgments

Although the American Bible Society has been greatly hindered in its work owing to inability to obtain either the necessary quantity of material for its own editions or editions in foreign languages printed abroad, it has graciously responded to our calls during the year, for which we extend our hearty thanks.

The Committee on Foreign Work in Pittsburgh Presbytery has continued to coöperate in a most cordial and efficient manner in supervising our publication in foreign languages, a service which the Board recognizes and for which we are most grateful.

Department of Religious Education

The work of religious education has gone forward in a most encouraging manner. The turmoil and shadow of a great world war has only deepened the sense of its importance. Substantial progress is being made.

Special Campaign in Religious Education

The first three months of the calendar year were devoted to a special campaign, emphasizing five phases of religious education in the local church: (1) religion in the home; (2) teacher training and normal classes; (3) organized Bible classes; (4) young people's work; (5) evangelism. This campaign sought particularly to unite the churches in a special effort to maintain the spirituality of the local church, and the efficiency of all her organizations; also to relate the religious work of the local church to the religious work in the camps and cantonments. The call of our young men to service was the occasion of the breaking of many home ties, which afforded the opportunity in many instances to establish the family altar and strengthen the spiritual home ties.

The need of leaders of religious life among the men in service was a challenge to the local church to offer all possible assistance in keeping the men spiritually strong; first, by maintaining the teacher-training classes in the local church, which by their work should prepare men to teach the Bible among their comrades serving under the colors; second, by maintaining the organized class work, and enrolling in the class men in the camp, and giving these men spiritual backing; third, by maintaining the young people's society work, and through the society meetings preparing young men to assist in the religious work of the camp; fourth, in all of the work promoting evangelism. The response of the Church to the plan was hearty and results are evident.

Graded Missionary and Benevolent Education

The Conference on Missionary and Benevolent Education, composed of representative members of the different Boards of our Church, has completed its organization. The main task has been divided among several committees. Each committee has been working faithfully to provide the best plan, program, mate-

rial, and method of promoting constructive missionary and benevolent education in the local church. Definite results will be available for the Church in the year ahead.

Religion in the Home

Aside from the special emphasis given the development of religion in the home by the special campaign of the winter, this work has been emphasized, throughout the entire year, and special literature printed. The result has been that religion in the home has received a new impetus in many churches by special sermons, distribution of literature, family canvass, or special meetings.

Daily Vacation Bible School

Two types of Daily Vacation Bible Schools are recognized. First, the school established in the midst of children of foreign parentage. This aims particularly to reach and interest both the children now in Sabbath schools and those attending no Sabbath school. Second, the school in the average country village or city community. This aims to provide for the children of the Sabbath school and any others that may be reached instruction closely related to the regular Sabbath-school Departmental lessons. In this work the Board coöperates closely with the Board of Home Missions, which promotes particularly the schools of the first type. The promotion work of this Board centers in schools of the second type. The curriculum has been determined, and literature published. Fifty-two classes with an attendance of 3,250 may be credited to the first year of promotion by this Department. Two new courses of study were issued.

The Christian Educator

THE CHRISTIAN EDUCATOR is issued quarterly and is the message of the Department to the churches. One free copy goes to each church for the use of the pastor and Sabbath-school superintendent. It has been made available to all who desire it through a subscription of twenty-five cents.

District Representatives

The full time of two men and half time of a third is devoted to the promotion of the field work of this Department. Rev. Calvin W. Laufer, New York City, giving one-half time each to the Missionary Department and the Department of Religious Education, is representative in New York, New Jersey, and New England; Rev. Gerrit Verkuyl, Ph.D., Chicago, is representative in Min-

nesota, Wisconsin, and Illinois; Rev. George C. Fracker, Ph.D., Kansas City, is representative in Colorado, Iowa, Kansas, and Missouri. During the past year, as special work, Dr. Fracker gave a series of lectures in McCormick Theological Seminary.

Sabbath Schools

While the whole task of religious education touches Sabbath schools in many ways, there are certain specific tasks centering in this organization of the Church.

Curriculum—Departmental Graded Lessons. This Department, coöperating with the Editorial Department, has completed the curriculum for the Departmental Graded Lessons, which includes the Adult Department. Special courses have been developed which will be offered next October. Further electives will be provided later. (For details see report of Editorial Department, page 23.)

Teacher Training

The work of this year has centered mainly in the promotion of the new three-year course, "Thoroughly Furnished." Statistics covering the teacher-training work are as follows:

Active classes enrolled March 31, 1918	1,006
Pupils enrolled in these classes	8,436
New classes enrolled April 1, 1917 to March 31, 1918	548
(Of these 107 were in "Thoroughly Furnished.")	
New pupils enrolled	4,030
(Of these 814 were in "Thoroughly Furnished")	
Papers examined	6,769
Diplomas issued	1,154

Organized Classes

New leaflets have been printed to assist Sunday-school classes in organizing, in understanding the peculiar responsibilities of the class, and in carrying forward their work. New classes registered are:

Adult	502
Secondary	637

Young People's Work

The task of religious education touches young people's societies in general. At the same time there are specific tasks centering particularly in young people's societies. Through correspondence, literature, and field work assistance has been given the local churches in organizing Junior, Intermediate, and Young

People's Societies, and in developing the work of the societies where organized.

SUMMER CONFERENCES. No work for young people's societies is more conspicuous than the summer conferences which seek to combine constructive education, intensive training, and wholesome recreation. Conferences vary—some emphasize the religious educational work of the entire Church; some, Sabbath schools; and others, training and leadership in young people's societies. Last year twelve conferences were held, having an attendance of **1,415** delegates. Summer conferences were held last year as follows:

Hastings, Neb., for Nebraska, Northern Kansas, Western Dakotas, and Colorado.

Winona Lake, Ind., for Ohio, Indiana, and Illinois.

Pocono Pines, Pa., for Pennsylvania, New York, New Jersey, Delaware, Maryland, and New England.

Storm Lake, Iowa, for Iowa and Eastern Dakotas.

Alamitos Bay, Cal., for California.

Ovoca, Tenn., for Alabama, Mississippi, Kentucky, and Tennessee.

San Marcos, Texas, for Texas.

Hollister, Mo., for Missouri, Oklahoma, Arkansas, and Southern Kansas.

Macalester College, Minn., for Minnesota.

Carroll College, Wis., for Wisconsin.

Alma, Mich., for Michigan.

CITY INSTITUTES. Some of our largest cities have requested the Department to hold winter institutes for the benefit of their young people. These institutes endeavor to provide, on a small scale, what is given in the summer conferences. During the past year institutes were held in New York, Brooklyn, Indianapolis, Pittsburgh, St. Louis, Philadelphia and Chicago. The Department coöperated in holding institutes in several other cities. An average of **150** delegates attended these institutes.

Special Program

Coöperating with the Women's Boards of Missions, which have direct responsibilities touching missionary education in young people's societies, a Presbyterian Young People's Society Program has been prepared and printed in leaflet and on wall chart, and distributed to the societies requesting it. In the peculiar national situation, young people's societies needed direction, and a special Wartime Program was issued.

Special Days

RALLY DAY. A special program was issued to assist the young people's societies in making the best possible start in the fall.

YOUNG PEOPLE'S DAY. The first Sunday in February has been regularly observed as Young People's Day. The Department has sent out a special program. The significance of this day centers in presenting to the whole church: first, the work of all the different expressional organizations of the local church; second, that of YOUNG PEOPLE'S WORK, Denominational Headquarters, and the securing of an annual offering to support the work.

Editorial Department

Patriotic Service

The tremendous conflict in which America has taken her place with the forces that are struggling for world liberty and righteousness has demanded special service of the Board through its Editorial Department in the interest not only of the soldiers and sailors, but of the pastors and their people at home, and the children and young people of the Sabbath school. This service has been rendered in five distinct ways:

1. By authority of the last Assembly, a permanent supplement, to be known as "The Supplement of 1917," has been added to THE HYMNAL, and is now printed in all three editions, as a part of THE HYMNAL. It includes Kipling's "Recessional," "The Star-Spangled Banner" and "Battle Hymn of the Republic," with appropriate music. The Board will also furnish the supplement in sheets, which can be laid in THE HYMNAL, either that of 1895 or that of 1911.

A similar supplement for use with ALLELUIA contains "Battle Hymn of the Republic" and Chorley's Hymn for Peace.

2. There has been prepared, at the instance of the Assembly's National Service Commission, an abridgment of the BOOK OF COMMON WORSHIP for the use of soldiers and sailors. This was prepared by Louis F. Benson, D.D., as one of the editors of the original BOOK OF COMMON WORSHIP. The circulation of this book, here and abroad, has been about 18,000 copies. This book is so well adapted to the work in camps that its circulation so far seems relatively small. It should be pushed through the National Service Commission, and through the Young Men's Christian Association.

3. The Board has also published within the last month a new hymn book, FOR GOD AND COUNTRY, HYMNS FOR USE IN WAR-TIME, prepared by the editor of THE HYMNAL, Doctor Benson. This is a pamphlet of thirty-two pages, containing thirty-four hymns, and three appropriate selections from the Psalter.

FOR GOD AND COUNTRY is primarily intended for the use of churches, Sabbath schools and Associations at home rather than for use in the camps. It contains much material that will be fresh both in words and music, as well as what is familiar. The Board believes this to be superior to anything else obtainable

for the purpose, and asks the aid of the General Assembly in its circulation.

4. LIVING MESSAGES FOR SOLDIERS AND SAILORS, fifteen war tracts prepared by those who understand men, for use in dealing with the spiritual problems of the boys in the camp and at the front. (The titles of the separate tracts are given in the table at the close of the Editorial Committee's report.)

5. In all of the Board's periodicals the patriotic note has been struck. In the Sabbath-school papers Food Conservation, Armenian and Syrian Relief, the Liberty Loans, War Savings Stamps, and the messages of President Wilson have given frequent opportunity for special emphasis. For FORWARD there is planned a series of stories that will bring out moral lessons from soldier life and will teach the truest patriotism.

Both *Armenian and Syrian Relief* and *Food Conservation* called for treatment in connection with some of the Sabbath-school lessons. For a committee of the Sabbath School Council the Editor of the Board prepared a list of lessons, for 1918, both Uniform and Graded, in connection with which such references could be made.

In THE WESTMINSTER ADULT BIBLE CLASS and in the *Departmental Graded Lessons,* especially those for Intermediates and those for Seniors, it has been found wise to make frequent reference to soldier and sailor life.

Thus the great conflict in Europe has been used to teach the young people about good citizenship, both in their own land and in the Kingdom of Heaven.

Westminster Graded Guide Books

This series of forty-cent manuals for Sabbath-school workers is approaching completion. During the year the following volumes have been printed:

THE PRIMARY DEPARTMENT
THE INTERMEDIATE DEPARTMENT
PROBLEMS OF THE INTERMEDIATE AND SENIOR TEACHER
THE ADULT DEPARTMENT: ITS SCOPE AND OPPORTUNITY

Volumes in the series already issued are as follows:

THE CRADLE ROLL DEPARTMENT
OUR JUNIORS: HOW TO TEACH AND TRAIN THEM

Volumes are in preparation on *The Senior Boy, The Senior Girl, The Beginners Department,* and *The Home Department.*

New Standard Westminster Teacher Training Course

The books for this course are being issued under the general title, THOROUGHLY FURNISHED. The first-year volume was published in 1917. For the second year, parts have already been issued as follows:

Ten lessons on *How to Teach the New Testament* (in addition to the Life of Christ, which is treated in the first year), by Rev. Hugh T. Kerr, D.D.

Ten lessons on *How to Train the Devotional Life,* by Edgar W. Work, D.D.

The remaining two parts will be issued later in the year: Ten lessons on *How to Teach the Old Testament,* and ten lessons on *The Program of the Christian Religion.* The lessons on the Program of the Christian Religion will be prepared by John A. Marquis, D.D., LL.D.

The Departmental Graded Lessons

The plan outlined for the Departmental Graded Lesson Series, which was announced to the Church early in 1917, has been carried out and arrangements have been made to offer lessons for the remaining departments beginning with October, 1918.

On October 1, 1917, *Intermediate Departmental Graded Lessons* were first issued.

In October, 1918, *Senior Departmental Graded Lessons* will be provided.

Beginning October 1, 1918, *Departmental Graded Lesson Electives* will be offered for the Young People's Department.

The call for *Departmental Graded Lessons for the Adult Department* will be met, also beginning October 1, 1918, by providing a Departmental Lesson Edition of *The Westminster Adult Bible Class.*

Teachers' helps for all the lessons up to and including the Young People's Department are offered in special quarterlies. Teachers' helps for the Adult Departmental Lessons will be provided in THE WESTMINSTER TEACHER, together with the teachers' helps on the Uniform Lessons.

In connection with these announcements the revised schedule of grading, as adopted by the Board in common with the Sabbath-school agencies of a number of other Churches, should be noted. This is not only the ideal grading for schools that use the Departmental Graded Lessons, but it is the ideal grading for all schools:

BEGINNERS, 4 and 5 years
PRIMARY, 6, 7 and 8 years
JUNIOR, 9, 10 and 11 years
INTERMEDIATE, 12, 13 and 14 years
SENIOR, 15, 16 and 17 years
YOUNG PEOPLE, 18 to 24 years
ADULT, 25 years and over

Reception of the Departmental Graded Lesson Series

During the quarter ending March 31, 1918, **300,884** teachers and pupils in Presbyterian Sabbath schools, below the Senior Department, were using the *Departmental Graded Lessons.* The number using them is growing rapidly.

Business Department

Despite the trying conditions under which we have labored during the past year on account of the war, the Business Department has had a most successful year, both as to sales and net profits.

Sales and Profits

The sales for the year are as follows:

Books Published by the Board	$ 83,126.72
" " " Other Houses	223,419.62
Church and Sunday-School Supplies	293,132.19
Lesson Periodicals and Illustrated Papers	725,628.88
	$1,325,307.41

This represents an increase over the business of last year of **$161,528.44.**

Notwithstanding the increased cost of manufacture and higher operating expenses, we have, fortunately, been able to maintain a fair ratio of net profit, so that we are able to declare a profit on the year's business of **$86,209.98,** one-half of which will accrue to the capital at the beginning of the year (**$500.-935.17**), making the present capital **$544.040.16.** The remaining half (**$43,104.99**) will be credited to the Department of Religious Education for the maintenance of this important work committed to the Board by the General Assembly.

Industrial Conditions

We have faced throughout the year industrial conditions without a precedent. The scarcity of labor, the rapidly mounting cost of raw material, the demoralized transportation facilities, and the demand for higher wages have had to be met. The Board is deeply grateful that, thus far, they have been met successfully. Present indications point to increasing difficulties to be encountered during the year that we are now facing, which may possibly compel some revision of selling prices in order to conserve the Board's resources. The Board will use its best efforts to meet the needs of the Church wisely and judiciously, in any changes of business policy that new and unforeseen conditions may compel, feeling assured at all times of the kindly

forbearance and sympathetic coöperation of its loyal constituency, which have never as yet disappointed its expectations.

Pocket Testament League

The Board has been the distributing agency for the Pocket Testament League for a number of years. The object of the League is to encourage the reading of the Bible, and anyone can become a member without any cost by the simple pledge to carry a Testament with him constantly and to read a portion every day. Through this avenue the Board has disposed of **500,000** copies during the last five years. The past year has been a particularly active one for the League in providing Testaments for the soldier and sailor boys who have gone over sea or who are in training to go, and our sales of this one item of merchandise during the year have approximated **$75,000.**

The Hymnal

The Hymnal, revised in 1911, is still pursuing its successful way. During the past year **164** churches have adopted it and **25,000** copies have been sold. Together with the original edition, The Hymnal of 1895, it is now in use in about **3,000** churches and over **500,000** copies have been sold. It is, however, a disappointment to find that a number of the leading congregations in different parts of the country still cling to the hymn-books of commercial firms. The number of these churches is steadily diminishing and we hope shortly to see The Hymnal in universal service throughout our denomination.

The success of "Alleluia" has also been most gratifying, **123** schools having adopted it during the year and **35,000** copies having been sold.

Depositories

We have made satisfactory changes in the location of several of our Depositories and are contemplating the removal of our St. Louis Depository to brighter and more attractive quarters in the near future. Our Pittsburgh representative is also making preparations to move into more convenient rooms very shortly.

San Francisco Depository

After many years experimenting with a retail book store on the ground floor, in the interest of economy and still greater efficiency, the Depository was removed from the corner of Sutter and Stockton Streets to the fifth floor of the Hammond Building, on the corner of Post and Stockton Streets, overlooking Union Square. A fine book store is maintained, a room is provided for

ministers' meetings, etc., and adjoining offices are rented to the Pacific Coast representatives of the Boards of Home and Foreign Missions.

Nashville Depository

Ever since the union of the Cumberland and Presbyterian Churches the Board has maintained a book store at 415 Church Street. The tide of retail business has been steadily moving westward, and so we consider that a prudent move was effected when we went with the tide and located our new store at 711 Church Street. The entire building has been rented and the store adequately equipped to meet the demands of a rapidly growing business.

Chicago Depository

The old location in the Ohio Building, which our Chicago Depository has occupied for the past ten years, was in the lower end of the loop district and was most inconvenient for Chicago Presbyterians. The new location is on the second floor, at 125 North Wabash Avenue, directly opposite the Marshall Field Building and within a block of the Stevens Building, where the other Presbyterian agencies of the city are located. The Depository has been beautifully equipped, and while the greater proportion of its business in the past has been done by mail it is fully expected that this more convenient and attractive location will not only stimulate a larger retail business, but will put the resources of the Board at the disposal of a greater number of our people who reside in this active city.

Depository System

Our whole Depository system has given eminent satisfaction and was developed from a close study of the needs of our constituency. Our houses identify the work of the Board with the principal sections of the country, which, with their varying needs, have more or less different requirements. Our managers are carefully selected men who have had the peculiar training necessary for the successful conduct of a religious book and periodical business.

These Depositories are located as follows and, with the exception of the representative in London, furnish the Board's publications at uniform prices:

FORTY-EIGHTH ANNUAL REPORT

The Board of the Church Erection Fund

OF THE GENERAL ASSEMBLY OF THE
PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA

EASTMINSTER CHAPEL OF 1st CHURCH,
ALMA, MICHIGAN

I.

Review

The Board of the Church Erection Fund takes pleasure in submitting its Forty-eighth Annual Report to the General Assembly.

Considering the numerous appeals that have been made to churches and church people, for many worthy causes, the past year has been a remarkably successful one. In the midst of the joy of service we have been called to mourn the loss of our beloved member, Mr. James A. Frame, an honored elder in the Fifth Avenue Presbyterian Church, New York. The Assembly of 1908 elected Mr. James A. Frame a member of this Board and immediately Mr. Frame took a deep interest in its work. The Board of Church Erection bears testimony to the faithfulness of Mr. Frame, and to his fine character. Suitable action was taken by placing on record, in the Minutes, the Board's high esteem of Mr. Frame's service.

II.

Assembly Recommendations

The recommendations of the Assembly of 1917, have been carried out faithfully by the Board and the liberalizing of the rules has been greatly appreciated by many ministers and church officers. Year by year the Assembly is enabling the Board "to clear the decks" for vigorous action. The rules of the Assembly are the accumulated wisdom of many years but the moment a rule hampers the Board's work it should be changed. "Red tape" is unpopular in these times. Changed conditions necessitate changes in plans and rules.

III.

A Full Mail Pouch

Annually, the Secretary of the Board receives from 8,000 to 9,000 letters, and from 3,000 to 4,000 come to the Treasurer, in addition to the letters containing remittances. Attention is called not simply to the magnitude of the correspondence, but to its character. Letters from pastors and church officers have been most gracious and highly appreciative. Between the Board and the churches there is a fine feeling of fraternity. Much of the correspondence is from pastors, who, in the midst of great discouragements, are doing heroic work. The members of the Board take great pleasure in assisting all of our churches, but especially churches that are in the midst of a great struggle.

We take out a few letters from the "Mail Pouch" and quote the generous sentiments which they contain:

"I wish to acknowledge check from the Board of Church Erection. The additional fund will enable us to meet our situation much more adequately, and we are grateful for such an agency in our Church as the Board of Church Erection."

"Many thanks to the Board for voting us the Loan asked by our church."

"I am glad the Board has taken the action it did in the matter of a Loan without a Grant, and extended the payment of the same over twenty years. This, in my judgment, is a wise course, and I shall be glad to encourage our churches to apply for Loans from the General Fund rather than Grants in the future. I wish to express my pleasure in all the dealings we have had with the Board. We mean to live up to our contract and encourage our churches to do so."

"The draft from the Board of Church Erection reached my home while I was at Synod. In behalf of the church I wish to thank the Board for its splendid help."

"At the meeting of our church it was voted unanimously to accept the generous offer of the Board of Church Erection to loan $3,000. without interest payable $200. each year for fifteen years. Please accept my hearty thanks and appreciation for all your kindnesses."

"It is indeed an untold service for good that you are doing in lending your aid to erect churches to our denomination that would otherwise find the task too much a burden to give their ministers those home comforts so necessary to him and his family for doing their best work, in their particular parishes. May God continue to bless you and bless others as we have been blessed."

"We want to thank you again for making it possible to have this nice up-to-date little chapel for worship."

IV.

Church Erection in Presbyteries and Synods

The Minutes of many Presbyteries and Synods have reached the Board and show clearly that Church Erection cause is growing in favor.

CALIFORNIA

"The long and splendid history of the Board of Church Erection has made it possible for thousands of churches in our land to occupy positions of respectability and to bear witness to the value of tangible assets as they represent stability, dignity and devotion to all who pass by, although many may never enter the door but simply see the structure as they pass."

IOWA

"This is pre-eminently the Business Board of the Church, dealing in stocks and bonds, in loans and investments, in building plans and specifications, in collections and appropriations, in insurance policies and mortgages; but its business is strictly the King's business, and furnishes much of the material and equipment which makes possible the splendid growth and development of that Church which our Lord assured us He would build in spite of all opposition, even though it might emanate from the gates of hell itself."

MINNESOTA

"In view of the very practical and substantial assistance rendered by the Board of Church Erection, and in view of the dire need of many weak churches yet unaided we would recommend that, in addition to an offering being made by every church to this Board, those churches which have been assisted by grants from this Board, and can now afford to return the amounts received, be urged to do so, as it is now possible by the payment annually of an amount equal to ten per cent of the original amount, providing notice is given the Board of the desire to discharge the obligation in this manner."

MONTANA

"The management and up-to-date policies of the Board are to be most earnestly commended. Churches making no contribution to this Board the last year are to be notified by the Stated Clerks of the several Presbyteries of their delinquency and they be earnestly urged to make a liberal offering this year."

NEBRASKA

"Immediately upon the disbanding of any church organization, it becomes the duty of the Presbyterial Committee on Church Erection to secure the title to the property for and in the name of the Presbytery. We recommend that each church of our Synod place this Board on its budget for not less than 6 per cent. of its total benevolent offerings to all the Boards."

NEW MEXICO

"The Board of Church Erection is doing an increasingly large and useful work for our church and for the cause of the Kingdom. It is with a sense of satisfaction that we hear it spoken of by men in other churches as being the best agent of its kind in any denomination and a model toward which other communions are striving. One or two new lines, or policies, we wish to emphasize. First, the effort to secure return of Grants and Loans from churches which have become able to make returns, and the increasingly successful efforts to collect mortgages on buildings which are no longer used for church purposes."

PENNSYLVANIA

"We assure the Board of our loyal sympathy and hearty co-operation in carrying forward the work which prompted the Church to create such a Board, and urge pastors and elders to give due importance to work of this Board in making up the Budget of their churches."

TEXAS

"The Board of Church Erection should move into one of the first places in the affections of the church. It has been a pioneer of progress, a trail-blazer, a builder of the best civilization, the friend of light and truth and God.

During the more than seventy-two years of its history, it has built the little church in the wildwood and on the populous lane of the city. Millions without knowing it have worshipped in the chapels and the more pretentious temples it has erected, and received therein the word of life without knowing to what they were indebted for the privilege. In every State of our Union the Board has cast bread upon the waters lavishly."

V.

Facts to Be Remembered

The Board of Church Erection was organized in 1844 and incorporated in 1855 by the Legislature of the State of New York.

At first, the work assigned to the Board was to assist in the building of houses of worship for feeble congregations. Later on the scope of the Board's work was enlarged and the task of assisting in building manses, chapels, churches for exceptional populations, and churches for foreign-speaking peoples, and for Presbyterian college and university churches, was assigned to the Board.

The Manse Movement is making great progress. More than one-half of our ministers now live in manses. The Board believes a manse should be provided at the earliest possible moment for every settled pastor.

The Board is national in the scope of its work and assists congregations in self-supporting Synods as well as in the newer sections of the country. Much more than one-half of the appropria-

tions made by the Board last year were to congregations in self-supporting Synods.

The fundamental character of the work is appealing more and more to people of wealth and to churches; for a congregation to do its best work must have a church home and a comfortable manse for its minister.

Last year the Board assisted in erecting 162 churches and 89 manses. The total appropriations were $568,376.

Since its organization, seventy-four years ago, the Board has assisted in the building of 11,442 churches and manses.

The vastness of this agency of the Church is further shown by the fact that there are twelve separate Funds to be administered. On March 31st, 1918, there was on the books:

Productive Funds	$4,668,810 81
Contingent Items	3,357,068 64
Total	$8,025,879 45

A survey of the Board's work would not be complete without a reference to the matter of insurance.

The Board holds over 6,000 fire insurance policies all of which must be cared for and renewed from time to time and the premiums collected for the benefit of the individual church. Last year 2,000 fire insurance policies, aggregating $1,000,000.00 were renewed and premiums collected. The Board holds policies covering $5,000,000 worth of church and manse property.

The work of building churches and manses is a cause worthy of large donations from church people and an offering from every congregation in the communion.

VI.

Practical Suggestions to Congregations About to Build

1. CONGREGATIONAL MEETING

This should be called and conducted according to the Laws regulating corporate meetings. A Building Committee of the most discreet persons in the congregation should be appointed. The Committee should not be too large. The Minister should be a member. The congregation should by vote fix the amount

to be expended on the house of worship, or manse, by the Building Committee.

2. LOCATION

The location of a church is of great importance.

The last General Assembly took the following action:—

"In view of the fact that the Board of Church Erection is often called upon to appropriate money for the erection of church buildings which are poorly located, the Board be instructed to make no grants or loans until the location of the proposed building shall have been approved by the Committee on Church Erection of the Presbytery to which the church belongs."

The church, as a corporation, should have a clear title to the property. It should be in fee simple, without restriction or reversion. The lot on which a church building is to stand should be marketable, for congregations often desire to change their locations and sell their properties. It is unwise to buy a lot simply because it is cheap. Where a Deed requires that the property must always be used for church purposes, and if not so used reverts to the donor, sooner or later there will be difficulty.

3. SUBSCRIPTIONS AGREEMENT

Subscriptions should be payable, if possible, within a year. It is wise to secure as many cash subscriptions as possible, for ready money is needed the moment a church corporation begins to build. If a congregation contemplates asking an appropriation from the Board of Church Erection the subscriptions should be from one-half to two-thirds of the cost of the building, either church edifice or manse, in addition to the lot, which should be fully paid for before subscriptions are solicited.

4. APPROACH TO THE BOARD

This should be made before building plans are selected. The Board is able to make valuable suggestions and give good advice to Building Committees, if consulted before plans are adopted. Almost seventy-five years of experience by the Board ought to be worth something to every Building Committee.

5. THE ARCHITECT

When the lot has been purchased and paid for, and the Building Committee has been properly organized, the first considera-

tion should be the architect. He should be a man of experience and should study the requirements of the congregation. It is most difficult to standardize church buildings. Plans that suit one community are totally unfitted for another. Specifications for one section of the country are often too costly for another.

Churches are advised to employ the best architects. Whenever possible, the architect should be engaged locally, so that the church will have the benefit of a direct and close conference with the architect in order to secure an artistic, dignified and well-equipped church building or manse at the least possible expense.

Great care should be taken in the selection of an architect. Endeavor to secure the right man and trust him. The architect should not be measured by the fee but by the experience and the satisfaction given by his work in other communities. A good architect often saves a church far more than his fee in the cost of a building.

6. THE APPLICATION

When a church is ready to make application to the Board a letter should be written giving full information in regard to the location, the lot, the cost of the lot, architect, amount of subscriptions, and cost of the building: and, if at all possible, Building Committees should send Architect's drawings of the proposed edifice.

The rules governing the particular Fund, and also blank form of application will be promptly sent upon request, and every effort made to assist the Building Committee at the very beginning of its work.

7. BEFORE BUILDING

Before beginning the construction of a church or manse not only should complete plans be drawn but estimates should be received from responsible builders. Counting the cost before beginning will save many difficulties. As a rule, a church like an individual, should know where the money is to come from before contracts are made. This is an additional reason for consulting the Board, which under the rules made by the General Assembly, is restricted in its appropriations to a certain proportion of the cost of a church edifice or manse. Building Committees should keep themselves within the limit of the contracts and changes should not be made after the building has begun.

Congregations applying and receiving appropriations from the Board should remember that the appropriation cannot be paid by the Board until the Trustees are able to certify that with the exception of the Board's appropriation all debt has been paid, and that the Board's appropriation will remove every debt, direct or indirect, and leave the property free of encumbrance.

Only in exceptional cases is the Board authorized to advance money while a building is in course of construction. Where the rules are followed by churches no difficulty arises.

The only debt that should rest upon a church that has been assisted by the Board should be the debt to the Board itself. The Board seeks to be the friend of every church.

Practical Patriotism

When the United States was forced into war with the Imperial Government of Germany, the Board of Church Erection promptly resolved to do its part. It appointed a Committee to co-operate with the National Service Commission and the services of the Secretary and staff were placed at the call of the Commission.

The Board appropriated $50,000. or so much of that amount as might be found necessary to be expended, upon recommendation of the National Service Committee of the Board, for properly housing religious work in or contiguous to camps or cantonments constructed by the Government.

The Board invested the sum of $70,000. in Liberty Bonds.

We are living in a day when great tasks are thrust upon the Church of Christ. The Presbyterian Church is co-operating with other Christian denominations, with the Y. M. C. A., Y. W. C. A., Red Cross, and with the Government in making provision for the physical, moral and spiritual needs of our sons who have left their homes to fight under the flag of freedom. The Board of Church Erection is pledged to stand by the Government until the present, world-wide, bloody struggle shall end in victory, and a just, honorable and lasting peace shall bless the world.

Co-operation With Other Boards

The Board of Church Erection believes that the Church should mass all its forces against the enemy, and this means unity of

action, co-operation between the Boards, and comity with other Christian denominations. Communities should be provided for but not over-churched. Christian work should not over-lap.

The past year the Board has co-operated with the Board of Missions for Freedmen, the Board of Education and the Board of Home Missions. In the future still closer co-operation will be necessary in order to make the work of the Church successful.

1. With the Board of Missions for Freedmen in providing churches and manses for the colored people. The Board of Church Erection believes that every church that is needed in a community and has a population large enough to promise success and permanency should be aided. New Churches should not be organized in communities that already have churches enough to supply the spiritual needs.

2. With the Board of Home Missions. The past year conferences have been held between the Board of Church Erection and the Board of Home Missions with a view to closer co-operation. The sphere of co-operation between these two Boards is in making provision for the spiritual needs of Indian Tribes, Mormon communities, people of Cuba, Porto Rico, Alaska, in rural communities, and in providing for the needs of great communities of foreign-speaking peoples.

We must place new emphasis upon Americanism. Multitudes of people of foreign birth now living in the United States must be taught that knowledge of our institutions and loyalty to the flag and Government are absolutely essential to their becoming genuine Americans.

The Church must do its part in providing buildings and in preaching a pure Gospel. It is in this most important work that the Boards of Church Erection and Home Missions are working in complete unison.

Here is a challenge to the wisdom, patriotism, missionary enthusiasm and leadership of the Church. The challenge must be met.

3. With the Board of Education. Subject to the approval of the General Assembly the Boards of Church Erection and Education have agreed upon the following plan of co-operation.

CHURCH BUILDINGS AT CAMPS

INTERIOR CAMP LOGAN, HOUSTON, TEXAS TABERNACLE

This picture was taken at the close of an illustrated lecture on "Personal Purity." 3,700 men crowded into the building. More than 12,000 soldiers heard lectures in one day and 40,000 in four days.

TABERNACLE CAMP LOGAN, HOUSTON, TEXAS

CHURCH HEADQUARTERS, CAMP UPTON, YAPHANK, L. I.

This is an interdenominational church headquarters of Congregational, Methodist, Episcopal, Baptist, Lutheran, Protestant-Episcopal and Presbyterian churches. The edifice cost $38,000. The Board appropriated $5,000.

1. We recommend that a College or University Center shall be defined as a place where there is located an institution of higher learning that employs not less than six professors giving their full time to college and university work; that has a course of four full years in liberal arts, and science, and that requires for admission not less than the usual four years of academic or high school preparation or its equivalent, in addition to the pre-academic or grammar school studies.

2. We recommend that in providing church buildings for such college or university centers the Board of Education shall

1. Make a survey and determine what centers require buildings and approve the location of same.

2. And in the event that aid in the erection of said buildings is to be asked, of the Board of Church Erection, to submit said determination and recommendation to the Board of Church Erection for its consideration and approval.

3. And in the event the Board of Church Erection approves the recommendations secure and approve plans and specifications in conference with the Board of Church Erection.

4. Supervise the erection of the buildings.

5. Safeguard the investment by contact with the local church and with the Synod or Presbytery, or both, provided that any aid extended by the Board of Church Erection shall be secured in accordance with the powers, plans and rules of the said Board of Church Erection.

Manse Building

It is impossible to over-estimate the value of a manse to a congregation and a community. About one-half of our settled ministers are now living in manses, and a manse should be provided for every pastor.

More Manse Funds are necessary, and in the near future it may be necessary to institute campaigns for manse building. If Presbyteries would make a survey of their needs and report the result of their findings to the Board it would be possible to take up the work in a systematic manner and distribute the money equitably over the whole Church.

It is impossible for ministers to do their best work when they are obliged to move two or three times each year. It is most discouraging to young pastors who have assumed the charge of missionary fields to spend their time in looking for a place in which to live. It is sad, but it is true that in many instances ministers and ther wives find great difficulty securing a house and often they have to share a house with one or two other families.

The Manse Movement should appeal strongly to every member of the Presbyterian Church.

Presbyteries and Church Properties

The Board recommends that in all Presbyteries, whether incorporated or not incorporated, Committees on Church Property be appointed.

It should be the duty of such Committees to have general oversight of church and manse properties in the various Presbyteries and to report, annually, to their Presbyteries, and through the Presbyteries to the Board, in regard to whether churches have good titles to their properties, are protected by fire insurance, what church or manse properties have been disorganized and what properties are about to be abandoned.

It would facilitate matters greatly if each Presbytery had a Property Ledger in which all properties are noted showing the kind of title, the amount of mortgages against the properties, the condition of the properties, the amount of fire insurance carried, and the names of the fire insurance companies.

Suggestions for Church Calendars

1. Where the church makes an annual offering to the Board the following is suggested:

"The offering for the Board of Church Erection is to be received next Sabbath. The work of this Board is to assist in building churches and manses. The Board was organized in 1844 and incorporated in 1855 and its field of work is the United States, Cuba, Porto Rico and Alaska. It operates in all the Presbyteries and Synods of the Church. Since its organization this Board has assisted in building 11,442 churches and manses. The work is fundamental. A congregation cannot succeed permanently without a church home, and every minister should be provided with a comfortable manse. The Board needs larger funds for manse building. Members of the congregation are requested to read the leaflets in the pews which will give them more detailed information. If any of the members are not present when the offering is made, Mr. ....., Treasurer of Session, whose address is ..... will receive your contribution."

2. In congregations that have adopted the Every Member Plan of Benevolence the following is suggested:

The members of the congregation will find in the pews leaflets giving information in regard to the work of the Board of Church Erection, and all are requested to take these leaflets and read them carefully in the quiet of their homes. The Board of Church Erection assists congregations in building churches and manses throughout the United States, Cuba, Porto Rico, Alaska. The Board was organized 74 years ago and has assisted in building 11,442 churches and manses. If a church is to be permanent and do its best work it must have a church home and a manse for its minister. The Board is anxious to see a church in every community and a manse provided for every settled pastor. There is no more important work. Indeed, it is fundamental, and should appeal to every member of the congregation."

Insurance Matters

The Board continues the plan of insurance which is to procure a policy of insurance in some trustworthy company, the policy to run for three years. The premiums upon insurance policies are deducted from the amount of the grant or loan in the first instance, and afterwards the policies are renewed at the expense of the church aided.

The rate charged by the Board for insurance is $1.00 per $100. for three years on churches, and $.75 per $100. for three years on manses.

The policy under which the Board insures all its mortgage interest is in a high class standard company. The Board cannot take out any more insurance than the amount of its mortgage interest.

As the Board has a much lower rate throughout the United States than a church can usually secure locally, it is to the advantage of a church to have the Board buy insurance in New York.

In certain cases churches supply satisfactory insurance policies covering the amount of the mortgage.

Where a church supplies a policy it will be accepted by the Board only on the following conditions:

(1) That they are Standard Form Policies in a safe and reliable Company.

(2) That they have all the endorsements attached, with agent's signature in ink, viz.: lightning clause; permits for other insurance, gas and electricity, and gasoline stoves, if necessary.

(3) That they have the Standard Non-Contribution Mortgage Clause with loss made payable to "THE BOARD OF THE CHURCH ERECTION FUND OF THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA," as its interest may appear.

Report of the Field Secretary

THE SALE OF OLD PROPERTIES

During the past year the work of the Field Secretary, Rev. Jesse C. Bruce, D.D., continued along the usual lines as previously reported.

Special attention was devoted, with the co-operation of the Treasurer, to securing information from Presbyteries as to the churches dissolved and properties in disuse so as to make sale of such properties and return the money to the Board for present and pressing demands. A good measure of success has attended this effort. This work will be prosecuted with renewed vigor. After a church has finished its work there should be no delay in disposing of the property.

PAYMENT OF DELINQUENT LOANS

The Field Secretary has also been active in the endeavor to secure the repayment of delinquent loans. To this end visits to the localities have been made and, where the conditions seemed to demand readjustments, these have been recommended to the Board and as a rule adopted. The result has been to quicken the sense of obligation of such churches to the Board and to encourage them to new effort to free themselves from debt.

POLICY AS TO LARGER LOANS

As applications for large loans have increased the Board has adopted the policy of having the Field Secretary visit such fields

to confer with the churches. The result has been in most cases to cause a reduction in the amounts asked for.

This effort on the part of the Board was to make clear to the churches and hence, if possible, to satisfy them, that due regard to the spirit as well as the letter of the Rules, the present resources of the Board and the fundamental obligation to keep in mind the needs of all the churches require reasonable limitation of the size of loans. This policy has been working satisfactorily for the most part.

CO-OPERATION IN WAR WORK

A new feature of the Field Secretary's work has been in connection with the National Service Commission. Just after the declaration of war the Board appropriated Fifty Thousand Dollars to assist churches nearest to Cantonments or Camps to provide for the religious care of soldiers, if their present buildings were not adequate. A Committee was appointed to administer this fund. This Committee has co-operated with the National Service Commission in this feature of service. The Field Secretary has represented the Commission and the Special Committee of the Board in visiting Cantonments and Camps where chapels have been built and has been of material assistance in reporting upon conditions.

*NOTE.—In addition to Assets shown in Schedule "A," the Board holds mortgages given by churches to secure grants paid out of the various Funds. These mortgages are not due or collectible as long as the church maintains its denominational connection and complies with the conditions on which the money was paid. The Board derives no income from these securities except when a church makes a partial or full payment on same.

Unavailable Assets and Prospective claims consist of the following: (1) Advances made by the Board to protect its mortgage interests. (2) Unsecured notes. (3) Various kinds of securities of problematical and doubtful value.

Real Estate held is taken in settlement of a mortgage or received as a legacy excepting one parcel, the real estate is non productive.

NEW YORK, April 26, 1918.

To the Finance Committee of the Board of the Church Erection Fund of the General Assembly of the Presbyterian Church in the United States of America, 156 Fifth Avenue, New York City.

GENTLEMEN:—The annual examination and audit of the books, records and accounts of the Treasurer of your Board has been completed for the fiscal year ended March 31, 1918.

We found the cash records to agree with the amounts deposited to the credit of the Board in the several bank accounts and the disbursements to be supported by the usual and proper evidences of payment. The balances of cash on deposit were confirmed by certificates from the several depositories and the cash on hand was verified by actual count.

The investment securities, amounting to $2,624,716.36, shown on the Comparative Balance Sheet, Exhibit "A," were examined by us and the total of the loans to Churches was proved with the Trial Balances of the detailed records. The careful supervision of these loans was noticeable.

We certify that the Statement of Assets and Liabilities submitted herewith and your supporting Statements of Funds are in agreement with your books and, in our opinion, represent the true condition of the finances of your Board as of March 31, 1918.

Respectfully yours,

LOOMIS, SUFFERN & FERNALD,

REPORT OF THE STANDING COMMITTEE ON CHURCH ERECTION

TO THE

GENERAL ASSEMBLY AT COLUMBUS, OHIO, MAY 24, 1918

REVIEW OF THE YEAR'S WORK

It is a matter of profound gratitude to Almighty God that in a year of war activity the Board has had the best year in its history.

Last year the Board appropriated $568,376.00 for this work. Since its organization this Board has assisted in the building of 11,442 churches and manses. This is a noble record. We would call the Assembly's attention to the tremendous correspondence the Board is called upon to conduct. Last year the officers of the Board received between twelve and thirteen thousand personal letters, aside from letters containing remittances. The vastness of the Board's work is further shown by the fact that there are twelve separate funds to be administered, and these funds total $4,487,240.34. Also the fact that the Board holds over six thousand fire insurance policies, all of which must be cared for and renewed from time to time. These policies cover over five million dollars' worth of church and manse property.

Recommendations

In view of the great and important work this Board is doing, we bespeak for it an enlarged place in the church's prayers, sympathies and gifts. Your Committee has examined with care the annual report of the Board, also the Minutes of the Board, and we would recommend:

MINUTES APPROVED

1. That the Minutes of the Board be approved, and that the Board be complimented for keeping its record so neatly and accurately.

Officers Commended

2. That we commend the General Secretary, Rev. David G. Wylie, D.D., for his efficient work as administrator; Rev. Jesse C. Bruce, D.D., for his careful work as Field Secretary, and Rev. George Rutger Brauer, for his wise administration of the funds, as Treasurer, and all of them for the Christlike spirit in which they have handled the work of the Board.

Loan Fund Rule Amended

3. That the Loan Fund Rule which is as follows: "No loan shall exceed 50 per cent of the value of the buildings and land upon which the church is erected" be amended to read: "No loan shall exceed 33 1-3rd per cent of the value of the buildings and land upon which the church is erected."

Co-operation with Home Board

4. We endorse the Board's plan of co-operation with the Board of Home Missions, which plan is as follows:

"Before work is undertaken in fields where the two Boards operate on any large scale, in Mormon Communities, among Indian Tribes, Foreign-speaking people, and in Community Center Work, a careful survey shall be made by the Board of Home Missions, or by the Board of Home Missions and Church Erection, with a detailed statement of the amount of money needed on the part of both Boards to undertake and carry on the work of church building to a successful conclusion.

All applications for assistance in the building of churches and manses in the Centers above referred to shall be made by the Board of Home Missions to the Board of Church Erection after the matter has been considered by a Committee of the Board of Home Missions and approved by the Board.

The two Boards agree to co-operate in making effective the principle of comity and see to it that communities are not overchurched."

It is further recommended that the following be the rule governing security where the Board of Home Missions holds title: "That the Board of Church Erection, may, in its discretion, accept in lieu of the usual mortgage, an agreement duly made and executed by said incorporated Board of Home Missions, con-

taining the usual covenants of the mortgage." All of this to be carried on after consultation with Presbyteries and Synods.

National Service Appropriations Approved

5. That the Assembly ratify the payments of $14,100.00 for the National Service work of the Church, and further approve additional appropriations to this work not to exceed $35,900.00 for the current year.

We would further commend the Board for its purchase of Liberty Bonds, and for the valuable work the Board's secretaries have rendered in assisting the National Service Commission in its work. And we approve the action taken by the Board in offering the services of the Secretarial Staff to the call of the National Service Commission.

Answer to Cleveland Resolution

6. In answer to the Cleveland Resolution, which is as follows:

"*Resolved*, That the General Assembly request the Board of Church Erection to co-operate with Church Extension Committees of Presbyteries containing large cities in the purchasing of sites and the building of church edifices at strategic points in such cities, and that the Board of Church Erection be authorized to add secretarial assistance if necessary, for the prosecution of this work."

which Resolution was referred to the Board by the last Assembly we would recommend that since under the Charter of the Board it is not possible to purchase sites, that Synods and Presbyteries be asked to take up this work through their respective Church Erection and Church Extension Committees, and that the Board Secretaries be called upon to assist said Committees in every possible way.

The Manse Fund in Presbyteries and Synods

7. In view of the fact that not more than one-half of our ministers have manses and the demonstrated need of practically every minister having a manse, Presbyteries and Synods are earnestly requested to co-operate with the Board in the work of increasing the Manse Funds that this need may be immediately met.

Insurance on Churches

8. In view of the fact that the Board paid out last year $23,700.00 for insurance premiums that the churches be asked to return promptly the insurance premiums paid out by the Board, and that every church be urged to see that the local property be kept properly insured.

Church Architecture

9. That we commend the Board for the move it has made toward improving church architecture, and that churches contemplating the erection of a building be urged to consult the Board for building suggestions and that every church expecting aid from the Board should first consult the Board in reference to plans and cost of building, before asking the Board for aid.

Board Literature

10. That pastors and church sessions be urged to make diligent use of the Board's literature.

Churches at Educational Centers

11. That the Assembly approve the recommendations adopted by the Board for its guidance in the matter of aiding churches at college and university centers, which recommendations are as follows:

(1) We recommend that the College or University Center shall be defined as a place where there is located an institution of higher learning that employs not less than six professors, giving their full time to college and university work; that has a course of four full years in liberal arts and sciences and that requires for admission not less than the usual four years of academic or high school preparation or its equivalent, in addition to the pre-academic or grammar school studies.

(2) We recommend that in providing church buildings for such college or university centers the Board of Education shall:

(1) Make a survey and determine what centers require buildings and approve the location of same.

(2) And in the event that aid in the erection of said buildings is to be asked of the Board of Church Erection to submit said determination and recommendation to the Board of Church Erection for its consideration and approval.

(3) And in the event the Board of Church Erection approve the recommendations, secure and approve plans and specifications in conference with the Board of Church Erection.

(4) Supervise the erection of the building.

(5) Safeguard the investment by contract with the local church and the Synod or Presbytery, or both, provided that any aid extended by the Board of Church Erection shall be secured in accordance with the powers, plans and rules of the said Board of Church Erection.

BOARD MEMBERS

12. That the following members of the Board, whose terms of office expire in 1918, be re-elected for three years:

Rev. E. Van Dyke Wight, D.D.
Rev. John F. Carson, D.D.
Charles Glatz.
William H. Parsons.
Rev. William R. Bennett, D.D.
Rev. George W. King, D.D.
Carl F. Grieshaber.

And that Mr. S. Earl Hoover, of the Presbytery of Philadelphia North, be elected in class 1919, to fill the place made vacant by the death of Mr. James A. Frame, and that Rev. William Lawrence, D.D., of Duluth Presbytery, be elected in the class of 1921 to fill the place vacated by Rev. Robert A. McBride, D.D., and that Rev. C. W. Kerr, D.D., of Tulsa Presbytery, be elected to class 1920 to fill the vacancy made by the election of Rev. J. Frank Smith, D.D., to the Moderatorship of the General Assembly.

Respectfully submitted,

C. W. KERR, *Chairman.*

Report of the Cumberland Presbyterian Board of Missions and Church Erection.

MEMBERS OF THE BOARD.

Terms Expire 1919:

Mr. John C. Cobb, of Missouri, Mr. Isaac H. Orr, of Missouri,
Mr. W. J. Edwards, of Missouri.

Terms Expire 1920:

Mr. Thomas H. Cobbs, of Missouri, Rev. E. B. Surface, D.D., of Oklahoma.

Terms Expire 1921:

Rev. C. E. Hayes, D.D., of Arkansas, Rev. E. E. Morris, D.D., of Arkansas.

SEVENTY-SECOND ANNUAL REPORT.

We submit herewith our Seventy-second Annual Report to the General Assembly in Session in Columbus, Ohio, May 1918.

The Board has chosen, subject to your approval, Rev. C. E. Hayes, D.D., of Hot Springs, Arkansas, and Rev. E. E. Morris, D.D., of Pine Bluff, Arkansas, to succeed themselves in the office as corporate members until 1921.

The Board has no active functions other than collecting outstanding loans due the Church Erection Fund, and settling some small estates. The Garden City, Kansas, loan of $500.00, made in 1888, remains unpaid. One small estate in process of settlement.

There have been no receipts or disbursements during the year. The cash balance of $71.75, last reported, is on hand.

Mr. J. M. Patterson of St. Louis, has been continued in office as Corresponding Secretary, rendering his service, as do the members of the Board, gratuitously.

W. J. EDWARDS, *President.*
J. C. COBB, *Treasurer.*

J. M. PATTERSON, *Corresponding Secretary.*

REPORT OF THE STANDING COMMITTEE

WARREN H. LANDON, D.D., *Chairman*

In presenting our report, we wish, first, to congratulate the Combined Boards for the marked progress they are making from year to year. In many ways the last year has been the best in their history. Though only one large gift has been received, it has been an eminently successful year financially. The Churches have contributed more than ever before.

In the same connection, it must be noted regretfully that there has been a falling off in contributing Churches to the number of 170; and that nearly half of the entire number of Churches make no offering for these funds. The attention of Presbyteries should be called to this and some remedy sought. It is not to the credit of our great Church that disabled ministers and the widows and orphans of deceased ministers should be overlooked by half of its individual Churches.

The roll of annuitants steadily increases. It has grown from year to year for the past ten years. There is only one way to meet this, namely, by an increased effort on the part of the Church and increased contributions.

The Board should receive all encouragement in its effort to increase the interest of the Sunday schools in this great cause, through furnishing programs and other supplies for Mother's Day and seeking offerings. It is statesmanlike thus to enlist the help of the children and appropriate that it should be done on such a day.

The same may be said of enlisting the coöperation of the Ladies' Aid Societies of the Churches. The Missionary Societies are never approached by this Board, but other organizations whose purpose is to aid various good causes of the Church ought to be enlisted in this work.

The fine work accomplished in maintaining the several Homes owned and controlled by the Board, and the Ministers' Memorial Cottage in Albuquerque, New Mexico, should receive larger attention. No benevolence of the Church is worthier of our prayers and increasing interest. These are not institutions but Homes where ministers and missionaries in their declining years may be surrounded with something of the culture and comforts which they deserve and so well appreciate.

The Boards and the Church are also to be congratulated on the eminently successful management of the Sustentation Department, which enables them at this time to advance to an 85 per cent payment of the maximum annuities.

This report should not be concluded without reference to the great work done during the year for the National Service Commission, by the General Secretary, William Hiram Foulkes, D.D. The Boards showed their patriotism by releasing him for a considerable portion of the year that he might respond to the urgent call of the Commission for help. His addresses on the war, delivered in all parts of the United States, have created a profound impression. There has been little loss resulting to the Board. The capable and efficient Associate Secretary, William Sylvester Holt, D.D., and all others of the office staff have redoubled their efforts. At the same time, Dr. Foulkes' wide usefulness in another field has reacted favorably on the work of the Boards.

We would submit for consideration the following recommendations:

1. That the Minutes of the Combined Boards and the properly audited Treasurer's reports be approved.

2. That the Assembly express its gratification at the splendid and harmonious service rendered by the officers, members, and entire office staff of this Board, the efficient services of its field representatives and the fine Christian spirit in which the multitudinous details of the office are carried forward.

3. That the action of the Boards in permitting "the General Secretary to devote such portion of his time and energy as he might deem wise to the National Service Commission" be heartily approved; and that in view of the continued call of the National Service Commission the Boards be authorized to take similar action for the ensuing year.

4. That this Assembly record its sense of great loss in the recent death of the Rev. John Ross Sutherland, D.D., an Associate Secretary of the Boards, who originated and vigorously pressed the plan which finally developed into the Ministerial Sustentation Fund, and its appreciation of the permanent service he thereby rendered the ministry of our Church. And that, furthermore, the Assembly express its great sorrow over the recent sudden death of the Hon. William P. Potter, LL.D., who, though a Justice of the Supreme Court of a great Commonwealth, for many years gave unstintedly of his time and counsel to forward the projects of these Boards.

5. That Presbyterial Committees having in charge the interests of these Boards be urged not only to report promptly upon the needs and conditions of annuitants, but also to give more attention to the increasing of interest among the Churches and the securing of contributions from each Church; and that special use be made of the elders of the Churches in promoting this cause, such as the organization of Elders' Associations or Advisory Committees, similar to the organization already successfully at work in the Presbytery of Brooklyn.

6. That Presbyteries be requested, when licensing and ordaining candidates, to call their attention to the expectation of the Church that they will begin immediately to provide against the time of need, by uniting with the Sustentation Fund.

7. That the attention of the Church be called again to the propriety of observing Mothers' Day as an opportunity for Sabbath schools to contribute to help the widows and orphans dependent upon the Board.

8. That the Boards be authorized to continue their appeal to the Ladies' Aid Societies for the support of the work of the Relief Department in its care of the widows and fatherless children.

9. That the attention of the Church at large be called to the Annuity Bonds of the Board as offering a wise and safe investment.

10. That the Assembly call upon the sessions of Churches so to construe the budget plan as not to interfere

with the presentation of the work of the Boards in building up their permanent and reserve funds.

11. That the Assembly approve of the purpose of the Sustentation Department of the Combined Boards to advance from the payment of 80 to 85 per cent of the maximum annuities.

12. That the General Assembly hereby authorize and approves the taking of such legal steps as may be necessary to amend the charters and by-laws of the Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers and The Ministerial Sustentation Fund, as to enable the work of both Boards to be done by one organization.

13. That in answer to Overture No. 48 from Zanesville Presbytery, asking the Assembly "to expunge from the rules of the Combined Boards of Relief and Sustentation any question which requires an honorably retired minister to state what means of livelihood he may have, irrespective of the amount of support asked from said Boards," in view of the essential limitations, under which the Relief Department must labor, and in view of the manifest practice and purpose of the Boards steadily to increase the amounts given to honorably retired men, as well as to the other classes of annuitants who represent five-sixths of the total number, and in order that the largest possible relief may be most equitably distributed among all the annuitants, we recommend that no action be taken at the present time.

14. That in answer to Overture No. 47 from New Castle Presbytery, asking the General Assembly "to direct the Board of Relief not to reduce the maximum grant to any honorably retired minister on account of any other income he may have, unless he shall himself decline to receive the full amount," we recommend that no action be taken for the same reason and on the same grounds as those stated in answer to Overture No. 48.

15. That the Rev. John R. Davies, D.D., the Rev. Robert Hunter, D.D., Mr. Richard H. Wallace and Mr. William Thomson, whose terms expire as members of the Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers, be, and hereby

are, elected as members of the Board for three years; and that the Rev. John R. Davies, D.D., Rev. Robert Hunter, D.D., Mr. Richard H. Wallace, and Mr. William Thomson, whose terms expire as Directors of The Ministerial Sustentation Fund, be nominated to the members of the Fund as Directors for the ensuing three years; and that the action of the Combined Boards in electing Mr. J. Willison Smith to fill the vacancy caused by the death of the Hon. William P. Potter in the class of 1920, be approved.

All of which is respectfully submitted.

WARREN H. LANDON,
Chairman.

The report was approved and the recommendations were adopted by the General Assembly.

SIXTH ANNUAL REPORT

OF

The Combined Boards of Ministerial Relief and Sustentation Fund of the Presbyterian Church in the U. S. A.

TO THE

GENERAL ASSEMBLY

OF 1918

The Combined Boards of Ministerial Relief and Sustentation Fund Herewith Present Their Sixth Annual Report to the General Assembly of the Presbyterian Church in the U. S. A., Combining the Sixty-third Annual Report of the "Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers" and the Ninth Annual Report of the "Ministerial Sustentation Fund."

The year of World War which is testing every enterprise, secular and sacred, has had its effect upon the work of your Boards. While the past year has witnessed many munificent gifts on the part of benevolently disposed people, it is the agencies that are directly concerned with war work that have received the largest measure of such contributions.

During the past year the officers and directors of the Combined Boards have steadfastly pursued the policy approved by the General Assembly six years ago. The campaigns for increased reserve and permanent funds for the

Sustentation Department, which had previously been planned, have been actively carried on. While no stone has been left unturned to maintain the regular and immediate work of the Boards, it has not been deemed wise or patriotic to launch a special drive for the increase of endowment funds other than to carry out the plans already adopted. It is gratifying to note that this balanced policy, which does full justice to the patriotic appeals of the hour and, at the same time, does not forget the paramount needs of the Boards, has been signally successful. The total receipts of the Boards during the past year from all sources, including the net increase upon deferred subscriptions, amount to $835,057.71. This generous total includes only one gift of large proportions, an unsolicited contribution of $50,000 from one who has long been a friend of the sacred work carried on by the Combined Boards.

As an additional contribution to the nation in the hour of its supreme crisis, the directors of the Combined Boards, at their June meeting in 1917, unanimously authorized their General Secretary to devote as much of his time as he might deem wise to the war work of the Church without loss of salary, pledging themselves to supply, by the increased personal contributions of time and resources, the lack caused by his absence. A splendid spirit of coöperation, which has been in evidence for several years, has been noticeable during the past year. The officers and members of the Boards are glad that they have been able to make substantial contributions to the welfare of our nation while, at the same time, maintaining with full vigor their own sacred trust.

THE OFFICERS AND MEMBERS.

During the past year the Boards suffered the loss of their first Associate Secretary, the Rev. John Ross Sutherland, D.D., LL.D., who passed to his reward on January 10, 1918. The following minute was unanimously adopted by the directors and is herewith submitted to the General Assembly as a part of their annual report:

The Rev. John Ross Sutherland, D.D., LL.D., Associate Secretary of the Combined Boards of Ministerial Relief and Sustentation Fund, departed this life on January 10, 1918, after a lingering illness of several months, at the age of seventy-one. It is fitting that the officers and members of the Combined Boards which Dr. Sutherland served should place upon record their appreciation of his sterling qualities, their recognition of the providential use of Dr. Sutherland's time and talents to promote the cause which underlies their

work and their sense of personal and official loss occasioned by the death of their friend and colleague.

During his pastorate in Burlington, Iowa, Dr. Sutherland was led to undertake the launching of a new movement in behalf of the disabled ministers and missionaries of the Church and the widows and orphans of the deceased ministers and missionaries. The convictions which Dr. Sutherland cherished at that time centered about the thought of an annuity or pension in old age to be paid on the ground of service and not upon the confession of need. With resolute purpose and with undaunted courage, Dr. Sutherland carried his proposals from Presbytery to Synod and, at length, to the General Assembly. While his original plan was finally modified, he is, none the less, to be credited with the impulse and with the direction of the new movement which finally culminated in the Ministerial Sustentation Fund. Dr. Sutherland served the Fund for several years as its Secretary, and upon the combination of the Ministerial Sustentation Fund with the Board of Relief for Disabled Ministers, in 1912, he was elected Associate Secretary of both Boards, a position which he held until the day of his death.

The measure of success which has attended the work of the Combined Boards, including the Relief and Sustentation Departments, since the combination, brought pleasure to no one more than to Dr. Sutherland. His broad sympathies, his knowledge of human nature, his warm-hearted but keen and discriminating judgment were given alike to the work of the Relief and Sustentation Departments. His personal presence will be missed by those who were intimately associated with him and by many others who were not permitted to come into frequent contact with his genial personality.

The members and officers of the Combined Boards desire to express to the sorrowing widow and the bereaved daughters of their late colleague the assurance of their Christian sympathy and of their united appreciation of the Christian worth and usefulness of the one whose death has not alone deprived the Combined Boards of an Associate Secretary but the home circle of a beloved and faithful husband and father.

Resolved, That a suitable and proper copy of this Minute, duly attested, be sent to the family of the late Dr. Sutherland, and that the Minute be entered upon the records of the Board.

No other vacancies have occurred either by death or resignation in the membership of the Boards.

POLICIES FOR THE ENSUING YEAR.

The Combined Boards seek the approval of the General Assembly for the carrying on of their work under the methods and motives already in vogue. It is their purpose, however, when the war clouds lift and financial conditions become more nearly normal, to attempt to bring about a speedy end to the campaign for Ten Million Dollars. With practically all sections of the Church now covered by the campaigns, which have already been carried on with marked success from year to year, it is thought that when general

financial conditions are favorable there may be organized and carried out a successful drive, covering a brief period of time, in which the remaining two or three million dollars may be secured. Until that time the Boards believe it to be the part of wisdom to "carry on" steadfastly and uninterruptedly their present plans.

In order to avoid frequently recurring confusion over the separate corporate titles of the two departments and in order to carry on the whole plan of Relief and Sustentation adopted by the General Assembly of 1912, the directors of the Combined Boards, after careful consideration, have unanimously voted to recommend to the General Assembly that authority be given to the Boards to change the corporate title of the Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers to that of "The Presbyterian Board of Ministerial Relief and Annuities," and to take all necessary steps to consolidate the management of the Sustentation Fund under the charter of "The Presbyterian Board of Ministerial Relief and Annuities."

It is believed that, with the approval of the Assembly, such steps may be promptly and successfully taken as will insure the increased efficiency of administration of both departments, safeguarding all trusts and interests with inevitable economy of administration.

FIELD REPRESENTATIVES.

The personnel of the staff of Field Representatives has been unchanged during the year with the exception of the addition of the Reverend Charles D. Fraser who has served acceptably, his labors being largely in the State of Ohio. The Boards continue to appreciate the service of the faithful and efficient men who are using all their time in promoting this sacred cause. Their names are: Dr. Charles A. Butler, Rev. Alfred Fowler, Rev. C. D. Fraser, Rev. J. A. Laurie, D.D., Rev. C. H. Miller, Rev. J. C. Templeton. Special representatives, Rev. W. J. Darby, D.D., Mr. I. N. McClure.

EXPENSES.

On account of the fact that large individual gifts have not been received during the current year, the ratio of administrative expense has been increased over that of the former year. The total amount of expenditures, however, is

somewhat less. Through the Committee on Expenditures, the Boards have made a careful study of all disbursements for administrative and money raising purposes and have unanimously approved the present policy as economical, wise and necessary.

THE RELIEF DEPARTMENT

The Relief Department, continuing under the charter of the "Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers," makes in this manner its Sixty-third Annual Report to the General Assembly.

ROLL.

The Roll of the Board of Relief for the year 1917-1918 is as follows:

Ministers	676
Widows	886
Orphan Families	61
Commissioned Lay Missionaries	61
Total	1,684

Of these annuitants 23 were guests in the Merriam Home; 28 were guests in the Thornton Home; 14 were guests in the Thomas and Marie Merrill Home, and 13 were guests in the Ministers' Memorial Cottage.

In addition, approximately 569 dependent children, members of the families of annuitants, and approximately 200 wives of disabled ministers are directly aided by the Board, though not upon its Roll.

NEW CASES.

During the year, the following new cases were favorably acted upon by the Board:

Ministers	94
Widows	69
Orphan Families	3
Commissioned Lay Missionaries	11
Total	177

The comparison of the Roll this year with that of the last ten years, shows the following condition:

Year ending March 31st.	
1918	1,684
1917	1,622

1916	1,555
1915	1,489
1914	1,403
1913	1,310
1912	1,251
1911	1,197
1910	1,143
1909	1,118

THE ROLL OF HONOR.

Of the 676 names of ministers upon the Roll, 246 are those of Honorably Retired men on the Roll of Honor. Their average age is 77 years, and the average time they have been in the ministry is 43 years. Twenty-six of these have been added during the year just closed, and 28 have died.

The appropriations to the men on the Honor Roll during the year amounted to $81,022.43, an average* of $333.43. As usual not all the Honorably Retired Ministers upon the Roll asked for the full amount to which they were entitled, although the average amount is nearly the maximum. How can our Church be content to provide such a meager allowance? It should be noted that the Church is not so generous as many industrial concerns which place the age of retirement at 65 instead of 70.

THE HONOR ROLL ON HIGH.

One hundred and twenty of those upon the Roll of the Board passed away during the year; 63 ministers, 55 widows, and 2 orphans.

AVERAGE APPROPRIATIONS.

The average* amount appropriated to annuitants during the year was as follows:

Honor Roll	$333.43
All Ministers	293.30
Widows	188.55

CONTRIBUTING AND NON-CONTRIBUTING CHURCHES.

The number of Churches contributing to the Relief Department during the year was 5,686, as compared with 5,860 the year before; and the number of non-contributing

* The averages, as shown this year, are less than last year, because the Board changed from quarterly to monthly payments, and some of last year's quarterly payments covered a part of this year, thus reducing the average in our tables. In fact, we paid much more to annuitants last year than ever before.

Churches 4,196, as compared with 4,093 the previous year. The Churches which belong to the Foreign Presbyteries, which neither contribute nor draw out, are not included in these totals.

SUNDAY SCHOOLS.

Following the action of the General Assembly the Boards have continued to press the work of their Relief Department before the Sunday Schools of the country. We have sent out appeals to every Sunday School in the Church and have provided them, as desired, with programs for the observance of Mothers' Day and with envelopes for offerings. The response has been cordial, but not as widely extended as we hope it will be by and by. We are asking the Chairmen of our Committees in the Presbyteries to call special attention to the advisability of enlisting the Sunday Schools in our aid. This, both for its educational value as well as for the offerings we may receive, to be used entirely for the help of the widows and orphans dependent upon the Church. The Board will be grateful if the General Assembly will continue to recommend this approach to the Sunday Schools.

WOMEN'S SOCIETIES.

The Boards desire to have it very carefully noted that no appeal is ever made to the Women's Missionary Societies. We recognize fully the greatness of their task and the need they have for every dollar they can secure. Our direct appeal is to the Ladies' Aid and kindred Societies, and in this appeal we are meeting with gracious response from the devoted women.

THE HOMES.

The Homes controlled by the Relief Department of the Boards are finding increased favor in the Church. They are three in number. First, The Merriam Home at Newton, N. J.; second, The Thornton Home, at Newburgh, Indiana; third, The Thomas and Marie Merrill Home at Saginaw, Michigan.

The Merriam Home is full to its capacity, and the vacancies in the other Homes will doubtless be filled before this goes to press. They are real homes, and the atmosphere is a homelike atmosphere. It is a great satisfaction to the Relief Department that such beautiful places of comfort and rest have been provided for its families.

THE MINISTERS' MEMORIAL COTTAGE.

The Ministers' Memorial Cottage at Albuquerque, is fulfilling our expectations. Many of the rooms are occupied by ministers who are in the early stages of tuberculosis. There is every promise that they will be restored to perfect health under the careful and skilful treatment given in the Cottage. When the Boards do not have a sufficient number of guests to occupy all the rooms the Southwestern Sanatorium is allowed to use vacant rooms and for that privilege returns a modest rental. This, with the permanent arrangements made, reduces considerably the expenses, and at the same time helps to care for others who need the treatment provided by the Sanatorium. Let it be remembered that the agreement with the Sanatorium enables the Boards to provide all the expenses of food and attendance at an amount allowed for certain classes of annuitants of the Relief Department. The results thus far accomplished are entirely satisfactory and grateful letters are coming to the Boards for the service thus rendered.

ENDOWMENT FOR THE HOMES.

The Boards would like to call the attention of their friends to the opportunity provided for giving endowment funds for the maintenance of the Homes. It is believed that there is a reasonable appeal in the work these Homes are doing to warrant any friend, who may be so disposed, to make a contribution to endow them more fully. We will welcome correspondence on this subject.

RECEIPTS FOR THE CURRENT RELIEF FUND.

Total,	$417,042.54	$412,045.54

RECEIPTS FOR THE PERMANENT FUND.

Since the last Annual Report there has been added to the invested permanent funds of the Relief Department the sum of $128,574.40.

We are permitted to announce that a generous friend has placed in our hands securities amounting to $50,000, the interest only to be used for the purposes of the Boards.

The gift is very gratefully received and has been disposed of according to the wishes of the donor, whose name we may not mention.

LEGACIES.

During the year closing March 31, 1918, the Relief Department received in legacies the sum of $60,921.61.

TOTAL RESOURCES OF RELIEF.

The total invested assets of the Relief Department, including securities held and administered by the Trustees of the General Assembly, are $4,501,117.31, besides cash balances on March 31, 1918, of $77,785.89. In addition to these bankable assets there are deferred and unpaid subscriptions not yet due, in the custody of the Treasurer, aggregating $213,452.01. The total resources of this Department, including these subscriptions on March 31, 1918, were therefore $4,792,355.21. The total summary of resources for both departments will appear in the Treasurer's report.

TERMS EXPIRED.

The terms of the following named persons as members of the "Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers" expire at this meeting of the General Assembly:

Rev. John R. Davies, D.D.,
Rev. Robert Hunter, D.D.,
Mr. Richard H. Wallace,
Mr. William Thomson.

SUSTENTATION DEPARTMENT

The growth in the Sustentation, or Contributory Pension, Department of the Combined Boards continues in a satisfactory manner. Sixteen hundred and twenty-six ministers including 150 missionaries, at the close of the year, were enrolled as active members and 106 names were upon the roll of those drawing annuities; of the latter, 13 were automatic old-age pensions, 27 were disability pensions, 64 widows', and 2 orphans' pensions.

One of the elements of strength of the Sustentation Plan has been the fact that only that annuity has been promised which could be provided from the contributions of the Church at large, calculated upon an actuarial basis. From year to year, the percentage of the maximum amount has increased and the Board of Directors is pleased to report that, after a careful analysis by its Actuary, the Fund is able to pay, during the ensuing year, 85 per cent of the maximum benefits to all of its members who are, or may be, eligible for benefits. This progress should be exceedingly gratifying to the members of the Fund and to the Church at large.

The plan of the Sustentation Fund has been outlined from year to year; it has been and is subject to such modifications as the wisdom of the Church may direct. The experience of the last year confirms the wisdom of those who instituted the Fund. Its rates are based upon the well-known law of averages, and are computed upon sound actuarial principles. The benefits are graded according to years of service in the Presbyterian ministry and not according to salary. The member's contribution is equivalent to one fifth of the amount necessary to produce the maximum pension. The Sustentation Department is not in peril of becoming insolvent or financially unsound, because it only guarantees to the member the pension provided by his own payment, plus his pro rata share of all other payments to the Fund.

TOTAL RESOURCES OF SUSTENTATION.

The actual invested resources of the Sustentation Department on March 31, 1918, were $1,231,149.94. Besides this there were cash balances on hand of $25,541.77 and bills receivable amounting to $2,182.98. In addition to these

invested assets this Department has to its credit in the custody of the Treasurer, $715,679.82 in deferred subscriptions that are not yet paid or due. The total resources of the Sustentation Department, including these subscriptions, on March 31, 1918, were therefore $1,974,554.51. The total summary of resources for both Departments will appear in the Treasurer's report.

The terms of the following named persons expire this year, as members of the Board of Directors of the Ministerial Sustentation Fund:

Rev. John R. Davies, D.D.,
Rev. Robert Hunter, D.D.,
Mr. Richard H. Wallace,
Mr. William Thomson.

The Fund depends upon the continued and increasing interest of the Church in its support. The building up of a large reserve fund and the constant increase of contributions to its permanent funds, as well as the substantial addition in the number of ministers uniting with it, are all elements of necessary growth. If any one of these elements is seriously lacking, the Fund becomes weakened.

The contributory element is one of the vital factors of the Sustentation Department; it appeals to thoughtful men in the ministry, and out of it. When the amount of the contribution required is not burdensome and when there is every prospect that a large majority of those eligible, will eventually enter into the Fund, it justifies itself as a worthy enterprise. It is only right that the Church should continue to relieve the needs of those who have come to want in its service; it is equally proper that the Church should coöperate with a growing number of its servants in providing service pensions, in order that they may not come to need in the day of their old age or disability. Although the Sustentation plan has only been in practical effect for a few years, it is already paying 106 pensions.

It should be gratifying to the Church at large to know that the Contributory Pension Plan is being adopted by many other denominations, and is commended by the Carnegie Fund.

The Government also, in its new Pension Plan, for its Army and Navy, has adopted a similar plan. Hereafter, pensions will be paid on the basis of service and payments. The principle is generally recognized that the contributory feature is necessary and wise.

The Board is endeavoring to enlist the younger ministers in the Sustentation Fund. One of the Executive Officers has visited the Seminaries, given addresses on the Fund and held conferences with the students to encourage them to unite with the Fund. In this we have had the hearty co-operation of the members of the Faculties, for which we are grateful.

While it is hoped that all the Church offerings taken through the Budget or in annual appeals will go to the Relief Department for its immediate work, it is the earnest desire of the Board that all subscriptions and contributions secured in the special campaigns, shall go to the reserve and permanent funds of the Sustentation Department. The Board also believes that those who are contemplating making provision for this Cause in their last wills and testaments ought to be encouraged to make special provision for the Sustentation Department, under its corporate name the "Ministerial Sustentation Fund," incorporated under the laws of the State of Pennsylvania, February 26, 1909.

ANNUITY BONDS.

The Boards also report that they are now entering into annuity contracts with such persons as may desire to invest sums of money with either of its Departments with the provision that a fixed rate of interest shall be paid to them during their lifetime and the principal and interest, upon their death, shall revert to the Boards. There have been added to the funds of the Boards in this manner $20,250. In order, however, to meet a growing demand on the part of those who in later life desire a larger amount of interest than can safely be earned by the mere investment of the capital, the Boards are prepared to pay a graded interest.

For the present, the rate of interest is as indicated below, but it is anticipated that very shortly a uniform agreement will be made between all the Boards and Agencies concerning the rate of interest to be paid on Annuity Bonds and that action, when taken, will doubtless modify our rates.

5 per cent where the annuitant is not over 60 years of age.
6 per cent where the annuitant is between 60 and 70.
7 per cent where the annuitant is between 70 and 80.
8 per cent where the annuitant is over 80.

The difference between the amount of interest actually earned by the Board, something over 5 per cent and the amount actually paid the annuitant, will not be paid out of the current funds of the

Board but out of the Anuuity Fund itself, which will be kept separate and distinct and which will be made to bear its own interest payments.

SUMMARY OF ASSETS AND RESOURCES.

The total assets and resources of both Departments of the Board, at the close of the fiscal year, were as follows:

Relief Department.		
Invested assets:

CONCLUSION.

In concluding their report the Combined Boards of Ministerial Relief and Sustentation Fund would place final emphasis upon the necessity of increased offerings from the churches, women's societies and Sabbath schools for the current work of Relief, and upon the necessity of the fullest and most sympathetic access to the churches in the campaigns for increasing the Permanent and Reserve Funds of the Sustentation Department. The worthiness of this cause to be remembered in wills also should be brought more and more to the attention of consecrated givers in the Church.

Respectfully submitted in behalf of and by the Directors of the Combined Boards of Ministerial Relief and Sustentation Fund.

WILLIAM HIRAM FOULKES,
General Secretary.

PHILADELPHIA, April 26, 1918.

To THE PRESBYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS.

GENTLEMEN:—

We have audited the accounts and property of the Board of Relief for the fiscal year ending March 31, 1918.

We have examined the Cash Book entries, made the footings and verified the Cash Balance in each of the banks you are using.

All Ledger postings have been checked and the Treasurer's Reports of the Campaign Fund, Current Fund, Emergency Fund, and Permanent Fund have been proven. We have examined all Securities and all other evidences of Investments as shown by the Ledger and the Treasurer's Report and checked the Income from Investments.

The Bank Balances to the credit of your Board at the close of the fiscal year were:

Emergency Fund	$63,856.63
Permanent Fund	12,216.76

PUBLIC ACCOUNTANTS AND AUDITORS
Accounting Systems Factory Cost

PHILADELPHIA, April 26, 1918.

To THE MINISTERIAL SUSTENTATION FUND,
Witherspoon Building, Philadelphia, Pa.

GENTLEMEN:—

We have completed the audit of the accounts and property of the Ministerial Sustentation Fund for the fiscal year ended March 31, 1918.

We have examined the entries in the Cash Book, verified the footings and the Cash Balances in the banks in use for this Fund.

All Ledger postings have been checked and the Treasurer's Report examined and verified. All Securities and other evidence of Investments have been examined and found to agree with the Ledger Accounts and the Treasurer's Report.

The Bank Balances to the credit of the Sustentation Account at the close of business as of March 31, 1918, aggregated $24,984.27, and the book value of the investments as of the same date was $1,231,149.94.

Respectfully submitted,

STOCKTON BATES & SONS.

FORMS OF BEQUEST AND DEVISE.

I. CORPORATE NAME.

The laws of the different states vary so much as to testamentary bequests that in making a will it is always desirable to secure the services of a competent lawyer. In all cases, however, where bequests are made to either department of the combined agencies, the corporate name should be used as follows:

To the Relief Department: "The Presbyterian Board of Relief for Disabled Ministers, and the Widows and Orphans of Deceased Ministers," incorporated in the State of Pennsylvania, October 21, 1876.

To the Sustentation Department: "The Ministerial Sustentation Fund" of the Presbyterian Church in the United States of America, incorporated February 26, 1909, under the Laws of the Commonwealth of Pennsylvania.

II. FORM OF BEQUEST.

To the Relief Department: "I give and bequeath to 'The Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers,' incorporated in the State of Pennsylvania, October 21, 1876, having its office in the City of Philadelphia, the sum of..... .....dollars, to be expended for the appropriate objects of said corporation."

To the Sustentation Department: "I give, bequeath and devise to 'The Ministerial Sustentation Fund' of the Presbyterian Church in the United States of America, incorporated February 26, 1909, under the Laws of the Commonwealth of Pennsylvania, the sum of.....dollars, to and for the uses of the said Ministerial Sustentation Fund."

III. FORM OF DEVISE.

REAL ESTATE.

To the Relief Department: "I give and devise unto 'The Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers,' incorporated in the State of Pennsylvania, October 21, 1876, hav-

ing its office in the City of Philadelphia, all that certain (here insert description or other sufficient designation of the real estate) with the appurtenances in fee simple, the same or its proceeds, for the use of said Board."

To the Sustentation Department: "I give and devise unto 'The Ministerial Sustentation Fund' of the Presbyterian Church in the United States of America, incorporated February 26, 1909, under the Laws of the Commonwealth of Pennsylvania, all that certain (here insert description if convenient) with the appurtenances in fee simple, for the use, benefit and behoof of said Ministerial Sustentation Fund forever."

IV. RESIDUARY CLAUSE.

For the Relief Department: "I give, devise and bequeath in fee simple and absolutely to 'The Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers,' incorporated in the State of Pennsylvania, October 21, 1876, having its office in the City of Philadelphia, all the rest, residue and remainder of my estate, real and personal, to be used for the appropriate object of said corporation."

For the Sustentation Department: "All the rest, residue and remainder of my real and personal estate, I devise and bequeath unto 'The Ministerial Sustentation Fund' of the Presbyterian Church in the United States of America, incorporated February 26, 1909, under the Laws of the Commonwealth of Pennsylvania."

V. PERMANENT FUND.

If a testator desires his devise or bequest to become a part of the endowment of either agency, he should add to the form the following words: "To be held as part of the Permanent Fund, the income only to be used for the appropriate objects of said corporation."

VI. WITNESSES

To every will there should be two subscribing witnesses, neither of whom is interested as a legatee or devisee, or is in any way connected with a charity to which anything is given in the will.

Fifty-Third Annual Report

OF THE

BOARD OF MISSIONS FOR FREEDMEN

OF THE

PRESBYTERIAN CHURCH

IN THE UNITED STATES OF AMERICA

TO THE

General Assembly of the Presbyterian Church

From March 31st, 1917 to April 1st, 1918

The Board of Missions for Freedmen presents to the General Assembly its Fifty-third Annual Report.

We are again thankful to be able to say that we have once more, and for the eighteenth time in annual succession closed our fiscal year with enough funds on hand to meet all outstanding financial obligations.

During these past years in which we have been kept free from a burdening debt, we have usually closed the year with an amount on hand sufficient to set the machinery in motion for the new year and to carry us over the summer months in which our receipts fall to their lowest point; and this year, notwithstanding our apprehension at its beginning, has not been different in this respect. We have, therefore, reasons for being more than usually thankful that our financial condition is as good as it is, in view of the many very worthy appeals to the benevolent and generous hearted, which have come almost incessantly, from the very beginning of the great world war, and especially since our own beloved land, as a matter of self-protection, as well as duty, felt compelled to join in the great struggle for world freedom, against the vaulting ambitions of the German Kaiser.

Wishing the good people whom we serve might clearly understand the situation and give us their co-operation in adjusting matters to the new and unusual situation, the Board, at the beginning of the year just closed, issued a circular letter to all the workers on the field, which explains itself copy of which reads as follows:

"The War Cloud that has been hanging over the old world for the last three years, has cast its dark shadow over our land, and conditions that have become abnormal must be reckoned with. Prudence and foresight demand that we modify some of our plans to suit the present situation. Conditions are not local but nation wide, and they convince us that we cannot expect to maintain and carry on our work on the same basis as last year.

"It would be our wish to increase, rather than to lessen the support we are giving our workers. We ought not to abandon any part of our work, but we can hardly hope to expand until times grow better.

"Human sympathy suggests that it would be better for us to economize on real estate expenditures, in order that we may more easily maintain our salaries on last years basis; holding back on repairs as long as possible; deferring intended new buildings, except in cases where the money is already provided; decline the lengthening of any school terms; keeping the number of teachers employed within the number employed last year; charging a little more in our boarding schools than the year before, to meet the rise in the price of food; keeping salaries within last years range; giving no minister less supplementary aid than last year; and in exceptional cases granting a limited advance over last year if possible."

During the past year the annual congregational collections from churches have amounted to $92,156.15 as compared with $91,903.14 received from the same source the year before—the difference being only $253.01, showing that the churches have stood by us.

The Woman's Department has also done well in keeping so near last year's figures.

The Sunday Schools fell behind $136.23 giving $10,575.69 instead of $10,701.92.

Receipts from the Young People's Societies decreased from $11,120.46 to $10,485.64. The difference being $634.82.

The receipts from miscellaneous sources including mainly individual gifts was $137,303.64 as compared with $159,287.69 received from the same source a year ago, the difference being $21,984.05.

The receipts from Interest on invested funds being $33,840.54 as compared with $28,830.61 received from the same source the year before, the difference being $5,009.93 on the right side of the ledger.

Legacies two years ago were $26,401.69, one year ago they were $34,763.54, while in the year just closed—our cash receipts from this source amounted to only $25,262.84.

The number of churches that helped us in any one way either by collections, or through Sunday Schools, or Young People's Societies or through Woman's Societies was 6,715 an increase of 209 over last year, still leaving 3253 that gave us nothing whatever.

The number of Sunday Schools contributing either direct or through the Woman's Board was 748 as against 888 last year, a decrease of 140.

The Young People's Societies contributing direct to the Board was 36; while the number contributing through the Woman's Department was 1325. The whole number of contributing Young People's societies being 1361.

The number of Woman's Societies contributing to the work of the Board through the Woman's Board or direct to our Board was 4348.

The following is a tabulated comparative statement of receipts from all sources for this year and last:

Churches	$ 91,903.14	$ 92,156.15	$ 253.01

The amount of money given to church work by the people on the field, including church buildings, repairs, contingent expenses, and ministerial support, as reported to us by our ministers in their annual reports to the Board was this year $93,202.56.

The amount given on the field to our school work by patrons and friends, as reported this year from our teachers was $116,-952.38.

In addition to this, the churches under the care of the Board, not including those that are self-supporting, gave through their annual collections $1,101.00 to the Freedmen's Board, and to other Boards and Agencies of our Church $2,951.00.

Adding the amount raised on the field for church work, and school purposes, to the amount given by these churches to

Benevolent Agencies of the Church, we have a sum total passing through the hands of our ministers, elders and teachers, directly or indirectly, for their own good, in their own communities, and the good of others in other parts of our own land, and other lands amounting to $214,206.94 a gain of $28,027.54 over last year.

Considering the comparatively small amount of this world's goods possessed by these people and considering also the peculiarly hard conditions under which many of them are compelled to live, it is a wonder that they are able and willing to give so much out of their scanty supply, for the good of others, and for the betterment of mankind.

It may be remembered that one year ago the Board reported an unusually large increase of receipts over the amount reported the year before, $154,783.41—the most of this increase was in the amount received from miscellaneous sources, this beng $136,587.28. It was explained that this large increase was occasioned by the receipt of a gift of $100,000, in the form of an annuity from one individual, who was to be known as "A friend of the Negro." This gift was in the form of six per cent. mortgages and accompanied with the condition that five per cent. should be paid to the donor through life and that afterwards the full interest from the fund should be used in meeting the annual running expenses of one of our large boarding schools.

Nothing saved us this year from an unusually large decrease in our miscellaneous receipts—but the fact that this good "friend of the Negro" repeated this generous gift this year, alike in amount and in form, and in conditions attached.

It might be well to repeat the remark of last year, viz, that the large amount put into the possession of the Board does not, as yet help very much in the meeting of constantly recurring running expenses, but will ultimately result in the permanent endowment of one of our large and worthy educational institutions, that has already done much good for the colored race. We will still need to look to our many individual friends for their annual aid; and we trust that some of them at least, may be induced to imitate this "Friend of the Negro," and likewise friend of the Board, in the disposal of some of their worldly belongings.

A few words concerning our statement of receipts, by way of encouragement—the two main and reliable sources of our help did not fail us in this unusually trying year. Both the church congregations, and the Woman's Societies have stood by us, and each organization gave us more than they did last year. This

is significant. It means something. It means much to us, into whose hands the General Assembly of our Church has committed the great work of organizing, upbuilding, and maintaining our share of the work of educating and evangelizing the millions of colored people in our land.

The Woman's Department of our Board is an indispensable adjunct to our original organization. It began its work some thirty-four years ago, and has grown in power and influence for good, from year to year. With Mrs. W. T. Larimer as its General Secretary and Miss Roberta C. Barr as its Field Representative, it has made itself felt in every part of this broad land of ours. They are by their earnestness, energy and tact, popularizing a cause that has for many years received scant favor and scant support in many parts of the country. Mrs. Larimer's annual report, is published as an annex to this report and should be read by everyone in any way interested in our work.

We give below a condensed statement of the nature and extent of the work we have been able to maintain, through the good will and generosity of our friends, and the friends of the work during the past year:

We have maintained both our church work and our school work substantially along the lines indicated in the precautionary notice sent out at the beginning of the year.

The plan of saving on real estate expenses rather than by cutting down our salary allowances for either teachers or ministers, was the only way we could reduce expenses with the least possible suffering.

We had no heart to make any salaries lower than they were—there were some schools that were already asking for larger accommodations, and the giving of these we could defer. This we did,

and perhaps we may have to continue to defer, until times grow better. An additional building was talked of at Birmingham, Alabama; and at Cheraw, South Carolina; and at Concord, North Carolina; and at Arkadelphia, Arkansas; and at Pine Bluff, Arkansas; and at Biddle University—and other places. These we could defer. But in the matter of repairs that were absolutely necessary, we were compelled to make many exceptions.

From 140 schools, and in connection with our more than four hundred churches, there came up the usual stream of request for help in one way or another: A new range, or new roof; repairs in the way of plaster or paint; new steps; a broken down porch, a new fence or a well, or new desks, or new pews, etc. etc.

There were two exceptions we found we would have to make to our general self-imposed rule about new buildings. We expended $1,060 on a new school building at Keeling, Tennessee, in charge of Rev. M. J. Nelson with whom we had an understanding conditionally. His compliance with the conditions obligated the keeping of the agreement. The other case referred to in our last years report was the expenditure of $754 a legacy that came to us through the Woman's Missionary Society of the South Bend Church in Chillicothe Presbytery, which the society wished to be expended in the erection of a school house on John's Island, South Carolina. This money was so expended, and the building will be occupied for school purposes this year, under the supervision of Rev. S. D. Thom, the minister in charge. The school is to be known as the Mary A. Steele Memorial. With these two exceptions the Board held fast to its rule of deferring all requests for new buildings this year.

The insurance however on all of our many buildings, which we had been carrying for three years fell due this year and the premium of more than $10,000 had to be paid for three more years.

The need of a new dormitory at Biddle University, Charlotte, N. C., was urged last year, in the hope that some good man whom the Lord has prospered would open his heart and build one outright for this worthy institution. It can only be done in this way, as far as human sight can see. The Board could never build it out of its ordinary income. It has too many pressing claims to be met in this way. We are delighted to acknowledge the receipt of $10,000 towards the Biddle Fiftieth Anniversary Endowment Fund given by David B. and Mary H. Gamble of Pasadena, California. The principal to be invested by the Board and the income

to be used for this fund; the fund to be known as "The David B. and Mary M. Gamble Endowment Fund."

Statistics from Washington, D. C. give the following facts about the colored people in the war:

"To date (January, 1918) 83,600 colored men were drafted for service, 12,500 have completed the course at the Officers Training Camp at Des Moines, Iowa, of whom 626 have been commissioned as officers in the United States army. Nearly 100 physicians and surgeons have received commissions in the Medical Corps. A full fighting force of 30,000 colored soldiers, including men in every branch of military service will constitute the Ninety-second Division to be detailed for duty in France.

Out of 246 students at Biddle University, 100 have volunteered, and $200 was raised by faculty and students for Y. M. C. A. work. This school deserves the new dormitory it has been asking for, but which we have been unable to give for lack of funds. Perhaps when this awful war is over, and freedom is secured for all nations great and small, and the hundreds of colored young men that have thrown themselves into the fight have come home, some good patriot will be moved to give to Biddle University its needed dormitory, in view of the good service some of its sons have rendered their country and ours, in its time of need.

Our two Evangelists, Rev. J. J. Wilson, D.D., and Rev. J. M. Ewing, D.D., the one on the Eastern field, and the other on the Western, have continued their good work during the year visiting the different churches and have been gladly received, as they came bringing "good tidings of great joy;" and the results of their labors, as reported to us from month to month, fully justifies the continuence of their service.

The Annual personal contributions from one of the friends of our work more than covers all the expenses of both of these Evangelists.

The Board has also recently agreed to put an additional Evangelist at work among the Colored Cumberland Presbyterians in the South who seem to have no great strong body of fellow Christians to whom they can look in time of need, and who might feel the touch of sympathy and fellowship carried by this messenger—sent by our Board—known through its more than fifty years of service—as the friend of the Negro, in bearing to them our Christian greetings and offers to them of help in time of need.

The appointment is for only six months and is of a tentative nature—to be shortened or extended, as circumstances may indicate —Rev. C. G. Rowlett has received the appointment.

The Board has made another appointment in response to frequent expressions of opinion among colored ministers in the North, that there should be appointed a representative by the Board of one of their own kind, whose duty it would be to search out the colored Presbyterians in the northern cities, many of whom have recently migrated from the South, and whenever the way seemed clear to apply to Presbytery for the organization of a colored Presbyterian church, to be nurtured and cared for by the Presbytery and possibly also be aided by our Board. Rev. J. W. Lee, D.D., of Philadelphia, Pennsylvania has been so appointed by our Board, and so far seems to be finding considerable work to do along the line suggested above.

This report is submitted to the Assembly with mingled feelings of regret and satisfaction. We regret that we have not been able to do more for the people having had committed to us the privilege, the honor, and the duty of ministering in spiritual and eternal things. We have served as those who not only seek the approval of their fellow-men but as to Him to whom we must give an account at the last day—we have sought His guidance continually—and have asked continually to be led in the right way. We have labored under difficulties peculiar to the year, and as we look ahead—we are at a loss to discern the signs of the times, but we have faith to believe that God reigns and rules —and that through all this world's struggle right shall triumph in the end, and when the clouds roll away we shall see:

"Wrong forever on the scaffold," and "Truth forever on the Throne."

The term of service of the following members expires with this Assembly: Rev. J. M. Duff, D.D., Rev. Samuel J. Glass, D.D., Rev. Robert H. Allen, D.D., Mr. John Updegraff and Mr. A. C. Robinson. We ask that they be re-elected.

Respectfully submitted,

REV. E. P. COWAN, D.D., *Cor. Sec'y. and Treas.*

REV. J. M. GASTON, D.D., *Associate Sec'y.*

REV. S. J. FISHER, D.D., *President.*

The Report of the Standing Committee on Freedmen

The Standing Committee on Freedmen, having made careful examination of the record and the fifty-third Annual Report of the Board of Missions for Freedmen, recommends:

1. That we commend the Board for their foresight at the beginning of the year in providing to save on real estate expenditures thereby permitting it not to lower the salaries of any of its workers, (but on the other hand allowing a 10% increase to many of the ministers).

2. We commend the Woman's Department for their faithful and loyal service throughout the year and congratulate them on their splendid increase of gifts from the Women's Societies.

3. We commend the Board for its wide-awake policy in appointing a Colored Field Missionary, for work in the Northern States, to look after the rapidly increasing number of colored people coming from the South, also the appointment of a colored Cumberland Presbyterian Minister, to serve as an Evangelist among the churches of the Colored Cumberland Presbyterian Church.

4. We commend that in view of the magnificent service rendered by Biddle University at Charlotte, N. C., in furnishing ministers for our colored churches, that this Assembly most cordially commends the Board in its effort to secure at once a new dormitory for the Theological students.

5. We recommend the approval of the records of the Board and especially commend the minuteness of detail concerning the operations of the Board contained therein.

6. We recommend that the Sabbath nearest Lincoln's birthday be set apart in our Sabbath Schools, for the presentation of this cause and that an opportunity be given for making an offering to the work of this Board.

7. We recommend the election of the following members to the Board, whose terms expire with this meeting of the General Assembly: Rev. J. M. Duff, D.D.; Rev. Robert H. Allen, D.D.; Rev. Samuel J. Glass, D.D.; Mr. John Updegraff, and Mr. A. C. Robinson.

Respectfully submitted,

REV. J. B. RENDALL, D.D., Chairman

THIRTY-FOURTH ANNUAL REPORT

OF THE

WOMAN'S DEPARTMENT

OF THE

Board of Missions for Freedmen

IN THE

Presbyterian Church, U. S. A.

The Woman's Department of the Board of Missions for Freedmen respectfully presents its Thirty-Fourth Annual Report to the Woman's Board of Home Missions, to the women of the Presbyterian Church and to the Board of Missions for Freedmen.

At the opening of our year's work it seemed as if this "Old World" of our's was "on fire". When we looked upon the turmoil we felt like crying out in the words of Daniel 12:8. "Oh, my Lord, what shall be the end of these things." There were no more "rumors of war" but all its horrible realities were upon us. The barbarism and savagery of by-gone ages seemed to have sprung to the front in Europe, and we felt as if we could not sit by and look on lest it come later upon us. We must go to the defense of the helpless and oppressed. The call went forth from our President for our boys to defend the right, and cities in which to train them for the fray, sprung up almost in a night. Our country seemed to throb and pulsate in all her being and almost *stagger* under the happenings at home and abroad, but in a short time she set herself not only to the task of sending her men across that ocean (which she *had* thought *her defense*) to fight for *democracy* but to care for the wounded and homeless, and to re-habilitate the "abomination of desolation" in the wake of warfare and feed the world. This seemed a gigantic task to many, yes some deemed it enough to engage all our time. But to the Christian workers there came the sound of the Master's voice above the tumult saying, "Go ye" *still* with the Gospel to the human hearts in all lands.

There are open doors on every hand, there are sore needs which only Christ can supply.

The line of workers may have wavered now and then—yes, a few may have forsaken the Missionary trenches for other work, but a noble band of women and young people have stood firm and I bring you the record of our year's work for the Negro in America. God grant it may be such as we would wish Him to check up if we were facing two worlds.

Below is the record of gifts for Woman's Department from March 31st, 1917 to March 31st, 1918:

Women's Societies	$ 84,508.14	Increase	$3,821.71
Young People's Societies	10,315.81	Decrease	559.93
Sabbath Schools	4,087.77	Decrease	163.67
Ind. and Misc.	1,947.88	Decrease	3,690.20
Legacies	626.66	Increase	470.00
	$101,486.26	Decrease	$ 122.09

The number of organizations contributing is as follows:

Number of Women's Societies	4,348	an Increase of 152
Number of Sabbath Schools	241	a Decrease of 38
Number of Y. P. Societies	1,325	a Decrease of 30

Women have made fine gain and almost made up the loss in Y. P. and S. S. and legacies. This is certainly encouraging and I wish to thank you for your loyalty.

Our coming workers and givers are now in Young People and Sabbath School Organizations. What does this falling away in gifts portend for the future? True, C. E. Societies have been much depleted by young men going to war, but many do not get the vision of this work. Young People, do you not feel some responsibility for the boys and girls of the weaker race? I want to thank those who have given this year.

The total amount of offerings received by the Board was $394,206.33 a decrease of $23,296.80.

The colored ppeople on the fields under care of our Board gave the following gifts:

For Church Work	$ 93,202.56
For School Work	116,952.38
To Freedmen's Board	1,101.00
To other Boards	2,951.00

Work on field under care of Board:

Ministers	261
Churches and Missions	438
Added on Examination	1,484
Added on Certificate	151
Whole number of Communicants	29,005
Sabbath Schools	434
Sabbath School Scholars	22,703
Number of Day Schools	140
Number of Teachers in Day Schools	426
Number of Pupils	18,108
Whole number of Workers	637

We have received several Life Memberships during the year from individuals and societies. A few have trusted us with their funds in form of Annuities, knowing it is a safe investment.

Never has there been a busier year for secretaries visiting Synodical and Presbyterial Societies, nor a finer spirit found at any time among the women. At Synodicals the officers were fearful they could not carry their apportionments, but accepted them cheerfully, and at Spring Presbyyterials were rejoicing that in most instances they had gone "Over the top." Most societies now believe heartily in apportionments. Athens Presbyterial, Ohio had contributions from every society in its Presbytery, and deserves honorable mention. One feature noticeable at Spring Presbyterials was the present of boys as delegates from C. E. Societies to learn about work they are to do.

We wish to call attention to April number of Home Mission Monthly on "Negro in America" and by reading this and noting pictures, you will be informed on a most important question before America today. Prayer Calendar has pages full of information as has Over Sea and Land. Our thanks are once more extended to *Boards* and *Editors* for courteous favors.

Boxes for our ministers and schools have not been forgotten by the faithful ones and you will never know how you have helped out in the cold days, when the eatables were so high and fuel so scarce, and we really have been greatly pleased that there were so many sent. It was not easy for embargoes, slow express, and other urgent calls have almost doubled the work of those preparing these boxes. Some are finding today what use can be made of small patches. We have known it a long time, and in our schools for the colored girls, have been conserving for many years.

Miss Barr has been at Young People's Conferences and more calls have come than she is able to take. There is a desire to *know* and then they will give. Our Workers' Conference, for Members of Colored Synods, at Charlotte, N. C., had to be given up owing to an epidemic in the city, and it was quite a disappointment to all concerned.

More calls for our literature have come than ever before, and it has gone all over the land, and only failed to reach where we did not have correct address. Extension Secretaries have sent for it for their packages to go to "Shut-ins" and it has added both interest and attractiveness. Quite a number number of Mission Study Classes have used "The American Negro" with our new "Outline for Leaders," finding the subject full of interest after "The African Trail."

At beginning of year, owing to conditions, it was decided to curtail on new buildings, only two being erected during the year,—The Mary A. Steele Memorial Building for $754.00 at John's Island, S. C., Rev. S. D. Thom, Principal, and school building at Keeling, Tennessee for $1,060.00, Rev. W. J. Nelson, Principal, and repairs in as far as it was practicable, but many little things were necessary for comfort and safety. Mary Allen Seminary was in the wake of a storm and was minus a roof in some parts, barn over-turned and generally shaken up, so had to allow for repairs. It was rather a lively reception for our new President, but he rose to the occasion. Boys' dormitory was burned at Cotton Plant, Arkansas, but we were thankful there was no loss of life. Boggs Academy had a fire in laundry, kitchen, and dining-room and many things needful went up in smoke, but no casualties, all boys and girls spared. No new teachers granted this year, but many had more than they could do and one is working in school without promised salary. One or two of our schools closed temporarily owing to scarcity of fuel, making up time later, but we were on the whole very fortunate in our work which was hard on the field but we find very little complaining. All schools were ordered to obey the laws of the States for conservation of fuel, food, and time, some of our ministers serving on State Committees.

Our evangelists have been busy visiting the schools and finding much interest in religious services. Rev. J. W. Lee, our new Secretary for Northern Churches, is busy with his work investigating conditions among the changing population in the cities of the North.

During our journeyings, we are often asked "what part is the Negro taking in the great struggle in which we are now engaged." Let me quote one or two extracts from speeches of colored leaders of the race at patriotic meetings. "Humanity and religion call us to patriotism. In the civil war thousands of us fought for the Stars and Stripes. In the Spanish American war, we did out "bit" at San Juan Hill and we carried Old Glory in the Phillipines." Another says: "We have perhaps not much money to give, but we are rich in devotion to the flag. When we read of how the women of Belgium were treated, some of us remembered how more than fifty years ago the Negroes took up their lonely vigils to protect the white women while the white man went to war, and we determined that we would stand ready to give our last drop of blood for the defense of the world's womanhood."

Today on the blood-soaked fields of Belgium and France, fighting the battle of the Lord for freedom and humanity, our colored men and boys, many from our schoools, are following their leaders where duty or danger calls.

Our schools have been much affected by this call of Uncle Sam. One hundred students out of two hundred and forty-six from our Biddle University volunteered and $200.00 was contributed by their Y. M. C. A.

I wish to call your attention to the picture of a Negro Civil War veteran, and his six fine sons, four of them officers, in the April number of Home Mission Monthly. It is certainly thrilling to see it. See also the Service Flag of our schools on page 141 of the same magazine. Note how many have become officers and are now "Somewhere in France." Eighty-three thousand Negroes have enrolled for service for their country and are proving good soldiers. Their mothers, wives, sisters, and sweethearts are busy helping in the Homeland. Gardening, canning, preserving, conserving of food, giving to Red Cross and in some of our schools, the sewing rooms are doing Red Cross sewing. One school has turned the chapel into a sewing room for the soldiers. The girls do most of the pressing of the garments made by white co-workers.

The year is closed but another is upon us. We know not what is before us as the clouds hang heavy just now, but we do know "*God* is our refuge and strength," and so we will go *forward* in our work again. "Go ye" is our command and we dare not disobey our orders. A French statesman once said, "What France needs is

thirty million Christians." What American needs today is one hundred million Christians—ten millions of them Negroes. How shall they know unless they are taught? The *Bible* is the best text book known for *democracy* and right living, and industrial training will fit them for holding the plow and planting the seed and grain we so much need to feed the world.

Negro ministers and Christian teachers are needed for the crisis in which we find ourselves in the changing conditions of the Negro population but they are not ready to meet the opportunities offered. Some of us are distressed that the ignorant, vicious Negro is coming so near. Oh, women, the hour has struck when we must meet this problem with the Christian church and school. Mary Slessor in her wonderful book says, *"God* is never behind time." Let us be careful that we are not too slow in doing our part. There will be many and heavy demands upon us the coming days, but if we are to "Keep the Home Fires Burning" we must keep up our schools for the training of the Negro boy and girl so they will be able to do not only their "Bit" but their best in the "after the war days" when we shall need the help of every people to restore the waste places.

With all the calls that come in these days, let us increase our gifts to this work. Let us put aside indifference and prejudice which hinder us, and enlist every woman's organization and Y. P. Band in this work the coming year. "We can do it if we will." The word *"discouragement"* is not in the dictionary of the Kingdom of Heaven. The Negro must know Christ if he is to be a good citizen of America. He is making good—help him.

Respectfully submitted,

MRS. W. T. LARIMER,

General Secretary.

THE COLLEGE BOARD

OF THE

PRESBYTERIAN CHURCH IN THE U. S. A.

THIRTY-FIFTH ANNUAL REPORT TO THE GENERAL ASSEMBLY

In presenting to the General Assembly its Thirty-fifth Annual Report, The College Board comes once more with a sense of profound gratitude to God for the things which it has been possible to accomplish for and through our Presbyterian colleges, in the face of unprecedented world conditions and the tentative and uncertain situation in the midst of which the Board has been compelled to render its service to the Church.

The necessity of rendering a thirty-fifth report was not anticipated by the Board, for it confidently expected that consolidation into the new General Board of Education would be effected during the ecclesiastical year ending March 31, 1918. The cause of delay will doubtless be reported to the General Assembly by the Executive Commission. The College Board needs to state only that, as its records will show, it took prompt action to do all in its power to hasten the consummation as soon as it was advised of the steps desired by the Executive Commission, to which body the Assembly committed the direction of the merger.

The War and the Colleges.

It is scarcely necessary to say that the entrance of the United States into the world war had a very marked effect upon American colleges and that our Presbyterian institutions shared with others the shock which resulted in a large loss of students and income and in the necessity of numerous readjustments; but it is fitting that record should be made of the splendid manner in which the colleges have served and are serving the nation and also of the fact that generous friends

have not failed the colleges in their time of distress, resulting from radically changed conditions.

That, upon the outbreak of war, the National Government immediately appealed to the colleges for leadership is well known. The fact proves how important it is to the national welfare that such institutions of higher learning should be maintained, and when it is remembered that of the 237,000 college students considerably less than half were in state-supported institutions, it is apparent that the denominational and independent colleges stood ready to render a great national service. While without military training, the typical college man was well disciplined, had the capacity to learn quickly, had some experience in leadership and was possessed of a spirit of idealism and self-sacrifice which made it possible for the government to find in him just the leadership needed. Moreover, though self-preservation prompted the colleges to do all in their power to hold students, the institutions gave ready proof of their willingness to sacrifice their own for the common good and encouraged their students to put the national welfare first.

The demand made upon the colleges was a striking tribute to the whole work of higher education, but an even greater tribute was paid to this cause when national leaders almost with one voice made clear their conviction that the output of our colleges must be made continuous. It would not do to use up the equipped young manhood which the colleges had ready without doing everything possible to provide for a continuous supply; therefore, from the President down, government officials joined with the educators in a campaign to fill up the ranks of college students. Because of this effort, in which your Board coöperated vigorously, occupying, indeed, a place in the vanguard, the loss in the total number of college students during the school year now drawing to a close was not nearly so great as had been feared. Exact figures are not yet available, but it appears that the net loss was not more than fifteen per cent. However, the falling off was so largely in freshman classes that the loss is likely to be more keenly felt during the next college year.

Influence of College Men.

The Board wishes that it could discover, tabulate and present to the Assembly in some tangible form a statement of what it has reason to believe has been the tremendous influence for good exerted by the men who have gone forth from our Christian colleges as leaders in this time of crisis. Recognizing fully the magnificent work of such organizations as the Y. M. C. A., also the results of the activities of the churches among students in state universities, we venture to suggest that it has been and is a blessing to the country that, among those who are set to lead others and mold the spirits and direct the methods of those who participate in the great struggle, there are thousands who have taken with them not only the intellectual power but also the spirit and idealism which flourish among the students of our Christian colleges. No man will ever be able to measure the influence for good exerted by these men who are the product of the generous gifts of Christian benefactors and the devoted service of Christian teachers.

That the colleges have proved to be hotbeds of idealistic patriotism is partly because of the human material with which the college deals—young men and young women at the period of their lives when they dream great dreams, are stirred by mighty emotions and most eager to follow Emerson's advice, "Hitch your wagon to a star." The fitness and plasticity of the material, however, would not give the results secured were not the colleges as institutions devoted to and experienced in the task of molding rightly the material which comes to their hands. In the time of national crisis they have proved their willingness and ability to do what most needs to be done.

The Colleges in National Service.

In addition to giving the best they had to give, American colleges, our Presbyterian colleges among them, are earnestly and wisely adapting themselves to the new conditions in the midst of which we have come to live, and college students are being trained to do those things, to spread those ideals, to exert those influences, which are essential to the successful

accomplishment of the high purpose to which the nation had dedicated itself. Many of the larger colleges and universities are giving at least a partial military training to the boys within their walls and practically all are planning to make athletics more general for the whole student body. The call for military service developed the fact that while a small percentage of the student body had been highly trained under the spur of college athletics, in many instances little attention had been given to the physical development of the whole student body. This condition is being rapidly changed and earnest effort is being made to make every college student physically fit.

The development of practical courses, not only for men but for women, is another illustration of how the colleges are adapting themselves to the national needs. Courses in telegraphy, for instance, have become quite common not only for men but for women. In nearly all of the women's colleges courses are provided in Red Cross work in order that young women may be prepared for service as nurses, and the efforts of the Food Administrator have secured no more patriotic coöperation from any source than from American colleges. Courses in journalism and business have been greatly increased and improved because of the demands growing out of the war, and domestic economy work is emphasized as never before. Meanwhile, every advantage has been taken of the stirring situation in order, as one college president writes, "to impress upon our students more than ever the necessity for strong Christian character, in order to help in the period of reconstruction which must follow the war," and everywhere among all college students, there has been developed a spirit of Christian sympathy and liberality which has manifested itself in their large gifts for the relief of the millions of sufferers across the seas.

Last, but not least, the colleges report special efforts to teach their students the social ideals and the whole message of the Bible. This kind of teaching has come to the front as never in the history of the land, and a great effort is now being made to enroll 200,000 college students in Bible classes for the special

purpose of studying the social teachings and ideals of Jesus and leading the students to apply his teachings on the campus, in the nation, and in the world. Surely the colleges are preparing not only for the needs of to-day, but for the greater needs of to-morrow.

The Needs of To-morrow.

It is those "needs of to-morrow" to which the college presidents and your Board are giving most serious thought to-day, concerning which they plan with a sense of solemn responsibility, and for the supply of which they must have the heartiest coöperation of all Presbyterians. All know that war came and found the nation unprepared. We are now facing the weighty question, Will we be prepared to solve the world problems which will confront us when the war is over? We must strive together for a victory of arms, but thoughtful men realize that to win this kind of victory and no other will spell defeat. It will be worth fighting for only if it clears the way for a greater victory of mind and spirit, and for the winning of this second and true victory our greatest need is that of trained Christian leadership.

National compacts are always likely to be no more than "scraps of paper" unless, within the peoples thus formally bound together, there is built up the Christian spirit of justice, righteousness and love, which alone can bind them in the vital union of the brotherhood of man. The outstanding obligation, therefore, is that we give to the boys and girls of this generation that thorough Christian training which will fit them to be the leaders of thought and the molders of ideals in the days which lie before. To the task of making such a spiritual leadership for the race the colleges are devoting themselves with a keen sense of their tremendous responsibility; but anxiously they ask: Will the church make it possible to do all that ought to be done? The war has increased their expenses and curtailed their incomes. As never before they must be supported by the people who believe in their mission if they are to discharge to the full the responsibility which they face.

A Shortage of Ministers.

As a part of the large problem of providing the needed Christian leadership for the near future, the Church has to face an inadequate supply of well-trained ministers. A recent publication put forth by the Council of Church Boards of Education confirms earlier studies of this subject and indicates that the time has come when the churches should make unusual effort to lead boys and young men to consecrate their lives to the high calling of the Christian ministry.

There is much evidence that, numerically at least, the ministry was proportionately stronger a century ago than it is to-day. The number of ministers has decreased as compared with the total population and also as compared with the number of church members, and the proportion of candidates to the church membership has shown a steady decline. In our own Church, for instance, we had during a long period of years one candidate for every 800 church members. It appears that we now have only one candidate for every 1,200 communicants. Reports from other churches reveal similar conditions. Of course, the average membership of individual churches is considerably larger than it used to be and many pastors are assisted by one or more lay workers of various kinds so that, though the proportionate number of ordained men has decreased, it is possible that the total number of persons giving their whole time to the work of the church is relatively as large as ever; but it can hardly be questioned that there is great need of increasing the number of ministers, and certainly there is a strong demand for more ministers who have been thoroughly trained for their responsible duties as Christian leaders. The preceding sentences refer to conditions as they existed before the war. It needs to be added that the war has called for a large number of ordained men as chaplains and for work in the camps, and there is every indication that this demand will continue for some time to come.

As the Bulletin of the Council of Church Boards of Education points out, the main source of supply is and always has been the Christian college. Because of the inadequate supply

of ministers, therefore, the Church should give more than usual consideration to the whole great cause of Christian education, and especially to the support and improvement of its colleges. Influenced by patriotic motives, our educational leaders are practically a unit in the view that no effort should be made to turn toward the ministry young men of the draft age, or those who are approaching that age; but every possible effort should be made to lay the claims of the ministry upon those who are in the preparatory schools and to bring them under the influences of our Christian institutions that the Church may have an adequate supply of trained ministers in the years which are just ahead.

"Emergency Council on Education."

The sense of great responsibility concerning the reconstruction period which must follow the war has awakened in all educational agencies as never before the conviction that there must be the utmost coöperation, and at the same time there has developed a new national consciousness as to the importance and real significance of our educational institutions and agencies. As a consequence there was formed during recent months "The Emergency Council on Education," in which practically all of the great associations have come together that their patriotic services may become more effective, that a continuous supply of educated men may be maintained and that the needs which will follow the war may be anticipated and adequate steps taken for their supply.

How powerful will be the influence of this Council becomes apparent when it is known that it includes the following great national organizations: Association of American Colleges, Association of American Universities, National Association of State Universities, American Association of Agricultural Colleges and Experiment Stations, Catholic Education Association, Association of Urban Universities, National Education Association, National Council of Education, N. E. A. Department of Superintendence, American Association of University Professors, Society for the Promotion of Engineering Education, National Council of Normal School Presidents, Associa-

tion of American Medical Colleges and the American Association for the Advancement of Science. One great objective before the Council, which has established headquarters in Washington, is the creation of a national Department of Education whose secretary shall be a member of the President's cabinet. This movement affords additional proof that educational forces are awake to the necessity of supplying leaders who shall be in all respects fitted for the great task of building a world-wide democracy. It is preëminently the duty of the Church to see that such a democracy is shot through and through with the Christian spirit.

Council of Church Boards.

With reference to educational coöperation, it is gratifying to remember that the churches led the way toward that end. Six years ago the Council of Church Boards of Education was organized, being formed of officials of eighteen of the most influential denominational boards of education. It was felt that there was a work in behalf of Christian education which could be done through coöperation far more effectively than by the churches working separately. It took several years for the Council to "find itself," its members being heavily burdened with their denominational duties; but for more than a year past it has had a strong executive at its head—Dr. Robert L. Kelly—and it is rendering a most efficient service to the churches and to the colleges. It gathers for all the churches valuable information important to each and publishes for all jointly much material which otherwise would be published separately. This means a large saving of money as well as a great increase in efficiency. Even more important, however, is the fact that through this Council the churches are able to speak with a voice which can be heard throughout the land and, while the influence of a single denomination may not be great, the influence of all together, exerted through a single agency, is powerful and cannot but impress upon the educational forces of the country that Christian ideal in education for which the churches stand. Your Board has had an active part in this forward movement, one of its

secretaries now serving as president of the Council, and it commends this agency to the General Assembly.

Endowment of Bible Chairs.

The Assembly will rejoice with the Board because of the splendid progress which has been made toward the endowment of departments of English Bible in our Presbyterian colleges. It is but four years since it was discovered that the development of other departments had outrun methods of providing the Bible teaching required of every Presbyterian college. Aggressive steps were taken to supply the lack and to place the Bible departments upon an equality with other departments of college work. Pledges by the Board of income from the John C. Martin Fund stimulated the colleges to seek for funds for the endowment of Bible chairs, with the result that now over $825,000 is devoted to this purpose and there are twenty-two endowed chairs of English Bible in Presbyterian colleges. Eight other institutions are well on the way toward the completion of similar funds. The Board had hoped that a full million would have been secured for this purpose before the end of 1917, and probably that goal would have been reached had not the entrance of the nation into the war made it impracticable to press endowment campaigns during the past year. However, the fact that over half a million has been secured for this purpose within less than three years is cause for great encouragement.

Efforts and Returns.

While handicapped somewhat by conditions with which the Church is acquainted and while feeling that it was improper to increase its force or to make any engagements or arrangements which might embarrass the new General Board of Education, your Board has endeavored to continue aggressive effort in behalf of the colleges and the cause of Christian education. It has kept the work before the Church through several channels of publicity, has been privileged materially to assist several colleges which faced most critical conditions, and its officers coöperated in securing several substantial gifts which came to our colleges during the year.

To the efforts of the Board the churches and individuals have responded with a liberality which is notable in view of the strain of war. The absence of many pastors from their fields in special work, the many calls upon the purses of rich and poor and the remarkable increase in the cost of living combined to create an unprecedented situation. That under such circumstances the churches have contributed more liberally than ever in our history is cause for pride and thanksgiving, and the Board is especially grateful to the friends of the cause who, seeing the almost overwhelming needs of the colleges, have so generously helped to keep them going, that they might continue to render the service which the nation demands.

Gifts of the Year.

Our Presbyterian churches and other church organizations contributed last year the magnificent sum of $163,396.79. This is the largest sum ever contributed in one year for aid on the current expenses of colleges, and for the first time the Board is privileged to report that the goal set by the General Assembly twenty years ago has been attained, that Assembly having expressed the view that the churches should contribute $150,000 annually for this purpose. The gifts of the year came from 5,225 churches, 392 Sunday schools, 47 Young People's Societies and 90 Women's Societies, there being an increase of 235 contributing organizations as compared with the preceding year. From individuals there was contributed during the year $1,228,838.89; from legacies the Board and the colleges received $157,867.63, and the Board's income from invested funds amounted to $82,429.44. The gifts of the year from all sources, both through The College Board and directly to the colleges, reached the gratifying total of $1,680,838.11.

Church Offerings for 1918-19.

In view of the fact that we are already well into the new church year and that the new Board may not be fully organized until that year is half gone, The College Board respectfully asks the Assembly to direct the churches to make the usual

separate offerings for the year 1918–19, one being sent to The College Board and the other to the Board of Education.

Education Week.

The Board unites with the Board of Education in the recommendation that the week beginning February 16, 1919, be designated as Education Week, Sunday, February 16th, being known as Vocation Day, and Sunday, February 23d, as Education Day. The last Sunday in February is now recognized as the universal day of prayer for students by all the student movements affiliated in the World's Student Christian Federation. It is, therefore, a most suitable time for Presbyterians to unite in prayer for the work of their colleges and the students in educational institutions.

Membership.

The term of office of the following members of the Board expires at this time, and the same persons are respectfully nominated for reëlection:

Ministers.

John R. Mackay, Ph.D., D.D., New York.
S. Edward Young, D.D., Brooklyn, N. Y.
Edwin A. McAlpin, D.D., Madison, N. J.

Laymen.

J. C. Egbert, Ph.D., New York.
Hon. Thomas E. Hodges, Morgantown, W. Va.
George C. Sprague, Ph.D., New York.
John R. Rush, Pittsburgh, Pa.
J. F. Wild, Indianapolis, Ind.

All of which is respectfully submitted by order of the Board, New York, April 30, 1918.

ROBERT MACKENZIE, *Secretary.*

Report of the General Assembly's Standing Committee on The College Board.

By the action of the Assembly of 1917 The College Board and the Board of Education have been ordered to be united and the General Board of Education has become their successor. But the new Board has not yet been fully organized nor can it be for some weeks, perhaps months, and so it seems necessary for the Assembly still to give some consideration to the work of The College Board. Your Committee would, therefore, make recommendations as follows:

1. That we recognize with much gratification the large part our educational institutions have in the patriotic movements of the day, many thousands of their students having entered the army of the Republic and many of them as leaders.

2. That we approve the efforts of the Council of Church Boards of Education to provide a continual supply of adequately trained men for the Christian ministry.

3. That we encourage the Board in its labors to develop Bible departments in our colleges, hoping that the time is near when ample funds will be in hand for the maintenance of such a department in every Presbyterian school.

4. That the churches be directed to make two separate offerings for Christian Education during the year 1918–19—one for The College Board and the other for the Board of Education.

5. That the week beginning February 16, 1919, be designated Education Week; Sunday, February 16, Vocation Day; and Sunday, February 23, Education Day, and that these days be observed in the churches, with suitable services.

6. That the records of The College Board submitted to the Assembly for examination be approved.

7. That the following named members of the Board whose term of office expires at this time, be reëlected:

Ministers:—John R. Mackay, Ph.D., D.D., New York,
S. Edward Young, D.D., Brooklyn, N. Y.,
Edwin A. McAlpin, Jr., D.D., Madison, N. J.

Laymen:—J. C. Egbert, Ph.D., New York,
Hon. Thomas E. Hodges, Morgantown, W. Va.,
George C. Sprague, Ph.D., New York,
John R. Rush, Pittsburgh, Pa.,
J. F. Wild, Indianapolis, Indiana.

A. B. Marshall, *Chairman.*

INSTITUTIONS WITH WHICH THE COLLEGE BOARD IS AUTHORIZED TO CO-OPERATE.

NOTE.—These statistics are taken from the completed records of the colleges for the year closing June, 1917. The College Board reports these institutions by their names, which do not always indicate their actual grade as colleges, collegiate institutes or academies. The Board will be glad to give information regarding any of the institutions on request from interested persons.

The Institutions listed below are organically connected with the Presbyterian Church in the United States of America, or have by charter requirements at least two-thirds of their Boards of Control members of said Church.

PATTERSON, TEELE & DENNIS,
ACCOUNTANTS AND AUDITORS,
New York and Boston.

120 BROADWAY, NEW YORK, April 25, 1918.

MR. GEORGE C. SPRAGUE,
Chairman, Auditing Committee, The College Board of the Presbyterian Church in the U. S. A.,
156 Fifth Avenue, New York City.

SIR:—

We have examined the accounts of the Treasurer of the Board for the year ending March 31, 1918, and have verified the Balance Sheet published herewith, which, in our opinion, represents the correct financial condition of the Board at March 31, 1918.

We found on file proper vouchers for expenditures, and the income from investments and the contributions shown on Schedule B have been duly accounted for.

The cash and securities on hand have been verified either by actual count, or evidence of deposit.

Respectfully submitted,

PATTERSON, TEELE & DENNIS,
Accountants and Auditors.

The Board of Temperance

OF THE

Presbyterian Church in the U. S. A.

COLUMBIA BANK BUILDING, PITTSBURGH, PA.

Oh! thus be it ever, when freemen shall stand,
Between their loved home and the war's desolation;
Blest with victory and peace, may the heav'n rescued land
Praise the power that hath made and preserved us a nation.
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust."
And the star-spangled banner in triumph shall wave,
O'er the land of the free and the home of the brave.

OFFICIAL PAPER:

The Amethyst

Thirty-Seventh Annual Report.

Ideals rule the world. Individuals, families, states, nations, races and great periods of time are all fashioned by some dominating ideal. The leadership of mankind has passed from race to race, and from continent to continent, according to the rise and fall of its moral leadership. Every successful reform is simply the crystallization of ideals into law and custom. Religious freedom was a plant of exceedingly slow growth and had to be watered by the blood of many martyrs. Self-government by the masses grew even more slowly yet, and the conflict which today is drenching Europe in the richest blood of the race is a last great struggle for supremacy between autocracy and democracy, between the classes and the masses, between might and right, and as God is stronger than all the powers of evil, so sure is the right to win.

The temperance reform is no exception to the general law of development in reform, moral, social, religious or political. First ignored and despised; then pronounced as false and pernicious; admitted to be theoretically right but claimed to be impracticable, and finally accepted and adopted.

Reports generally pertain to history rather than prophecy but such progress has been made in law and sentiment in the temperance reform that it is believed that before another General Assembly convenes that the National Prohibition Amendment will have been ratified by the requisite number of states to make it a part of the Federal Constitution, and that before the Assembly of 1920 assembles the United States of America will be free from the legalized liquor traffic.

Many agencies have helped to promote present conditions and sentiment. All temperance and prohibition organizations have been factors. Scientific discovery, economic, industrial, sociological and religious progress have all helped to accelerate the reform, but its bulwark has been a few conspicuous individuals encouraged and supported by a large number of humble, courageous, consecrated, self-sacrificing people of conviction, perseverance and spiritual power.

THE PRESENT STATUS

December 17, 1917, by a vote of 282 to 128 in the lower house of Congress the National Prohibition Amendment was submitted to the several states for ratification. The following day, Dec. 18th, the United States Senate concurred in the action of the House by a vote of 47 to 8. This action marked a new epoch in the history of the temperance reform in the United States and opened the greatest prohibition battle in the history of the world. Immediately there was a new alignment of temperance forces. Without exception, every temperance organization, whatever its character or principles, threw itself into the fight for ratification. New weapons, new plans, new combinations, new associations, new angles of vision all appeared, as if by magic. With unity of purpose and singleness of aim the united temperance forces sprang, forward, bearing one banner and uttering one battle cry—"Ratification of the National Prohibition Amendment."

Maine, Kansas, North Dakota, Oklahoma, Georgia, North Carolina, Mississippi, Tennessee, West Virginia, Alabama, Arizona, Virginia, Colorado, Oregon, Washington, Arkansas, Iowa, Idaho, South Carolina, Nebraska, South Dakota, Utah, District of Columbia, Alaska, Indiana, Michigan, New Hampshire, Montana, New Mexico, Texas and Porto Rico—28 states, the territories of Alaska and Porto Rico and District of Columbia have adopted prohibition.

Twelve states have ratified the National Amendment. These are Mississippi, Virginia, Kentucky, South Carolina, North Dakota, South Dakota, Maryland, Montana, Delaware, Texas, Massachusetts and Arizona.

One of the most significant things is not only that certain "wet" states have ratified the amendment but the pronounced majority by which they have done so. In the eleven states which have ratified there were cast 1186 affirmative votes and only 292 negative votes. When it is remembered that most of the Southern and Western prohibition states have not had opportunity to vote, it is a gratifying prospect of what will occur when these legislatures convene.

In November of the present year Nevada, Wyoming, Missouri, Minnesota, Ohio and Florida, will vote on state-wide prohibition for themselves, and Utah (which has statutory prohibition) will vote on a constitutional amendment. There is good reason to believe that all of these states, if properly organized and a spirited campaign conducted, can be swung into the dry column. This, however, means labor, money, self-sacrifice, co-operation, organization, enthusiasm and determination.

WAR PROHIBITION.

Desirable and necessary as are state and national prohibition, immediate war prohibition is not less important. That nations in a death grapple for very existence should continue to waste literally billions of pounds of food material in the production of an unneces-

sary, harmful commodity, which reduces efficiency, impairs health, undermines morals, promotes disorders, increases taxes, imperils the home and poisons the very fountains of life, seems the work of sheer madness, and would not be believed were it not taking place before our own eyes. For our Allies to plead for food and our own people to submit willingly and gladly to economies and even sacrifices to supply it, and then for both ourselves and our Allies to waste millions of tons of grain in the manufacture of poison, seems to invite the retribution which our enemies would visit upon us if they could. No autocrat in all the world is more relentless, brutal or subtly treacherous than the selfish, greedy, imperious liquor traffic.

The direct cost of this curse last year was not less than $2,500,000,000 to say nothing of the indirect cost, which must have been even greater. If America and her Allies would win a speedy and triumphant victory they must not ask their young men to pour out their blood when the people at home refuse to give up their beer. They must not expect the highest favor of God while they watch the flower of young manhood giving up their lives while others do not give up their liquors. We appreciate all that the Government and the several officials have done, and are doing, but that should be no excuse for a selfish and wicked indulgence on the part of others, who by their practices prolong the struggle, and thus waste life and treasure. Let us have war prohibition, and have it NOW!

DANGER OF OVERCONFIDENCE.

Everything points to success, but we must take into account the aftermath of a world war with its inevitable recrudescence. Even apart from these possibilities certain facts must be considered. There are forty-eight states in the Union. It takes three-fourths, or thirty-six of them, to amend the constitution. That is, it will require both branches of the thirty-six legislatures—seventy-two units—to ratify the pending amendment. In short, it only takes thirteen legislative units to defeat the measure, while it takes seventy-two legislative units to carry it.

When we remember that one man, the political boss, or some one else who happens to hold a strategic position, often decides the fate of important measures, and the temptations which the liquor interests offer to such men, it is easy to see that the hardest work and the highest statesmanship are still required.

KEEPING UP OUR STANDARDS.

No greater danger threatens us at this time than that in our enthusiasm and determination for victory we shall neglect and deliberately violate certain safeguards, sanctioned by centuries, and lower our ideals in the interest of good fellowship, expediency, or unwarranted confidence that the things which have sapped other civilizations will not weaken us. The Sabbath, the family, the sanctity of marriage, the necessity of the Church and religion are some

of the things to be safeguarded. One conspicuous example of declining standards is shown in the attitude of the public toward tobacco in general, and the cigarette in particular. Reliable statistics show that in 1915 there were 17,957,177,722 cigarettes sold; while in 1916 there were 25,231,960,834 and these sales had increased in 1917 to 30,529,193,538.

The money expended is about twice as much as is given to both religion and education in this country, and the money is the least important consideration. The lowering of the moral tone, the physical and spiritual degeneracy, the breaking down of ambition and the closing of doors of opportunity all follow inevitably the use of the cigarette.

THE NATIONAL DRY FEDERATION.

Because there are millions of people who have not been represented by any temperance organization, it was deemed expedient to devise some co-operative plan by which they could be represented without prejudice to any existing agency. To accomplish this purpose it was necessary to have a platform upon which Jew and Gentile, Catholic and Protestant, people within the church and outside of all churches could stand and give battle to the common foe. Following several conferences, more than thirty national and state temperance, reform, civic, religious and patriotic organizations banded together under the name of "The National Dry Federation" for the accomplishment of work upon which it had been agreed in common, and which could be done more quickly and economically in union than in separation.

OBJECTS.

The three objects for which the Federation has agreed to work are:

1. To secure the ratification of the National Prohibition Amendment.
2. The winning of the state-wide Prohibition elections, especially where a vote is to be taken in November of this year.
3. To secure the establisment of immediate war Prohibition.

The Federation is pledged to work for the above named objects absolutely without reference to creed, party, sex, occupation, or other distinction. It aims to crystallize, mobolize, co-ordinate and express the united temperance conscience and will of the American people in an orderly, effective manner, when and where it is most needed. The Federation does not commit itself or any of its constituent bodies to any political party or religious creed, and cannot limit the autonomy or independence of any of the affiliated organizations, nor bind them contrary to their wishes or principles.

The Federation does not ask or desire to be made the official representative of any church or other organization. It does not ask

nor expect money from any of its constituent bodies. It proposes sincere and friendly co-operation with all organizations which are in sympathy with its purposes and are willing to aid in their attainment. Practically all the church temperance agencies are affiliated with the Federation, including the Commission on Temperance of the Federal Council of Churches and the United Society of Christian Endeavor.

The fact that a distinguished Presbyterian Elder serves as President of the Federation entirely without charge, and pays his own traveling expenses, thus setting an example of unselfish service, is worthy of the sacrificial spirit so commendable just now.

THE BOARD AT WORK.

In every campaign of importance in recent years, without exception, the Board has taken an active part. This year its operations have literally extended from coast to coast and from the lakes to the Gulf. Few states of the Union have not been visited by our speakers, while large quantities of literature in several languages have gone throughout the world.

Dr. Johnson, after making a survey of the Western prohibition states, had charge of the speaker's bureau and other important work in the large Chicago campaign. Dr. Wadsworth was manager of the campaign in the city of Elmira, N. Y., and conducted it so successfully that the city voted dry by a majority of nearly 2300. Mr. Woodfin visited France and made a study of conditions in the military camps and at the battle-front, reporting his investigations in a number of instructive news-paper articles Dr. Miller has continued his work with increasing favor and effectiveness in Ohio, besides assisting in other states. Dr. Westenberg and Mr. Steele have been busy in many fields. The staff of field workers has been increased by the employment of Dr. Wm. Parsons for New Jersey, Dr. E. R. Worrell in central Pennsylvania and Rev. A. H. Zechiel in western Ohio.

WHAT OF THE FUTURE.

When national prohibition is enacted into law will the task of temperance organizations be finished? Would that it were true! To some extent certain lines of work will be finished, but there are always three classes of people among whom such work is necessary. First: the millions of children born among us and who must be taught as their parents were. Second: those who come to us from foreign countries where different ideals and customs have prevailed. Third: adults among us who have never been convinced nor converted.

As a rule, the larger cities are least sympathetic. One-tenth of the people of the nation live in six cities—New York, Chicago, Philadelphia, St. Louis, Boston, Cleveland. All of these cities at the present time are in "wet" states. New York, New Jersey, Pennsylvania, Illinois and Missouri, all "wet" at the present time, have millions of

foreign-born people who know little of prohibition, and sympathize with it less. Unless we are to have a reign of lawlessness a systematic, persistent campaign of fundamental education must be continued in these and other states. There is, therefore, still work to be done.

CONCLUSION.

We are again called upon to report the death of another member of the Board. In this case, it is one who, in point of service, has been connected with it longer than any other. O. L. Miller, M. D., became a member of the Board when it was brought to Pittsburgh in 1886 and remained in continuous service until his death.

Dr. Miller had been an Elder for about fifty years and was known and loved, not only by the Sunday schools in which he had been Superintendent and the churches which he had served, but even more tenderly, if possible, by the large number of patients to whom he was physician, advisor and friend. The Board records its appreciation of his service and its gratitude for his life.

The terms of the following members expire with this Assembly, Rev. John Royal Harris, D.D., Rev. Robert Kirk, Rev. W. R. Craig, Elder Wm. R. Zeigler, and the Board suggests their re-election. Vacancies caused by the death of Dr. Miller and removal of Mr. W. W. Shield are also to be filled.

All of which is respectfully submitted with gratitude to God for his favor upon the reform.

CHARLES SCANLON,

General Secretary.

Board of Temperance of the Presbyterian Church,
Pittsburgh, Pa.

Gentlemen:

We have audited the books, records and accounts of the Board of Temperance of the Presbyterian Church, and are submitting herewith the Balance Sheet as at April 1, 1918.

The cash in bank was verified by direct correspondence with the depository and the cash on hand was verified by actual count.

The investments were verified by actual inspection and included herein at the same value as shown by the books.

The inventory of literature, posters and office supplies was verified as to their mathematical accuracy.

Furniture and equipment and field workers' equipment represent the balances of these accounts as at April 1, 1917, plus additions thereto for the year ending March 31, 1918, less depreciation in the amount of $216.03.

The Annuity and Endowment Funds represent bequests and donations and have not been verified other than by inspection of the respective ledger account.

Subject to the foregoing comments, we hereby certify that the attached Balance Sheet as at April 1, 1918, correctly sets forth the financial condition of the Board of Temperance of the Presbyterian Church as at that date and the Schedules "C" and "D" correctly set forth the operations for the year ended March 31, 1918.

Respectfully submitted,

RESOLUTIONS OF THE STANDING COMMITTEE ON TEMPERANCE PRESENTED TO THE GENERAY ASSEMBLY, AT COLUMBUS, OHIO, MAY 21, 1918.

Rev. Donald W. MacLeod, D.D., Chairman.

---

1. The Minutes of the Board of Temperance are approved and the Treasurer's report, certified by public accountant, found correct.

2. The Assembly strongly commends the great work of the Board and its agents.

3. The Assembly authorizes its Board to aid in Cuba, as conditions warrant.

4. The Assembly authorizes the Board to assist in states which vote on prohibition in November and encourages our people to avail themselves of its help.

5. In answer to various overtures, the Assembly requests President Wilson to forbid the use and exportation of grain of all kinds for the manufacture of intoxicating liquors.

6. The Assembly deplores the growing evil of strong drink in foreign mission fields and approves of the Board extending help there as at home.

7. The members of the Board whose terms of office expire with this Assembly are re-elected and vacancies filled.

8. That this Assembly deplores the alarming increase in the use of cigarettes, denounces the false and alluring advertisements of them for mercenary ends, and in harmony with the findings of science and the testimony of competent authorities, condemns their manufacture, sale and use. We urge all of our people to discourage this harmful habit and wasteful traffic which, masquerading under the guise of patriotism, defies science, ignores experience and takes advantage of noble impulses to fix an evil habit upon the youth of our land, and that also increasing attention be given to the subject by State Legislatures, schools, pastors, Sunday schools and wherever the facts can be disseminated.

9. That we urge the United States Government to revoke the charter of the National German-American Alliance if the evidence is conclusive as reported—that its chief purposes have been and are to promote a pro-German and pro-liquor propaganda in our country.

10. The Assembly commends the Secretaries of War and Navy for their efforts to protect the health and morals of our soldiers and sailors, and urges the President and Congress to establish prohibition for the period of the war in the interests of economy and efficiency.

11. It is recommended that continued diligence be given to the protection of military forces abroad against vice and drink, and so far as practicable, have the same safeguards abroad as at home.

12. That this Assembly hereby reaffirms its historic, open and irrevocable opposition to the beverage liquor traffic in every form and in every place, as unscriptural, unethical, unsocial, uneconomical, unpatriotic and hails with joy and gratitude the prospect of its entire and speedy extermination in our beloved country.

REPORT

OF THE

*Permanent Committee on Evangelism.

Your Committee, in presenting its Seventeenth Annual Report to the General Assembly, desires to express its profound gratitude to God for the unity of spirit and purpose which has prevailed in its counsels, for the new vision which came to its members as they studied the instructions of the last Assembly and prepared to carry them out; for the ever-widening door of opportunity for service in the Church, and for the Commission given by the Dallas Assembly to carry the evangelistic message into the Army and Navy Camps.

Directly following the meeting of the last General Assembly, the Committee met in Atlantic City, and, after an evening spent in prayer for God's guidance, gave the following day to earnest consideration of each paragraph in the Assembly's instructions for the year 1917–1918. This consideration made it clear that the Assembly expected the Permanent Committee on Evangelism to carry through the following four-fold program:

I. To press upon the attention of the churches, by direct appeal and through the Evangelistic Committees of Synods and Presbyteries, the emphatic summons of the General Assembly to a deeper consecration of life and a more persistent effort to bring the unsaved to Christ.

II. To aid the Presbyteries in the work of building up their Evangelistic Committees, and in designing and executing plans broad enough to include the evangelistic needs of every church within their bounds.

III. To lay such plans as would insure the presentation of a strong evangelistic message to the students in each one of our Presbyterian colleges.

IV. To enter upon a definite work on behalf of the men in our Army and Navy Camps, in co-operation with Chaplains, with Christian Associations, and with other religious bodies.

The report which is here presented deals with the manner in which your Committee has carried out this program.

I. Presenting the Challenge of the Assembly to the Churches.—Many of our churches have been disturbed and their work, to some extent, demoralized by the numerous calls for service and assistance which have come from public and semi-public agencies, and from new community undertakings; all of which have grown out of our entrance into war. When we add to these new and insistent calls for service the fact that many ministers have left their churches, to enter into war service, and that thousands of our most effective young laymen are in the service, it can readily be seen that the task of keeping alive in these churches a true spirit of evangelism, and a sustained interest in evangelistic work, has been more than ordinarily difficult.

During the year the Committee selected, from the Minutes of the General Assembly, a list of churches which appeared to be in special need of help because they were isolated and in many cases without pastoral leadership. We have sent to these churches, from time to time, letters of counsel and of encouragement; and pamphlets published by the Committee on Evangelism, by the Board of Publication and Sabbath-school Work, or secured from other Publishing Houses. It was felt that these pamphlets would bring to the sessions and members of the congregations both inspiration and suggestion as to ways in which they might be able—even though small in numbers and isolated from the larger centres—to keep their own hearts warm with the spirit and purpose of evangelism and effectively carry the Gospel message to those who

had not accepted and confessed Christ. In this way many churches in the remote sections of the country have been reminded of the Assembly's repeated call for the prosecution of an earnest evangelistic work, and the Committee's sympathetic interest in their plans. The response that has come to us from pastors and elders, situated in many a lonely field, indicate that this has been indeed a fruitful service.

II. Co-operation with the Presbyteries.—While it has been possible for the Committee to help individual churches, in the manner just described, and not infrequently by the personal service of the secretaries in their field work, yet your Committee holds to the conviction that the logical and most effective service which it can render to the churches must be given through the Presbyteries. Our great Church will never maintain, much less increase, her evangelistic efficiency if the Presbyteries fail to appoint on their Evangelistic Committees some of their most alert, consecrated, and capable pastors and elders. It is clear that when men who have exhibited no gift of leadership in the Presbytery and are inefficient in their own churches, are placed on Presbyterial Evangelistic Committees, they become "hinderers" and not helpers in any evangelistic enterprise which may be undertaken. It requires big men; brotherly men; men of courage; men who know how to pray, to measure up to so vital and so great a task as that of awakening, enlisting, and leading into evangelistic activity every church in a Presbytery; including rich, respectable—and sometimes self-satisfied—churches, and remote, discouraged, and ofttimes pastorless flocks; but this is the thing that must be done under Presbyterial leadership if the Presbyterian Church is to continue as an evangelistic and missionary Church. Your Committee wishes that it could state this conviction in words of fire, so that Presbyteries which are giving but little attention to the personnel or the program of their Evangelistic Committees might be awakened to their tremendous responsibility in this connection.

The Committee feels that it has the right to challenge the Presbyteries to give more serious consideration to this matter than many of them have heretofore given, because for many years the Assembly itself, through the Committee, has called upon the Presbyteries to do this very thing; the action of the last Assembly on this point being as follows:

"The Assembly urges upon Presbyteries and Synods to establish and strengthen the Committees appointed to supervise their work of evangelism, and to make an appropriation for the necessary expenses of these Committees in order that they may be able, effectively, to assist all the pastors and churches in their fields."

Correspondence with the chairmen and members of Presbyteries' Committees on Evangelism reveals the fact that many of the Presbyteries have not as yet made provision for even a limited budget for their Evangelistic Committees. In order to furnish temporary relief to some Chairmen who have been eager to enter upon an active program your Committee has made a limited appropriation in order that these men would not be compelled, as in past years, to pay the cost of printing, postage, and travel expense out of their own pockets. While your Committee has furnished this financial help, during the year, it does not believe that this is the best way of financing Presbyterial Committees and earnestly hopes that all Presbyteries which have appointed Committees on Evangelism, will, in accordance with the direction of the General Assembly, make the necessary financial provision for their Evangelistic Committees.

It is a source of satisfaction to your Committee, however, and a promise of better things to come in Presbyterial evangelistic enterprise, that so many of our Presbyteries have, during the past year, given serious consideration to the subject of Evangelism; that the Conferences which they have called for this purpose have been largely attended, and that a considerable number of the strongest Presbyteries in the Church, have, in conference with the Secretary of Assembly's Committee, organized their forces for aggressive evangelistic effort, while there is scarcely a Presbytery in the Church which has not availed itself of the printed material which our Committee has issued, and of such coöperation as the Committee has been able to render through the field work of its secretaries and representatives. In this connection the Committee has had valuable assistance, during the year, from Messrs. W. D.

Laumaster and R. M. Honeyman, who have rendered effective service in Presbyterial Evangelistic Campaigns.

The story of an Evangelistic Campaign in the Presbytery of Rochester, which was reported to the Assembly at Dallas, was published early last Spring and sent broadcast throughout the Church. This account of an Evangelistic Campaign, carried on by a Presbytery which had within its bounds almost every type of church to be found in the denomination, and which chose for its motto the words: "Bear ye one another's burdens, and so fulfill the law of Christ," aroused general attention throughout the Church. The plan of this Campaign was broad enough to take into consideration every church in the Presbytery, and generous enough to lead the strong churches to share the burden of the weak in such a way that every church which was in need of evangelistic help was able to secure the services of a sane evangelistic leader.

Preparation for the conduct of similar campaigns was begun in a number of Presbyteries last Fall. The work of organization was carried forward and funds were secured for the conduct of the work, but the fuel situation made it necessary to cancel all plans which involved additional meetings in houses of worship and led the Committees, for the most part, to postpone their efforts to a later season. The organization in these Presbyteries has, however, been kept intact, and they expect during the coming winter to carry through their plans as originally devised.

Perhaps the most advanced step in organized Presbyterial Evangelism, which has been undertaken during the year, has been that of the Evangelistic Committee of the Synod of New Jersey, which has raised a sufficient budget to pay the salary and the expenses of a Secretary on Evangelism, and has placed this secretary's time and experience at the disposal of the Presbyteries.

Under this leadership a fruitful Evangelistic Campaign—originally intended to be carried out in the month of February—was carried through in the Presbytery of New Brunswick during the past month, and systematic preparation is being made for similar campaigns in other Presbyteries of the Synod.

There is no question but that the program of Presbyterial Evangelism would be carried forward much more rapidly and effectively if our self-supporting Synods, throughout the Church, were to take action similar to that of the Synod of New Jersey, and thus insure a closer and more definite supervision of the evangelistic work in their Presbyteries than it would be possible for the Assembly's Committee to give.

III. Presenting the Evangelistic Message to Presbyterian Students.—Your Committee has, for ten successive years, been charged with responsibility for carrying the evangelistic message to the students in our Presbyterian schools and colleges. For a number of years this work was carried on solely by the Evangelistic Committee. Later, it was determined by the Assembly that the College Evangelistic Campaigns and the College Visitation program of the Board of Education for candidate enlistment should, in a measure, be merged. As a result of this action of the General Assembly your Committee on Evangelism and the Board of Education determined to create a Joint Committee on College Evangelism and Candidate Enlistment. Three members of the Evangelistic Committee and three members of the Board of Education, together with the corresponding secretaries of these agencies, were appointed as members of this Joint Committee. The Rev. William H. Crothers was chosen to be the secretary for College Evangelism and College Visitation. For the past four years Mr. Crothers has been engaged in this work and has endeared himself to the faculty and students of all our colleges, and to the members of the two agencies, by his personal winsomeness, by his wise and tactful direction of the annual Evangelistic Campaigns in the colleges, and by the general effectiveness of his work.

It is a well known fact that the first year in college is usually the critical year in a student's life. It is a year when his outlook on life changes and when he feels constrained to reconsider previous decisions. The number of young men who leave home, and the life of the home church, with a secret determination to give themselves to the work of the Gospel ministry, will probably never be accurately known, but it is known that in this period such students are often overtaken by a great uncertainty. They are tempted to forget the covenant which they have made with God and to forsake entirely their plans for entering Christian service. It is at just such a crisis-time as this, in the

life of a student, that the visit of a fine upstanding preacher, for a week of evangelistic meetings and personal interviews about life-problems, becomes the decisive factor in settling once and for all his doubts and uncertainties, and in leading him to the determination that henceforth he will direct all his energies in definite preparation for Christian service.

The number of colleges which this Committee has been able to visit, each year, has been about forty-five. This year, because of the unsettled condition in many institutions, the Committee has been able to serve but thirty-five institutions, and in this work it has availed itself of the service of thirty-six of our ministers.

It is a privilege to turn from the contemplation of war and its savagery to the quiet college halls where our young men and women are preparing for their life work, and to call to mind the earnest groups, which, although crowded with their studies, are ever ready to give their time to the voluntary meetings which characterize these inspirational weeks, and to earnest personal interviews with the visitors about the personal and spiritual problems with which they are exercised.

By means of the excellent system of reports devised by the secretary on College Visitation; reports which come from the faculty of the colleges, from the Christian leaders among the students, and from the visitors themselves, the Committee has been enabled, each year, to visualize this splendid spiritual service and to catch the vision of thousands of our own boys and girls renewing their allegiance to Jesus Christ and reconsecrating their lives to His service; and of hundreds of others, out of the small percentage of non-Christian students in our colleges, who give themselves, each year, for the first time, to Jesus Christ.

The report of the secretary on College Visitation is full of interesting incidents and events, of which the following paragraphs are typical:

"At one of our fine preparatory schools, with an enrollment of 240 boys, where I spent a week, speaking fifteen times, the boys spoke to their friends and brought them to my room for prayer. As many as a score came for appointed interviews in one day. One lad, the 'brave boy' of the school, as the principal called him—handicapped only by a lameness with which infantile paralysis had left him—marched one of the huskiest of the school athletes in for an interview, and it was not long before we were all on our knees in prayer.

"Another youth, said that after our talk the night before he had been on his knees the first time since coming to the institution. He brought, for an interview, his roommate—a lad from the Pacific Coast—who had never come to Christ. Again we all prayed, and those friends set up an altar of prayer together in their dormitory room.

"It is not too much to say that while profanity had been prevalent in the school, when the week began, it very perceptibly abated and prayer took its place in many a life."

"Five days were spent in one of our great Presbyterian institutions at a time when one of our leading ministers had been invited to be the University preacher. It has never been found possible to draw the students of this institution, in any number, to Evangelistic Services, nor is any evangelistic work which this Committee would consider adequate allowed on the campus. A visitor is almost baffled in his effort to burrow into the campus life. Students are difficult to find. There is more alluring upholstery in Commons, Clubs, Literary and Y. M. C. A. halls, to invite the students away from their own rooms, than in any other place I have ever visited. On the average it requires four or five trips, up and down several flights of stairs, to locate a lad. There was one man whom we had been specially commissioned to seek. After repeated efforts we found him playing at pool. He was lost in the great body of students and seemed to be disappointed because he had not been called on for any Christian activity. When we showed him that among so many men there was ample room for service, and that the biggest thing he could do was to deliberately cultivate the friendship of his own class-mates, with the view of winning them to Christ, he seemed to find new light on his path of duty and thanked us earnestly.

HEART TALKS WITH STUDENTS.

"Another student, the president of one of the most important organizations on the campus, a lad of parts, who, in his senior year is earning more than his expenses, was even more difficult to find; but his pastor by letter and

in person had urged that he be looked up. So after two letters, a telephone call, and six trips up three flights of stairs, he was found. He had me to his Club for dinner, and his room afterward. He had come intending to study for the ministry but had lost that purpose and a great deal more. We went back to fundamentals in our talk. It was not long until a passage from the Word let in the light upon the darkness that had been accumulating about him. His face was illumined, and as the mission of a Christian in this world was portrayed, he said: 'How is the best way to go about it?' When asked for his Bible he searched tables and shelves, and finally brought forth one that had been left by his room-mate. Pertinent passages were shown him, and several fruitful ways of study were indicated. He then asked me to go with him across the street for some refreshment, remarking that he would come back and go at it—pointing to the Bible. At eleven that night, on the campus, he said: 'I feel as though I am getting back to-night what I have been losing ever since I came here.'"

"While working at the University, in Princeton, I called on two seminary students, the sight of whom brought back vividly the gracious revival which grew out of our committee's work, at their college four years ago. One had come to college with the ministry in view, but his faith had almost gone. One evening, in 1913, when I was at the college in preparation for our Campaign, he shot at me questions about the supernatural for two and a half hours, saying almost fiercely; among other things, 'If there is any Holy Spirit where is He?' This was in December. In February, during the meetings, he found the answer to his own question. The Holy Spirit was present in power and the questioner found his doubts resolved. His faith was made firm and he is now about half way through his seminary course.

"The other man was then a freshman, just deciding his life work. I well remember our interview at the time. It was easy, in those days of spiritual victory, in that college to show him the glory of a life spent in wielding the Sword of the Spirit."

Mr. Crothers concludes his detailed and most interesting report to your committee as follows: "What is more natural than that the manifestation of the power of 'The Evangel' in a college should lead some of the students of that college to give their lives to its proclamation? It is no accident that this Committee, the Church's agency for Evangelism, and the Board of Education, the Church's agency for enlistment for the ministry, should unite in such an enterprise."

"I have had the privilege of being associated with Dr. Mahy in two of the Presbyterial Campaigns inaugurated by our Evangelistic Committee, and I believe with my whole heart that this is the sanest, most substantial, and hopeful form of evangelism for the Presbyterian Church. How essential to the success of these Campaigns is the spirit and evangelistic training of pastors who have learned how to win souls and to train their own people in the blessed art in advance of the Campaign itself. Where are these ministers to learn how to win souls? Time after time, I have gathered together the ministerial students in a college, in preparation for one of our college Campaigns, and have said to them:

"'You hope to be ministers of the Gospel and to win men to God. Have you ever brought a soul to Him? If not, where do you expect to learn? Hebrew, and a seminary diploma, and ordination will not impart the secret. Theological seminary will be a poor place for practice, as it will be assumed by your friends there that they are already Christians. Right here in college is the place to learn. Get the seal of God right now on your call to the ministry and don't go on in years of theoretic study before you have some first fruits to indicate that your ministry will not be barren.'"

Such an appeal usually brings a most satisfactory response. It was such a group that did practically all the personal work in one instutition upon which there came a refreshing that gave them an absolutely new idea of the Gospel's power. In that very college, an alumnus, who had had a year in theology was back on an English-teaching fellowship. He told me at the beginning of the week that he was inclined to abandon the ministry, in favor of literature, but when the Evangelistic week was over he said it had changed the whole course of his life. He at once held evangelistic services in two country churches where he had been supplying, and began correspondence looking to his return to the seminary. Such men as he will need little coaching when a Presbyterial Campaign is launched, which embraces their congregations.

Another by-product of our program is the heartening of the devoted men and women who are giving their lives as administrators or instructors in the Church's institutions of Christian culture. One college president recently called at my office and almost his first words were an unsolicited appreciation of the letter we sent to all faculty members in advance of the Campaigns; and his next a testimony to the personal help and refreshment that came to him through the messages of the minister we sent to the college.

One president, who, strangely enough has extensive interests of his own to which he could easily retire, told our leader, after a week of gracious revivals in his college, that he had not only been personally helped but that he had been led to hold on to the presidency job. Before the meetings he had about determined, amid his discouragements, to give it all up and to go back to his own affairs, but this new vision of what could be done for the young people had made him decide he would stick to his post. He is one of our best men.

At this institution fifty-one students were personally interviewed by the leader, and all but one of them committed themselves unreservedly to God for guidance and service. The one exception wrote to the leader, a few days afterwards, that she too had yielded and had asked the privilege of giving her testimony in the regular daily chapel.

These services, in all our colleges, are prepared for, quietly, by months of correspondence. The victories achieved are not headlined, but they are real. One president has just written: "I consider these meetings invaluable—the most important work of the entire year."

Shall we continue them? Dr. Cleland B. McAfee says categorically that next year they will be more needed than ever, and Dr. Stephen Estey writes that they should be continued even if other work has to be dropped. Only one college, evidently uncertain of its attendance, expresses any doubt about the wisdom of continuing this service another year.

The government is urging schools and colleges to keep going, in spite of the war. College administrations are straining every nerve in their effort to conform to this counsel. Large classes of Freshmen, under military age, may be expected next fall. These young men certainly never needed more the gospel of hope and courage, of faith, and sacrifice, and salvation.

The young women of the Church are going to college in greater numbers than before, and they have always been fully as appreciative as the young men of the help afforded through these services.

The enrollment of the schools served this year is about 12,000; a constituency of unmeasured possibility.

Our colleges have come to look to the Committee of our Assembly to treat them to a week of special joy in the Word of God—ministered by chosen and gifted leaders—a week which brings the very crest of the year's privilege to the whole institution.

IV. Work in Army and Navy Camps.—Instructions, from the Assembly, to undertake evangelistic work for the men of the Army and Navy came to your Committee in the form of two Resolutions; one of them adopted in connection with the Committee's report to the General Assembly, and the other in the Report of the Committee on Army and Navy Chaplains. These Resolutions read as follows:

"**Resolved,** that the Committee recognizes the special responsibility for aggressive evangelism now resting upon our churches because of the war situation. Various suggestions regarding work in the concentration camps have been brought to its attention. Consideration of the different lines of activity proposed has convinced the Committee that it can best promote religious work among soldiers and sailors through coöperation with the regularly appointed Chaplains and with the International Committee of the Young Men's Christian Association, whose work at the front—both at home and abroad—has been so signally blest. We, therefore, recommend that our churches, in this time of exceptional opportunity, be urged to enlarge their contributions to the Assembly's Committee in order that it may more effectively cooperate in the work for our soldiers and sailors."

"**Resolved,** that inasmuch as present war conditions necessitate the establishment of large training camps in various sections of the country, we urge upon our pastors and churches their immediate attention to this imperative demand, and appeal to them for their thoughtful and patriotic

Christian service. We specially direct our Committee on Evangelism to organize immediately a comprehensive, aggressive evangelism in these Camps, in loyal coöperation with Chaplains and such other union evangelistic movements as the exigencies may develop. In order to enable the Committee to carry out the above direction its budget is hereby increased from $20,000.00 to such additional sum, as, in the judgment of the Committee, may be necessary, and we bespeak for this work the prompt sympathy and large financial support of all our churches."

At the meeting of the Committee, already being referred to as being held immediately after the adjournment of the General Assembly, it was decided, in accordance with Assembly action, that an initial Budget of $20,000.00 for War Work should be raised at once to supplement the regular Budget of the Committee, and that the Committee should immediately undertake a vigorous evangelistic work in the Camps wherever the way was open. Early in June a letter was sent to the churches, acquainting them with the action of the Assembly, and a call was sent for funds with which to begin the War Work. A number of churches responded at once by sending to the Committee the sum of $2,918.13. Two members of the Committee contributed $5,000.00 each to this War Work Fund and other members increased their contributions. This brought the Committee within sight of its total initial War Work Budget.

Rev. Asa J. Ferry, pastor of the Bethany Temple Presbyterian Church, of Philadelphia, was called by the Committee to act, for six months, as War Work Secretary. Later, when it was found that his church was willing to give him leave of absence for an additional period, the call was extended for another six months. Mr. Ferry at once began his services with the Committee, as secretary for War Work, and has been engaged in that work ever since. The action of the Committee, in undertaking to raise a budget for the War Work and to engage a secretary to give all his time to it, was taken before the organization of the National Service Commission was consummated, and before there was any clear understanding on the part of our Committee as to the possible program which the National Service Commission, appointed by the Assembly at Dallas, might undertake. A few weeks later the National Service Commission was called to meet in Washington, and it appeared to be the thought of the Commission that it should create its own Evangelistic Committee for War Work rather than to leave the responsibility for this work with the Permanent Committee on Evangelism. The members of the Permanent Committee felt that this was a mistake in judgment, and most of them are still of the same opinion, but, as the leaders of the National Service Commission were insistent, your Committee felt that it would be wise to fall in with the plans of the Commission rather than to stand on their own rights, under the prior instructions of the General Assembly, and thus appear to create a duplication of effort.

In accordance with the above decision the Committee met in September and perfected plans for the fullest possible coöperation with the National Service Commission. In order to make these plans coöperative the National Service Commission complied with the suggestion of the Permanent Committee on Evangelism and appointed as Chairman and Executive Secretary of its Evangelistic Committee, the Rev. J. Ross Stevenson, D.D., a member of the Permanent Committee, and the Rev. George G. Mahy, D.D., the General Secretary of the Permanent Committee. The action of the Permanent Committee, with reference to this coöperative work, is summed up in the following Resolutions:

"*Resolved*, 1. That the services of the Rev. Asa J. Ferry, the War Work Secretary of the Permanent Committee on Evangelism, be placed at the disposal of the Evangelistic Committee of the National Service Commission; that a stenographer be employed, and an office provided for the conduct of his work."

"*Resolved*, 2. That it is the judgment of the Assembly's Permanent Committee on Evangelism, after a careful survey of what will be demanded in the line of evangelistic work, in and around the Army and Navy Camps, that a budget of at least $53,000.00 will be needed for salaries, traveling expenses, etc., including the necessary assistance of Chaplains for the year 1917–1918. As this Committee has only $12,000.00, now available for this purpose, and has been requested by the Executive Committee of the Assembly's National Service

Commission not to make a further appeal for funds for War Work, it looks to the said Executive Committee of the Commission, through its Finance Committee, to make provision for the balance, viz.: $41,000.00; this amount to be expended by the two Committees on Evangelism, acting in coöperation according to instructions already given by the Assembly to the Permanent Committee, and by the National Service Commission to its sub-Committee."

The Committee felt that the General Secretary, in view of the special need for stimulating the churches, should confine himself largely to the work among the churches and the Presbyteries, and should give only such time to war work as could be spared without detriment to the regular work. During the first three months it was necessary for him to give considerable attention to this work, however, but later the details of administration of the War Work fell naturally into the very capable hands of Mr. Ferry. Early in the autumn, Mr. Ferry, and Rev. Thomas R. White of the Extra Mural Committee of the National Service Commission, made an almost complete visitation of the camps and cantonments and prepared a detailed report of the situation for presentation to the Executive Committee of the National Service Commission on September 26, 1917. It was on the basis of these reports that the general plan of the Extra Mural Committee and the Evangelistic Committee, for work in the Camps, was developed and the Budget for the two Committees adopted.

Mr. Ferry, in the prosecution of his work, acting in accordance with the instructions of the Assembly to your Committee, at once sought to establish a working basis with the War Work Council of the Y. M. C. A., and this he was able to do by reason of the fact that Dr. J. Ross Stevenson, of our own Evangelistic Committee, was also chairman of the Speaker's Committee of the War Work Council of the Y. M. C. A. Mr. Ferry was also made War Work Secretary of the Evangelistic Commission of the Federal Council of the Churches, and a member of the Camp Activities Committee of the War Time Commission of the Federal Council. Through these various points of contact he has been able to coördinate Presbyterian evangelistic work for soldiers and sailors, not only with the Y. M. C. A., but with other denominations, and in close association with the Field Secretary of the Extra Mural Committee of the National Service Commission, to render such a service to the whole cause of evangelistic work in and around Army and Navy Camps as to set a high standard for sane and unselfish denominational War Work.

As Mr. Ferry's detailed report of what has been accomplished in the Camps, in this coöperative manner, will be recorded in the Report of the National Service Commission, it will not be included in this report but will accompany the report as a supplementary statement.

V. World-wide Work.—Dr. William H. Roberts, chairman of the sub-Committee on World-wide Evangelistic Work, has prepared and presents to the Assembly, through your Committee, the following report:

This work naturally divides into two parts: one having to do with the Eastern Hemisphere and South America; the other with North America.

I. With reference to the first it is sufficient, at present, to state that the circumstances of the world war are such as to make it inadvisable at present to take any action. It is solemn to note that the Presbyterian and Reformed Churches of Europe are being shorn of their men fitted for pastoral and evangelistic work by service in the armies and navies of the Allied Nations. The losses caused through death in service, in the ministry of the Evangelical Churches, is very great. In France, for instance, it has brought about a depletion of ministers to the extent of one-fourth of the working force. The losses of ministers in Great Britain and Ireland, have likewise been great, but thus far provision has been made for the vacancies created through death and by absence in the field service of many brethren. Our sincere sympathy is expressed for the brethren of our sister Churches in the lands ravaged by war.

II. On the North American continent there exist two organizations to which this Committee is related, by the fact that the General Assembly of this Church is an important factor in the work of each of them. One of these bodies is the Western or American Section of the World Alliance of the Presbyterian and Reformed Churches, and at its meeting, in Princeton, February 27–28, 1918, representatives of the Presbyterian Church in Canada, and of all the

Presbyterian and Reformed Churches in the United States, met in their annual meeting for the consideration of the work necessitated by existing conditions. Among other matters the question of evangelism was naturally considered, and the following Resolutions were adopted:

Resolved, 1. That the Committee on Evangelistic Work of this American Section of the Alliance be reconstituted so as to include in its membership not only delegates of the Churches of this Section, but likewise one or two members from each of the Evangelistic Committees of the several denominational Churches.

Resolved, 2. That this Resolution be referred, with power, to the Executive Committee of the American Section of this Alliance, and that the denominational Evangelistic Committees be notified.

The second body is the Council of the Reformed Churches in America holding the Presbyterian System which met in Philadelphia, Pa., March 19–20, 1918. The subject of evangelism was considered by this Council, which represents seven of the Presbyterian and Reformed denominational Churches of the United States, and the following minute was adopted:

"The Council hereby places on record its approval of all efforts for united evangelistic work by the Churches holding the Reformed Faith and the Presbyterian Government, and directs that this minute of approval be sent to the Chairman of each of the Committees of other bodies placed in charge of evangelistic work by the Supreme Judicatories of the constituent Churches of the Council."

The following Resolutions are recommended for adoption by the Committee:

Resolved, 1. That this Committee take steps for the appointment of two of its members as its representatives on the Committee of Evangelistic Work of the American Section of the World Presbyterian Alliance.

Resolved, 2. That the Rev. J. Wilbur Chapman, D.D., is hereby constituted as the representative-at-large of this Committee.

VI. Finance Committee.—Through the generosity of the churches and the lay members of the Committee, who, during the year made substantial increases in their annual gifts, in order that the Committee might be able to carry through the larger program of work which it was called upon by the Assembly to undertake, it is a satisfaction to be able to report to the General Assembly that a substantial balance has been carried into the new year for the conduct of the regular work and for the continuance, during the summer, of the Committee's proportion of the expense for maintaining evangelistic work in the Camps.

There will be need for a considerably larger sum than that indicated in the balance for War Work, in order to carry forward the present evangelistic plans in the Camps, while the balance in the fund for the regular work of the Committee constitutes the only resource which it has for its support during the summer and early autumn. The Committee has no invested funds and therefore no borrowing capacity. Because of this, for the past several years, it has endeavored to carry over into each new year a sufficient balance to insure it against embarrassment through lack of funds and a consequent hindrance of its summer work, which is preparatory and therefore vital to the success of the winter plans.

The Committee is grateful to the churches which have heeded Assembly's instructions by placing its work on their benevolent list and are sending annual contributions to the Committee's treasury. It is a matter of regret that many of our churches have not caught the vision of the Assembly with reference to the work of its Committee on Evangelism and have not, as yet, made provision for its support. It is encouraging, however, to note the gradual increase in the annual amount received by the Committee from the churches, each year, since 1912–1913. In 1913 the churches gave $1,809.91; in 1914, $4,072.80; in 1915, $6,231.79; in 1916, $8,008.87; in 1917, $8,801.36, in 1918, for Regular Work $9,433.51 and for Special War Work $2,918.13, or a total for 1918 of $12,351.64.

At the last meeting of the Assembly the Trustees of the General Assembly were authorized to receive and hold bequests or gifts for the use of the Committee. Recently the Committee received notice from one of its friends, who is making final disposition of his property, that he has named the Assembly's Committee on Evangelism as a beneficiary in his will for the sum of $6,000.00. This, the

Committee hopes will be the forerunner of similar remembrances on the part of those who believe that our Church should continue to be an Evangelistic Church, and should maintain the Assembly's Committee on Evangelism as its Agency for the stimulation of the churches in their evangelistic work.

The following is the report of the Committee's treasurer, Mr. A. R. Perkins, as audited by Lybrand, Ross Bros. and Montgomery.

Resolutions for Assembly's Consideration.

Resolved 1. That the Moderator appoint, for the term of three years, six members, three of whom shall be pastors and three elders, inasmuch as the term of office of the following members expires with this Assembly, *i. e.*, Rev. Murdoch McLeod, D.D., Rev. Henry Collin Minton, D.D., Rev. S. S. Palmer, D.D.; elders, Chas. L. Huston, Thomas W. Synnott and Calvin N. Payne.

Resolved, 2. That the Assembly give to its Permanent Committee on Evangelism the following instructions:

(1) To maintain its correspondence with individual churches, and particularly to keep in touch, through the sessions, with those churches which are suffering from the lack of regular pastoral leadership.

(2) To continue, among the Presbyteries, the work of organizing their evangelistic Committees, and enabling them to formulate and to carry out such plans for evangelistic work among the churches as will reach every church within their bounds.

(3) With this end in view, to arrange, as in former years, for Evangelistic Institutes and Conferences, in various sections of the country, with Synodical and Presbyterial Evangelistic Committees, and for Conferences with individual Presbyteries.

(4) To maintain its program of College Evangelism, in connection with the Board of Education, through a Joint Committee on College Visitation, and to meet one-half of the salary and the expense of such Joint Committee.

(5) To coöperate with the Evangelistic Commission of the Federal Council, and with the Evangelistic Committees of other denominations, and to appoint from its number two members on the Evangelistic Committee of the American Section of the World Presbyterian Alliance, that through this coöperative action, the Committee may aid in maintaining an earnest evangelistic spirit among all the Churches.

(6) To continue evangelistic work in Army and Navy Camps, in coöperation with all evangelical forces engaged in similar work, in accordance with the directions given to the Committee by the Dallas Assembly.

Resolved, 3. That the Assembly, while recognizing the fact that the churches are burdened with new and exacting tasks, even while they are weakened by a decrease of pastoral and lay leadership, nevertheless calls upon them to give their utmost time and strength to the work of evangelism, to set aside special seasons for prayer and the proclamation of the evangelistic message, to coöperate with Presbyterial evangelistic programs, and to participate in approved community Campaigns.

Resolved, 4. That the Assembly again calls upon Synods and Presbyteries to establish and strengthen the Committees appointed by them for the

supervision of the evangelistic work of their churches, and urges upon them the necessity for making a financial appropriation for such Committees, in order that they may be unhampered in carrying forward their work.

Resolved, 5. That the Assembly notes with satisfaction the increasing measure of financial support given by the churches to the Permanent Committee on Evangelism, and records its appreciation of the equally generous financial support given by the members of the Committee, and their friends, as indicated by the report of the Treasurer, and, in view of the demands which will be made upon the Committee during the coming year, recommends that the churches generally set aside, for the Committee, a proportionate share of their benevolent funds, in accordance with the recommendations of the Executive Commission.

Resolved, 6. That the Committee be authorized to appoint a sub-Committee on Coöperation with other Presbyterian and Reformed Churches, and that the Rev. J. Wilbur Chapman, D.D., be appointed Representative-at-large for the Committee.

Resolved, 7. That the Moderator and Stated Clerk of the General Assembly be ex-officio members of the Committee, and that the Committee be authorized to appoint Special Representatives to coöperate with it in its work throughout the Church.

Respectfully submitted,
CHARLES L. HUSTON, *Chairman.*
GEORGE G. MAHY, SECRETARY.

REPORT OF THE COÖPERATIVE WAR WORK CARRIED ON BY THE GENERAL ASSEMBLY'S PERMANENT COMMITTEE ON EVANGELISM AND THE EVANGELISTIC COMMITTEE OF THE NATIONAL SERVICE COMMISSION.

BY REV. ASA. J. FERRY, SECRETARY FOR WAR WORK.

The Evangelistic work in the camps and camp communities has been carried on jointly by the Permanent Committee on Evangelism and the Evangelistic Committee of the National Service Commission.

Early in the summer a thorough survey of the field was made by the secretaries of the Evangelistic and Extra-Mural Committees, and a joint program was outlined with a view to covering the whole field, and yet preventing any tendency to overlap. When this program was presented in September to the Executive Committee of the Commission a joint executive of the evangelistic and Extra-Mural Committees was created to carry out the plan. The work of the two Committees has, therefore, been most carefully coördinated, and the secretaries have kept in constant touch with each other and with the field. The knowledge gained and the contacts made by this first survey have proven invaluable.

Four distinct lines of work have been undertaken by the Evangelistic Committee: 1. Assisting Presbyterian Chaplains; 2. Placing permanent men for evangelistic work in the camps; 3. Sending evangelistic speakers to camps and camp communities; 4. Arranging evangelistic campaigns in camp cities.

1. Assisting Presbyterian Chaplains.—When the United States entered the war there were thirteen chaplains representing our Church, nine in the Army and four in the Navy. There are now sixty, forty-nine in the Army and eleven in the Navy, and more are constantly being appointed. The new bill to provide a chaplain for every twelve hundred men, will probably double our quota within the coming year. Provision should be made to adequately meet the needs of these men who enter the service without any equipment, and often at a financial sacrifice.

There ought to be a minimum provision of $1,000 for each chaplain, divided as follows: $400 for personal equipment, clothing, bedding, etc.; $500 for service equipment, typewriter, stationery, song books, testaments, Communion set, and a motor cycle for service abroad; $100 at least, for a chaplain's fund, to provide delicacies for the sick, flowers for the dead, telegrams to bereaved families, and to make small loans to men in need.

Your Committee, with only a small sum at their command, could not help the chaplains with their personal equipment, and could only spend about $200 on each man for service equipment. A small chaplain's fund has been

provided only in a few urgent cases. This very meagre help has been so gratefully acknowledged, that the Committee is laboring to meet their greater needs also. It has inaugurated a movement to induce some of our stronger churches to undertake the support of a chaplain as they do a missionary, providing equipment instead of salary, and standing back of him in sympathy and interest. The sentiments of every chaplain who has written us are voiced by one who says: "Much as I appreciate the equipment which you have sent me, I value far more the proof of the Church's sympathetic interest in the men who have been cut off from the normal life of the Church for this special service. The chaplain is often a very lonely man, and a friendly letter from his brethren greatly helps him." Appreciating this fact, the Secretary of the Committee has kept in constant correspondence with all our chaplains, and has made a point of meeting them wherever possible on his trips to the field. He has thus become personally acquainted with more than half of them, and bears testimony to the fine type of men in the service, and the excellent service being rendered. The Secretary has also coöperated with the Assembly's Committee on Army and Navy Chaplains in the selection of suitable men or appointment.

2. Permanent Men.—One item in the program of the Extra-Mural and Evangelistic Committees was the placing of a permanent man as Camp Pastor at each of the greater camps and naval stations. This work was carefully adjusted to avoid overlapping and to conserve the funds of both Committees. The Evangelistic Committee placed men where the community about the camp did not lend itself to Extra-Mural work, and the Extra-Mural Committee placed men where a large field existed outside the camp. Two men were appointed only where both Committees agreed that it was necessary.

The Evangelistic Committee has had permanent representatives at various times at the following points: Camps Dix, Gordon, Taylor, Dodge, Funston, Pike, Bowie, MacArthur, Lewis, Kelly Field, Philadelphia Navy Yard, Great Lakes Naval Station, Newport News Embarkation Camp, and the Quartermaster's Camp at Jacksonville.

The men serving at these Camps have worked along definite evangelistic lines. They have spoken in Y. M. C. A. huts, barracks, and local churches; held personal interviews with men in tents and barracks; they have led many to Christ; attached hundreds as War-Time members to churches in camp cities; ministered constantly to the sick in the hospitals; distributed Testaments and devotional literature. They have also been invaluable in making preparation for the coming of our evangelistic speakers, assuring them of a hearing and assisting them while on the field.

The reports and letters of these men reveal an astonishing amount of labor. We wish it were possible to give some adequate idea of the self-sacrifice, the cheerfulness, the readiness for any sort of service which these Camp Pastors manifest, but much of their most fruitful work is untabulated. Our hearts have been warmed by the many letters of appreciation that have come unsought from their fellow-workers—pastors, chaplains, Y. M. C. A. Secretaries. We feel that such men are rendering a most important service to the Church and the Nation.

8. Evangelistic Speakers.—In addition to these permanent workers, men have been sent into the camps as evangelistic speakers. Their names have been presented to the War Work Council of the Y. M. C. A. for approval and they have thus gone with a double commission. Our Camp Pastors have usually prepared for their coming, arranging for preaching engagements in local evangelistic churches as well as in the camps. Some representative of our Committee has held services in almost every camp and naval station in the country. These men are usually sent out for a month or six weeks, though a few have spent at least six months. A group of adjacent camps is chosen, and the speaker spends a week or more in each, speaking as many evenings as possible, and holding personal interviews after the meetings and whenever else opportunity offers. The Y. M. C. A. has been very appreciative of this assistance, and have used our men to the capacity of their time and strength. We feel that this is a most effective way in which the Church can reinforce the work of the Association.

While we have sought to touch all types of camps, we have kept in mind especially those located at a distance from the great cities, because such camps

have difficulty in securing a sufficient number of good speakers and have been most appreciative of our assistance.

Our speakers are unanimous in reporting a remarkable responsiveness on the part of the men. Large numbers have accepted Christ both in the public meetings and in personal interviews. One speaker sums it up thus: "There seemed to be an eagerness to hear, even though the audience was gathered for entertainment, and they most eagerly and reverently listened to the Gospel message and willingly manifested their hope in Christ by standing before the other men in testimony of their faith in and loyalty to Him. While the men stood I always counseled them as to the seriousness of the stand which they were making, and the necessity of living true to their pledge."

4. Evangelistic Campaigns.—With the coming of the spring and summer months the Committee has been planning for a number of evangelistic campaigns in camp cities. For our first large effort we have selected Newport News, Va., where the great Embarkation Camp is situated. We have met with a remarkable response, on the part of the whole community. The churches of all denominations have united in the movement; the business men have pledged their moral and financial support; the military authorities have promised the fullest coöperation. Dr. Biederwolf assisted by his quartette is to conduct the meeting. A large tabernacle has been erected on ground accessible to the soldiers. With only a small initial gift from the Commission used as a leverage, a fund of $10,000 has been raised to cover all expenses, so that no offerings need be taken. The enthusiasm is high and a great meeting is assured..

We are in correspondence with other camp cities looking toward similar campaigns, and expect to touch a number of strategic points before the summer is over. We feel that such meetings will not only reach many of the soldiers, but will also benefit the churches and communities adjacent to the camps.

After several months of contact with the camps and their communities we have come to a firm conviction that there is no need so great and so pressing as the need for a revival of vital religion at home and in camp. Never has the evangelistic message been more greatly needed and never have men been more eager to hear it.

REPORT OF THE

Permanent Committee on Men's Work

For the Year Ending March 31, 1918

It is with much gratitude that we submit our annual report to the General Assembly. Encouraging gains have been made lessons have been learned, and we have begun the new year with larger hopes, more confidence and new determination. We have abundant assurance from much council with many leaders that there is a large field of usefulness for this agency which is not occupied by any other agency. It seems clear to your Committee that the Men's Work has made a large contribution to the work of the churches proportionate to the means employed. We have followed the instructions of the Assembly in co-operating with all forms of organized activities among the men of our churches. Our purpose has been: (1) To develop existing men's organizations into better organizations, especially as regards the service of men. (2) To set up men's organized work where there is none in the local church. (3) To train leaders in men's work in the local churches. (4) To organize in the Synods and Presbyteries, Committees on Men's Work that would co-operate with us within their bounds. (5) To promote among Presbyterian men a clearer understanding and a deeper conviction regarding the necessities for the ministry of the Church to human welfare.

Opportunity

The contact secured with churches, their officers and other men offers a large opportunity to build up the local churches and to help to carry on the whole work of the Presbyterian Church. It is a universal conviction that the men should do much more in the churches. Above all the Pastors desire better service by their men. It is the opinion of all that the great unused resources of the Church are with the men. Many leaders throughout the Church are looking to this movement among the men for a large contribution to the work of the Church. Multitudes of men, now unused, welcome the opportunity for closer fellowship and more activity in the Church. Almost without exception the men of the churches respond heartily to calls for conferences on Men's Work. The judgment prevails that these conferences offer unique opportunity for bringing the men of the churches into contact with their work. Inquiries come continuously to our office for counsel in organizing the men. There is increasing demand for literature on Men's Societies. The field for Men's Work is "white unto the harvest."

Things Accomplished During the Year

The Assembly's Committee has given diligent attention to the work that has been committed to it. The Committee represents a variety of viewpoints based on experience both in the general work of the Church and in building up local churches through the organized work of the men. The Committee has proved its faith in and devotion to

this work by again providing within its own membership for a large proportion of the support of the work which has not yet been assumed by the churches. Complete harmony and unity of view exist in the Committee regarding the promotion of the work throughout the Church and the development of Men's Work in the local churches. The Committee welcomes counsel from the Assembly and is grateful for the cordial interest of past Assemblies. Co-operation with Committees of Synods and Presbyteries is complete and for the active co-operation of these Committees of Pastors, Sessions and other men, your Committee is profoundly grateful.

Much has been accomplished that cannot be tabulated. The by-products equal the appreciable results. Many Pastors and other leaders have been given counsel and inspiration in solving the problems of their pastorates, especially in their Men's Work. A vast amount of work on individual initiative doubtless has originated from the work of organizing or reconstructing Men's Societies. A contribution has been made to the spirit and life of many men and churches. Much has been planned and begun where results are not yet seen. A large contribution to the patriotism and morale of the people has been made through our men's meetings. Fellowship of Christian brothers have been established which will bear much fruit. Unity of effort and team-work by men have been inaugurated in many churches. Many men have a clearer understanding and deeper conviction about the contribution which the Church makes to their lives and especially in the opportunity it offers for service.

Among the things accomplished that can be stated are the following: 1. Conferences with the men of many churches. These conferences are of small groups of churches so as to secure the large attendance of men and to deal specifically with the work of the churches represented. They offer fine opportunities for the fellowship of men of the same community and for consideration of their mutual responsibilities. Usually they have been supper conferences with two hours after the supper for addresses and round table discussions. Almost without exception an interest amounting to enthusiasm has been awakened in these meetings. Results have been conserved by the adoption of a standard for Men's Work in a local church and a follow-up by Committees and Pastors. These conferences have been attended by from thirty to two hundred and eighty-four men each. In reporting attendance, figures given are usually from actual registration. In a few cases the number is an estimate. These conferences during the year were attended by approximately four thousand five hundred men, from approximately three hundred and fifty Churches, and were in ten Synods. The Men's Work has been presented also to the meetings of many Presbyteries, eight Synods, many Sabbath congregations and on various other occasions. There have also been conferences with Committees of Synods and Presbyteries. It is most apparent that we are securing large contact with churches and men.

2. The Men's Work has been given ample place in the proceedings of the Assemblies. By action of the Assembly, Saturday night of the opening week has been set apart for a popular meeting of the men in the interest of the Men's Work. These Assembly supper meetings have been largely attended by Commissioners and other men. At the Dallas Assembly five hundred and six men were seated at the tables and many were turned away for whom room could not be provided. It was pronounced by many to be one of the very helpful meetings even of the Dallas Assembly.

3. The organization of Synod and Presbytery Committees, and conferences with these Committees. This has been one main purpose from the beginning. Encouraging progress has been made. In many

Synods and Presbyteries are active Committees whose services are of great value. In the meetings of these Synods and Presbyteries ample opportunity is given for the consideration of Men's Work. Some of the Synod Committees, consisting of the Chairmen in the Presbyteries, hold annual all day meetings in conjunction with one or more representatives of the Assembly's Committee.

4. Your Committee has adopted a Declaration of Purpose. There are many kinds of Men's Societies in the Presbyterian churches. They have various names and forms of organization and carry on a variety of activities. We are seeking to secure as much uniformity as is consistent with the diversified activities that are demanded by local conditions. This uniformity we are seeking to bring about through a Declaration of Purpose which is a brief, comprehensive statement of the great objectives in our Men's Movement. There is need for a motto, or slogan that sets forth succinctly the objectives of the movement or of the Men's Society in the local church. We have secured a considerable consensus of opinion throughout the Church on this matter. The Declaration of Purpose will be made in certificate form suitable for being framed for the men's room and will be furnished to Societies that adopt it. A roll of these Societies will be kept. We are seeking to make this Declaration so fundamental and comprehensive that it can be adopted by our different kinds of Men's Organizations. The following is approximately the form in which it will be issued

I. *Unity.*—It is the purpose of this Society to promote the unity of the men of this Church, of all Presbyterian and of all Christian men.

II. *Truth.*—It is the purpose of this Society to promote among men the knowledge of God's Word, of the ministry of the Church to the world, of the standards and agencies of the Presbyterian Church, and of civic, patriotic and all other matters pertaining to the welfare of the community and of the world.

III. *Service.*—It is the purpose of this Society to promote among men Christian service in building up the Church, especially by bringing men to Christ in the whole work of the Presbyterian Church in the world, and in social service, civic, patriotic and all other duties of Christian men.

More detailed instructions and amplifications of these fundamental objectives is furnished in the following suggested standard or lines of development in the Men's Work of a local church. These essential lines of development have been discussed and approved in very many Men's Conferences.

It is first essential to promote the unity of the men of the same church. In many churches there is deplorable lack of it. The need for it has been recognized for many years. Many men in our churches have their fellowship almost wholly in their groups of men who are often not Christian men. For a Christian to prefer the fellowship of non-Christians is perilous. The Church has been negligent in building these fellowships of its men. The necessity for them is very prominently set forth in the Scriptures.

"A new Commandment I give unto you, that ye love one another; even as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples, if ye have love one to another."

"That they may be perfected into one; that the world may know that Thou didst send me."

"Now ye are the body of Christ and severally members thereof."

"In whom ye also are builded together for a habitation of God in the Spirit."

There is no other basis for the unity of men that can be compared to this one. Too often we have tried to get service from a dis-

connected group of men. Unless there is the corporate life of these Christian men, united service may not be expected. Not unfrequently the men of the same church do not know one another. Sometimes they do and are sorry for it. Other interests of life separate these men into groups and estrangement grows up. In some churches we are glad to be able to state, there is this fine Christian fraternity, esprit de corps, this corporate life binding the men into close fellowship. The Pastors of such churches testify to the larger results in their evangelistic work and all other undertakings in the Church.

We join with all other agencies that are promoting Men's Bible Classes. We regard the Men's Bible Class as a fundamental part of the Men's Work in any church. A common difficulty is, however, that these Men's Bible Classes limit their activities to keeping up the class, not functioning in service, nor in the church. It is freely admitted that there is a large product from these classes in the individual service of the men, but greatly more is accomplished when they act as a unit in large undertakings. Our Women's Organized Work offers valuable suggestions.

The Monthly Meetings of these Men's Societies are very important. They serve three important purposes—the fellowship of the men, the transaction of business, and forums for the discussion of many important subjects. A good many churches are finding these monthly meetings of immense advantage. In some instances they have been held regularly for a period of years with gratifying success. Many men will join in the Men's Work through the attractions of these monthly meetings. They afford an excellent opportunity to lead men into the Bible Classes and the membership of the Church.

Almost from the beginning of the men's movement, one purpose has been work for boys. We are finding that Men's Societies are of great value in solving the boy problem in the local church. It is of immense advantage for the boys to be brought into contact with the men. The men can have them do much as they will. The men can be teachers of organized Bible Classes, and leaders of Boy Scout Troops. They can have joint meetings with the boys. The boys' night generally is the best meeting of the year. The men can give valuable vocational guidance to the boys. Several Presbyteries overtured the last Assembly to instruct the Committee on Men's Work to promote Boy Scout Work. In a good many churces this work is already done quite successfully. We recognize the new interest in Boy Scout work in these military days. The President of the United States has given strong commendation to the Boy Scout Work. In many places they are doing splendid patriotic service.

A prevalent difficulty in Men's Work has been that it is intermittent. In a few churches a Men's Society is organized for the purpose of calling it into action when a special occasion arises. There is a much better way. We are finding it very practical for Men's Societies to adopt programs of work at the beginning of each year for that year. This program should be elastic enough to admit of special undertakings as occasions arise. It should include definite undertakings, along lines of work to be pursued every year as well as the things of a special character which the Men's Society should undertake in a given year. The Executive Committee through counsel with the Boards of the Church will be able to keep the men permanently at work by presenting to them at the beginning of each year a carefully worked out program for their adoption. Under the guidance of suitable Committees these yearly programs of work will be carried on. This is a practical and effective way of answering a very pertinent question, "How Shall We Keep the Men at Work?"

Testimonials

"Let me say very sincerely that in my judgment our Assembly's plan for Men's Work is one of the most important steps it has taken in a number of years directed as it is along practical lines and with methods, which, I am sure, conduct it wisely and efficiently. Our greatest failure as a Church has no doubt been in the matter of developing and utilizing the working capacity of the Christian men in the Church, and I am sure that nothing can be more important than to overcome this weakness."—*The Rev. J. E. Bushnell, D. D., Pastor of Westminster Church, Minneapolis, Minn.*

"I believe the Men's Work of the Church is both constructive and permanent in its interests; that we are building up an effective activity which means that the various Church Organizations are doing their own work instead of seeking other and special forces to do it for them. The great body politic of the Presbyterian Church needs to use its own strength and its own present organized ability in all lines of active service at home and abroad. We are doing this now to a greater extent than ever before and I think the Men's Work has had very much to do with it and men are beginning to respect and value it."—*Rev. John Timothy Stone, D. D., LL. D., Chairman of the Assembly's Committee on Men's Work and Pastor of the Fourth Presbyterian Church, Chicago, Ill.*

"The Men's Work is so definitely relating itself to the great mission of the Church as to deserve the confidence of all members of the Church. The presentation in Men's Work of the great need for masculine force in the Church presents the most gripping challenge to men. The very happy thing about it is that in the Illinois Synod we are getting results of a very gratifying kind. I have never seen men moved with a deeper conviction of the need of loyalty to and cooperation with the Church of Jesus Christ than has been the case in our men's meetings."—*Rev. Floyd W. Barr, Chairman of the Committee on Men's Work, Synod of Illinois, and Pastor of the First Presbyterian Church, Monmouth, Ill.*

"In our recent conference on Men's Work our men were aroused to the possibility of the Kingdom as they have never been before. They are now coming to me and saying, what can we do to be of service to the Church and Community. When the men of our churches catch this vision of the Church's Mission they will bring their ability into its work."—*Rev. J. Ambrose Dunkle, D. D., Pastor Warren Avenue Presbyterian Church, Saginaw, Mich., now of Tabernacle Presbyterian Church, Indianapolis, Ind.*

"The organized Men's Work of my church is to me the source of immeasurable encouragement and help. Out of the past years of aggressive service on the part of the men of my church I can confidently say that to interest men outside of the Church, to secure their attendance upon the services, to insure them a warm welcome, to lead them to Christian confession, to give the large number of men in the Church a part in the Church's activities, to bring them to a feeling of responsibility for the Church's progress and usefulness, to secure their financial and personal support in the persistent carrying out of a large program of activites throughout the year, the men organized for service are the greatest asset of any church. There can be no limit to the possibilities of service by the splendid manhood of the great Presbyterian Church when organized for their task and confronted with their responsibilities."—*Rev. Walter L. Whallon, D. D., Chairman for Men's Work, Synod of Ohio, and Pastor of Central Presbyterian Church, Zanesville, Ohio.*

Support of the Work

After a good many years of counseling and experimenting, a plan has been adopted by unanimous action of the General Assembly on the recommendation of its Executive Commission. This action has had the unanimous endorsement of a second Assembly. The plan is that because of the vital importance of the work to the churches the Sessions shall make ample provision for its support in the distribution of their benevolent funds. The wisdom and justice of this plan has not been fully appreciated. For example, it is claimed by some that these Men's Societies should provide for the cost of maintaining the special agency for promoting the Men's Work throughout the Church. It is said that our Woman's Work provides for its own support. But the cases are dissimilar. The Woman's Work is supported by taking a sufficient amount from the benevolent funds which are gathered and administered in the Woman's Work to pay the expense of operation. The cost is, in fact, taken from benevolent funds. If our Men's Societies raised and administered benevolent funds as the women do, it would be a very simple and usual course to take an amount from these funds to pay the cost of administration. The plan has always been, however, not for our Men's Societies to raise and administer separate funds out of which the cost of operation would be taken, but to have the men contribute through the regularly established channels of the churches. Hence, they collect and administer as a department of the work no separate funds from which to deduct expenses. To require the Assembly's Committee on Men's Work or on Evangelism to raise their own budgets for operating expenses would be equivalent to having a Board of the Church do it. The plan now in operation, therefore, that the cost of administration should be provided out of benevolent funds, is in accord with the usual custom in the Church. The Men's Work functions in the building of the churches and in the increased support of the agencies of the Church. They should produce in the whole work of the Church greatly beyond their cost or should be immediately eliminated. The Men's Work is regarded by very many people as contributing largely to the increased support of all the work of the Church.

It has also been suggested that these Men's Societies should support the general movement. There are two difficulties in the way of this plan: (1) It would be a much less secure and permanent means of support. Officers of these Men's Societies usually change annually. Often they are men who are not members of Sessions and hence not in close touch with the benevolent work of the Church. (2) It would not place this Men's Work on the heart of the Church as is the work of the Boards, as would appropriations through the Sessions or putting the Men's Work in the benevolent budgets of the local churches. The Men's Work should be in the Church's normal life, in its counsels and prayers and giving, as are its other agencies.

We believe, however, that there may be a way providing in part for the extension of the Men's Work through offerings by Men's Organizations, without interfering with Session appropriations, and so as to relate more closely the local societies to the general movement. If it were provided in the Constitution of the Men's Society that the Society would contribute so much per member per year to the general work, it would have a permanency quite more than through the vote by the Society from year to year. On this matter we welcome the counsel of the Assembly.

We are grateful that we have been able during the past year to provide for all of our expenses and also to pay the deficit of the preceding year. As usual, however, with a new agency, we are left with a very small balance with which to begin the new year. We rejoice in

this substantial increase in the support of the work over the preceding year. We regret very much, however, that we have not had substantial increase through Session appropriations, but have had to secure it from individuals. The Session should bear in mind that there is no permanent provision for this Men's Work except through their appropriations in distributing their benevolent funds as recommended by the Assembly.

RESOLUTIONS

Adopted by the General Assembly May 20, 1918

1. That the Declaration of Purpose prepared by the Assembly's Committee as a means of greater uniformity among men's Societies and as a basis of their enrollment be approved by the Assembly.

2. That we strongly commend this Agency to Sessions of the Churches and urge the necessity of making adequate provision for the support and great enlargement of the work.

3. That the Men's Societies carry an honor roll of the names of all men of the Churches who are enlisted in the Army and Navy and a supplemental roll of all others in the National Service, and that the men keep in constant touch with the men in the field and their families at home.

4. That all Men's Societies hold at least one patriotic service a year, it being suggested that this be the February meeting.

5. That these Societies co-operate with civic, reformatory, and patriotic agencies in the community that are accredited, and that at this time these Societies should stand squarely behind the Government in all war-time activities.

6. That proceeding in harmony with former utterances of the General Assembly and recognizing the even greater than usual demand for prohibition during the war, our Men's Societies co-operate with our Temperance Board, with the National Dry Federation, the Anti-Saloon League and all other agencies that are seeking to establish Local, State, and National Prohibition.

7. That we recognize the Boy Scout Movement as a great opportunity for Christian service by our Men, realizing the value of this organization to promote patriotic, civic, and recreational activities among boys under the influence and in the atmosphere of the Christian Church.

8. That in these days of unprecedented need for the ministry of the Church to human welfare the men of the Churches be summoned to use all the resources at their command in strengthening the local Churches and every agency of the Church for the necessary work of the Church during the continuance of the war and the period of reconstruction.

9. That to guarantee the permanent work of the Men of the Churches the Executive Committees of the Men's Societies in council with the Official Boards of the Churches in perfecting an inventory of available resources and needs, submit to the Men's Societies at the beginning of each year a carefully prepared program of work for the year, this program to include both the kind of work that is carried on each year and the special work to be done in a given year.

10. That the Permanent Committee be authorized to procure additional help for the General Secretary as soon as the income of the Committee justifies the added expense.

11. That the Assembly approve a budget of $11,700.00 for the Committee's work for the year 1918- 19, as recommended by the Budget Committee.

12. That the members of the Class of 1918 of the Permanent Committee on Men's Work be re-elected by the Assembly to be the Class of 1921, as follows: William C. Covert, Chicago; Robert R. Bigger, Chicago; James J. Parks, St. Louis; D. E. Jenkins, Omaha; D. Draper Dayton, Minneapolis.

REV. SAMUEL GARVIN, D. D.,
Colorado Springs, Colorado,
Chairman of the Standing Committee on Men's Work.

ANNUAL REPORT

of the

Permanent Committee on Vacancy and Supply

of

THE PRESBYTERIAN CHURCH
In the United States of America

to the

General Assembly, Columbus, Ohio

The Shadows of War

The work of the Permanent Committee on Vacancy and Supply during the past year has been distinctly and largely influenced by our Nation's participation in the World War. One after another our ministers have heard and responded to what they have interpreted as the call to duty until at the close of the Ecclesiastical Year probably not less than 300 ordained ministers of our Church are rendering service in one form or another in connection with the Army and Navy. Some have enlisted in the ranks or hold positions as officers, others are serving as chaplains and a large and growing number are engaged in various capacities under the Young Men's Christian Association.

Reports coming from the different sections of the Country indicate that of the pastors entering war service about 40 per cent have resigned their churches, others being absent on leave either for definite periods or as in many cases "for the duration of the war." This large number of resignations has only added to the number of vacant churches, while the demand for men to supply the pulpits of the pastors absent on leave must correspondingly diminish the supply of men available for definite consideration in connection with the pastorless fields.

The ever present problem as to an adequate supply of ministers must necessarily be intensified by the war not only because of the number of ministers engaging in war service, but even more by the fact that a very large proportion of the young men who under normal conditions would be entering the Theological Seminaries either already have or shortly will enter military service.

While glorying in the fact that our Beloved Church in every national conflict and crisis has taken no small part in behalf of liberty and righteousness, we scarcely need to be reminded that in the days that are before us both during and after the war our Church must render a definite service to the world both at home and abroad, which mission must fail of its fullest realization unless we are able to constantly produce and maintain an adequate supply of competent and consecrated leaders. Inquiries made here and there throughout our bounds lead to the conclusion that only a very small proportion of our pastors give evidence of recognizing the obligation to regularly present in any definite way the call to the Christian Ministry or the need for an ever increasing number of consecrated workers on our various fields of missionary activity. At this point there is great need for a genuine revival among the recognized leaders of our church.

"Unemployed Ministers"

One reason for the appointment of this Committee by the General Assembly was to provide some method whereby all of our men available and competent for ministerial service should be regularly employed in such service. This is not always easy and particularly so unless the man himself can see his way clear to go to almost any section of the country and become the leader of the work on almost any type of field where he

is needed. That much has already been accomplished in this direction is shown by the fact that when recently the Assembly's Committee requested Presbyterial representatives to report any men in their respective sections not engaged in regular ministerial service who are yet available and competent for such service, only a very few names were forwarded to the office of the Committee. Presbyterial representatives charged with the supervision of vacant fields should promptly and heartily co-operate looking to the retaining in pastoral service of every man who ought to be so engaged. Each man who has been trained for service in the ranks of our ministry constitutes one of the assets of the Church and should be regularly engaged in ministerial work so long as conditions make such service at all possible or advisable. Ministers, however, can distinctly assist in the realization of this ideal by not too definitely limiting the proposed field of service or by attaching too many conditions. Of the men registering in the office of the Assembly's Committee as desiring new fields of labor probably three-fourths express a desire to locate east of Chicago and a much larger number desire locations east of the Mississippi River. While it is true that in this general section we find the great majority of our churches yet a very important part of our work lies beyond this territory, and in many of the outlying regions there is need for well trained leadership, while at the same time in many of these sections there are fields of large and growing opportunity.

The New System

During the year a number of additional Presbyteries adopted the Vacancy and Supply Plan, thus joining the long list of Presbyteries that had previously taken action looking to the establishment of definite and intelligent supervision of all vacant fields. Experience has shown, however, that in some cases at least it is much easier to get the Vacancy and Supply Plan adopted by the Presbyteries than it is to have the Plan properly worked by the Committees of these Presbyteries after it has once been adopted.

The mere adoption of the Vacancy and Supply Plan will in itself accomplish nothing. The Presbytery in adopting the Plan should exercise great care in the choice of its Committee and then see that the Committee chosen for this purpose immediately puts the Plan into operation and actually works the same faithfully, promptly and impartially. Any Presbyterial Committee that does not make an honest and persistent effort to operate the Plan should be removed by the Presbytery and a Committee chosen in its stead composed of men who will seek to realize in actual experience the manifest purpose of the Presbytery in adopting the Plan.

Evidence continues to accumulate that the Vacancy and Supply Plan impartially administered by a competent and faithful Committee of the Presbytery will come more nearly solving in the Presbytery the problem of Vacancy and Supply than anything else yet proposed, and after these years of experience the Assembly's Committee is of the opinion that properly administered by all of the Presbyteries of our

Church the Vacancy and Supply Plan furnishes as nearly a solution for this problem as is likely to be discovered under our Form of Government.

Of course, no system for handling this problem can create an adequate supply of ministers where the supply is not equal to the need nor can any system essentially make over either ministers or churches. But for the purpose intended, namely, to see that the vacant church under proper Presbyterial supervision secures the best minister available and specially adapted to its needs and secures him at the earliest possible date, while at the same time using all possible available men in the work of our Church, experience has abundantly shown that this Plan is a long practical step in the right direction. The fact that the situation in a number of the newer Synods has been simplified by the improved methods and that a number of the leaders of these Synods testify that they have found it less difficult to secure suitable men for the vacant fields, has been a source of increasing gratification to the Assembly's Committee.

Inter-Presbyterial Co-operation

The Assembly's Committee during the past year has had a growing conviction that a great deal of valuable service can be rendered both ministers and churches by the promotion of the spirit of co-operation between Presbyterial Committees located in the same Synod or general section of the country. With this as a primary purpose, during the latter part of the year a series of conferences was arranged for the Central West and East, some including single Synods and others embracing Presbyterial repsesentatives from parts of different Synods located in the same general section. Such conferences were held in Columbus, Ohio, Chicago, Ill., Indianapolis, Ind., Detroit, Mich., and Pittsburgh, Pa., while plans have already been made for three additional conferences to be held in the extreme Eastern section of the country during the last week of April.

The good attendance of Presbyterial leaders and also local church representatives at each of these conferences, the intense interest manifested in every phase of this subject, the general unanimity realized in the conclusions of each conference and the practical results already in evidence in the various sections covered by the conferences, have brought the Assembly's Committee to the conclusion that this program should be continued and that if at all possible in every Synod there should annually be held a meeting of Presbyterial Committees on Vacancy and Supply for a frank discussion of vacancy conditions in the Presbyteries and a mutual interchange of opinion touching the various phases of this difficult but most important problem. Whether held during the same week as the Annual Meeting of the Synod or at some other time, such a conference seems to be highly advisable if not indeed necessary, and the small expense incurred will be a most excellent investment on the part of each and every Presbytery.

Ministers Changing Fields

The General Assembly has given to its Permanent Committee the specific task of supervising "the supply of vacant pulpits and the service of unemployed ministers." In seeking to introduce methods adequate for the proper supply of vacant pulpits it was inevitable that the Committee should encounter not only the "unemployed minister" but the minister who for one cause or another is desirous of finding a new field of service. The Assembly's Committee in the development of its work has therefore found it advisable to deal with both classes. Both are at liberty to register in the office of the Committee as desiring new fields.

During the past year the largest number of men at any one time registered with the Assembly's Committee as desiring new fields was 650 and the smallest number registered at any season of the year was 450. Only a very small proportion of these men were actually without definite fields of service; the great majority were men already engaged in pastoral service but were more or less anxious to locate elsewhere. The above figures indicate something as to the dimensions of the task of the Assembly's Committee and the burdensome character of the work necessarily undertaken by the central office, with a very limited equipment for meeting the demands of the situation.

In the office of the Assembly's Committee is a list of 686 men who during the earlier part of the year were registered as desiring new fields. By the close of the year about 400 of these had found new locations, others had received calls but had declined the same, while a few had reached the conclusion that it was the part of wisdom to remain for a longer period in present locations.

Some Interesting Figures

While the vacancy situation throughout our Church is constantly changing, yet under anything like normal conditions we annually reach the high-water mark in the number of vacant fields probably during the month of January, and the low-water mark is usually reached during the month of July. From Presbyterial reports received during January last 165 Presbyteries of the same general character and all reporting about the same time have been selected for purposes of comparison. As these Presbyteries include all sections of the Church they may be regarded as at least fairly representative.

These 165 Presbyteries report a total of 367 vacant pastorates which include 465 separate congregations; 31 Presbyteries report no vacancies, 39 Presbyteries report but one vacancy each and 28 Presbyteries report but 2 vacancies each, or a total of 98 Presbyteries report but 95 vacancies, none of these Presbyteries having more than 2 vacancies each. A careful study of the records thus shows that a very large proportion of the vacant fields are to be found in a comparatively small number of Presbyteries. While no Committee can govern the number of vacancies that may occur in the Presbytery at any time, yet the above

figures only emphasize the obligation that rests upon every Presbytery to establish and maintain definite and appropriate machinery for the prompt handling of vacancies when they do occur. Such machinery, as already indicated, may be found in the Vacancy and Supply Plan adopted by the Presbytery and faithfully worked by a competent Committee.

A study of ministerial support as related to the above churches is equally interesting. The 367 vacancies included in the foregoing computation offered an average annual support of $1374.00 and 258, or 70 per cent of these, have manses. Among these 367 vacancies were found a total of 88 churches, each furnishing an annual support of $1500 or more, For these 88 larger churches the average annual support proposed was $2044.00, and 52 of these churches, or about 60 per cent, reported manses.

Even more interesting, however, is the fact that among the 367 vacant pastorates were 182 or nearly one-half of the entire number reported as furnishing for pastoral support not more than the equal of $1000.00 and manse. Of these 182 vacant fields an even hundred are accustomed to furnish the equal of $1000.00 and manse and 82 of the fields are reported as furnishing less than $1000.00 and a manse, most of these 82 fields being found in the older Synods occupying the Eastern half of the country. While these figures as to ministerial support are an improvement on those of former years, and indicate conditions better than are found in many other branches of the Church, yet there is still much room for improvement and particularly in view of the present abnormal economic conditions.

Suggestive Testimony

Dr. W. H. Hunter, Superintendent of Home Missions for North Dakota, writes November, 1917—"Recently all fields in my district have been filled, a striking contrast to the condition which existed here before the Plan of Vacancy and Supply was adopted. Then we had more vacancies than we could find men for; now we have more applicants than we can furnish fields."

Letter from Canada—"The Synod of Saskatchewan has overtured the Canadian General Assembly meeting in June for permission to put into operation the Vacancy and Supply Plan of the Presbyterian Church in the U. S. A."

New Jersey Pastor—"I appreciate the fact that it is difficult to move all the men in the Presbyterian Church who desire to be moved, but I am sure that the work of your Committee is greatly appreciated by the men in the field."

Maryland Pastor—"I write to inform you of my receiving and accepting a call. I am sure that your office will commend itself more and more to the Church. It is an agency long needed and now happily established."

New York Pastor—"I want again to express my appreciation of your kindness and my hearty approval of your method of work. I know of nothing more needed today in the Presbyterian Church."

Illinois Pastor—"I wish to thank you for your courtesy and kindness. You certainly did everything one could properly ask and in such a way as to please and win results. I believe that the Presbyterian Church has made a large and substantial advance towards solving the problem of Vacancy and Supply."

With a majority of the Presbyteries operating under the Vacancy and Supply Plan the list of pastorless fields in Pennsylvania, our largest Synod, was reduced 40 per cent between 1912 and 1917, while more than one-fourth of the whole number of vacancies in Pennsylvania in 1917 were found in two Presbyteries not yet adopting the Vacancy and Supply Plan.

Our Church had its largest number of vacancies in 1910 when according to the official records there were 2167 pastorless fields. The Permanent Committee on Vacancy and Supply was appointed by the General Assembly of 1912 and in 1914 submitted to the Presbyteries the Vacancy and Supply Plan. By the close of 1916 as a Church we had 624 less vacancies than in 1910, 454 more ministers serving as pastors or stated supplies on the Home Field than in 1910 and a total of 676 more churches on the Home Field had the regular services of pastors or stated supplies than in 1910.

Resolutions

The General Assembly re-affirms the action of the last four Assemblies in behalf of the establishment of definite Presbyterial supervision of vacant fields and again approves the work of the Permanent Committee on Vacancy and Supply in its efforts to secure the effective operation of the Vacancy and Supply Plan in all of the Presbyteries.

Recognizing anew the need at all times of efficient leadership for the work of our Church, the General Assembly urges that all pastors be faithful in presenting, both privately and publicly, to the young men of their congregations the claims of the Gospel Ministry as a life calling.
